

TRAVEL EXPENSES

I. PURPOSE:

The following guideline establishes policies and procedures for rules governing the eligibility for payment of expenses incurred by City Employees during travel directly related to official business. These rules provide for the payment of travel funds to employees and for the reimbursement of out-of-pocket expenses.

II. RESPONSIBILITY:

- A. The authority for promulgation of rules defining the rates of allowable mileage costs, per diem costs for food and lodging and similar travel expenses rests with the City Manager.
- B. The Finance Department Accounts Payable Division ensures conformity to the procedures as prescribed in this guideline. Normal audit rules will be applied to establish conformance among City Departments.
- C. The Department Directors are responsible for the dissemination of these procedures to all employees. The Department Travel Representatives are responsible for verification and submission of all Travel Forms, whether the Travel Advance Request, the City-Paid Travel Expense Invoice, or the Final Travel Expense Report, with receipts and/or requests for reimbursement to the Finance Department.
- D. The individual employee traveling on official business is responsible for making sure he/she understands this policy and complies with it. Any unusual circumstances or exceptions must be clarified in advance and any deviations must be approved in writing in advance by the Finance Department Director and the Finance Departments Accounts Payable Supervisor.
- E. No expenses for meals or lodging will be allowed for conferences and/or meetings within the Little Rock city limits.
- F. NOTE: Reimburse or reimbursement as it appears anywhere in this procedure, references the fact that detailed documentation must be provided with the final Travel Expense Report.

III. POLICY:

In order to afford employees maximum flexibility in the accomplishment of their assigned tasks, the City of Little Rock will pay travel expenses directly related to official business in accordance with amounts authorized herein. All travel

expenses for employees shall be approved by their Department Director in advance. Travel expenses for Department Directors shall be approved by the City Manager or Assistant City Manager.

IV. PROCEDURE

Department Directors must approve all requests for official travel on the Travel Advance Request (See Appendix B – Travel Forms) prior to the employee's departure. The Department Director will evaluate the impact of travel requests against factors including budget constraints, job-relatedness of traveler's activities and other program considerations.

A. Allowable expenses for official City travel shall be computed according to the following rates:

1. Transportation:

- a) Airline Ticket Payment: Will be made for actual coach costs. The traveler must utilize the Department Travel Purchase Card to purchase tickets. (See Appendix A: Reservations and Documentation). **Transferring tickets is not allowed.** FAA regulations state that tickets must be issued in the traveling employee's full legal name.
- b) Mileage Reimbursement: Reimbursement for the use of a private vehicle is allowable on a per mile basis at the current IRS per mile rate. Trip distances shall be computed (and printed) utilizing Mapquest, or similar software; however, personal vehicle mileage reimbursement shall not exceed the lowest coach airfare available at the time of the travel request (documentation must be provided); nor shall food and lodging expenses be for more than one (1) additional day of travel time to and/or from the destination city. If two (2) travelers elect to ride together in a private automobile, the transportation reimbursement shall be the lower of computed mileage or the combined price of the two (2) airline tickets. Any exceptions to this must have prior approval in writing from the Travelers Department Director.

Reimbursement for utilization of personal vehicles to travel to and from the airport will be one (1) round trip if utilizing airport parking, or two (2) round trips if not utilizing airport parking. Mileage is paid from City Hall or the travelers normal work location to the airport and back. If travel is mandated by the Department Director's written directive on a non-regularly scheduled workday, round-trip mileage from the traveler's home of record is authorized. When two (2) or more travelers from the same Department are attending the same workshop, conference, etc., and the travelers are

driving separate automobiles, the Department Director must provide written approval for the utilization and reimbursement of multiple vehicles.

- c) Taxi Fare: Taxi fare and similar public transportation is reimbursable, with receipts, for all necessary City business related trips. If other than to and from the airport or hotel, a Department Director's written authorization must accompany the receipts.
- d) Rental Vehicles: Reimbursement for the utilization of rental vehicles for official City travel will require written approval from the appropriate Department Director. Written justification for renting vehicles as well as cost estimates for the rental of the vehicle and collision insurance, if the traveler plans to purchase insurance must accompany the Travel Advance Request, or City-Paid Travel Expense Form. Actual costs of mid-sized or smaller vehicles rented from recognized car rental agencies (Avis, Hertz, National, Budget, Dollar, etc.) are reimbursable. When more than four (4) employees are traveling to the same destination, reimbursement for actual costs of renting vans shall be allowed.
- e) Fuel for City-Owned Vehicles: Fuel for City-owned vehicles is reimbursable with receipts. Utilization of City-owned vehicles outside City limits requires written justification from the Fleet Services Department Director.
- f) An employee may choose to extend travel beyond the time required to conduct the business purpose of the travel. Time and expense incurred in excess of the business purpose are the responsibility of the traveler. These arrangements must be approved in advance, in writing, by the traveler's Department Director.

