4. Contractor's Representations. In order to induce Owner to enter into this Agreement, Contractor makes the following representations:

Contractor has studied carefully all reports of explorations and tests of subsurface conditions and drawings of physical conditions, and accepts the determination of the extent of the technical data contained in such reports and drawings upon which Contractor is entitled to rely.

Contractor has obtained and carefully studied, or assumes responsibility for obtaining and carefully studying, all such examinations, investigations, explorations, tests, reports and studies, in addition to or to supplement those referred to in this Paragraph 4, which pertain to the subsurface or physical conditions at or contiguous to the site or otherwise that may affect the cost, progress, performance or furnishing of the Work as Contractor considers necessary for the performance or furnishing of the Work at the Contract Price, within the Contract Documents. The Contractor recognizes that time is of the essence in completing the Work and that the Owner will suffer financial loss if the Work is not completed within the time frame set forth in the Contract Documents. If the Contractor fails to complete the Work within the time limit herein specified, the Contractor shall pay to the Owner, as Liquidated Damages, and not in the nature of a penalty, the sum of **\$280.00** for each consecutive calendar day delayed as hereinafter provided in the Special Conditions, it being understood and agreed between the parties hereto that the said sum fixed as Liquidated Damages is a reasonable sum, considering the damages that Owner will sustain in the event of any such delay, and said

amount is herein agreed upon and fixed as Liquidated Damages because of difficulty of ascertaining the exact amount of damages that may be sustained by such delay.

7. **Contract Price:** The maximum Contract Price payable by the Owner to the Contractor shall be \$ [REDACTED], except as authorized by the City Manager in writing, by the Owner's Board of Directors, when necessary or required, and by a duly executed Change Order. 10. Owner and Contractor each binds themselves, their partners, successors and legal representatives to the other party hereto, their partners, successors, assigns and legal representatives in respect of all covenants, agreements and obligations contained in the Contract Documents.

13. **The Contractor will not unlawfully discriminate against any employee or applicant for employment on the basis of race, color, creed, religion, sex, national origin, age, disability, marital status, veteran status, sexual orientation, gender identity, or genetic information. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and agrees to post in conspicuous places, available to employees, such notices as may be provided by the Owner setting forth the provisions of this non-discrimination clause.**

18. Independent Contractor: It is expressly agreed that Contractor is acting as an independent contractor in performing the services specified herein. The Owner shall carry no workers' compensation insurance, health or accident insurance to cover the Contractor or Contractor's employees for any type of loss which might result to the Contractor or the Contractor's employees in connection with the performance of the Work set forth in this Agreement. The Owner shall not pay any contribution to Social Security, unemployment insurance, federal or state withholding taxes, nor provide any other contributions or benefits which might otherwise be expected in an employer-employee relationship, it being specifically agreed that the Contractor is not acting herein as an employee of Owner, but shall, at all times, and in all respects, have the rights and liabilities of an independent contractor.
19. Severability: In the event any section, subsection, subdivision, paragraph, subparagraph, item, sentence, clause, phrase, or word of the Contract Documents is declared or adjudged to be invalid or unconstitutional, such declaration or adjudication shall not affect the remaining provisions of the Contract Documents, as if such invalid or unconstitutional provision was not originally a part of the Contract Documents.
20. The statute of limitation period shall be tolled for any fraudulent act committed by the Contractor