2. Food:

- a) Meal receipts are not required. Allowance for meal expenses will be paid on a daily, or part of a day, basis depending on the departure and return times.
- b) Breakfast allowance is not provided for travel with an initial departure time later than 8:00 AM. Dinner allowance is not allowed for a final arrival time earlier than 6:00 PM.
- c) Per diem rates are used for employee travel meals and incidentals. Travelers are limited to federal per diem amounts categorized as the Meals & Incidental Expenses Rate (M&IE Rate). Incidental expenses of \$5.00 per day will be included on the Tips line of the Travel Advance/Final Expense forms. Travelers will need to visit GSA.gov/travel to calculate the allowance based on the date and location of travel. In cases where a meal is provided by the attended

function, unless the Department Director provides prior written approval, the allowance will not be paid for that meal. (NOTE: Continental breakfasts are not considered the breakfast meal, so the normal breakfast allowance will be paid.)

- d) Department Directors may establish policy within the Department regarding meals for local day trips. Lunch allowances are not provided for travel in Metropolitan Little Rock or North Little Rock.
 - e) The City shall not reimburse the costs of alcoholic beverages.
3. Lodging:
- a) The City will reimburse charges for a single-room rate, taxes and phone calls made on behalf of the City, where it is reasonably expected that a prudent traveler could not return to their residence.
 - b) Lodging reimbursement will be based on the U.S. General Services Administration (GSA) per diem rates or Host Hotels for Conference(s) and/or Meeting(s). Rates are set by fiscal year, effective October 1st, each year. The rates can be found at the GSA website. Any hotels above the GSA and not a host hotel for a conference and/or meeting will require Mayor or City Manager approval prior to traveling.
4. Checked Baggage Fees: Reimbursement is limited to two checked bags per trip. (Receipts are required.)
5. Parking: Expenses incurred for parking are reimbursable. Any airport parking shall be reimbursed at the economy (peanut lot) parking rate. The rate can be found at www.clintonairport.com
6. Other Miscellaneous Expenses/Tips: Business related miscellaneous expenses (i.e., manuals, tapes, publications, etc.) purchased for and becoming the property of the City, may be reimbursed with written Department Director's approval. Unless included in the registration fee, leisure activities are not reimbursable. The employee is responsible for all expenses for family members accompanying any business travel. Incidental expenses of \$5.00 per day will be included on the Tips line of the Travel Advance/Final Expense forms.

Appendix A – Reservations and Documentation

I. PURPOSE:

The City of Little Rock no longer utilizes a dedicated travel agency to obtain travel reservations/tickets for official travel. This responsibility now rests on the individual traveler, Department Travel Representative, and the Department Director.

II. POLICY:

Travelers/Travel Representatives shall obtain the best available airfare by reserving tickets as soon as possible by purchasing a nonrefundable, nontransferable ticket. Best prices are obtained by purchasing the tickets at least fourteen (14) days prior to travel. These tickets cannot be refunded, and any changes usually cost \$150 or more and must be made prior to scheduled departure date and time, or the ticket has no value. Airline policies change frequently; check with your airline to be sure of all policies in effect at the time of travel.

III. PROCEDURE

- B. Gather information and complete the Travel Advance Request and get any required authorizations. (Mayor or City Manager must sign off if Lodging is above the per diem rate and is not a host hotel for a conference and/or meeting. Department Director must sign the Travel Advance Request before the Accounts Payable Division can process.) (See Appendix B: Travel Forms, for information on how to fill out form)
- C. Utilize websites or call the respective airline to determine the best time and cost of travel. (All major airlines and several specialty companies have sites for comparison.) Print, or list, all travel information, i.e., Airline, Flight, Departure/Arrival Time, Record Locator, etc., for travel forms and utilize the Department Travel Purchase Card for ticket purchase. (See Appendix B, Travel Forms for information on how to fill out form)
- D. Most hotels now require a credit card to reserve rooms. Reservations can be placed by calling the hotel directly or by making the reservation online. If the hotel requires a credit card to reserve the rooms, utilize the Department Travel Purchase Card. If the room rate is above the GSA per diem and is NOT a host hotel for a conference and/or meeting, the Mayor or City Manager must sign off on the Travel Advance Request. Print the room rate + tax information and attach for documentation. (See Appendix B, Travel Forms for information on how to fill out form)
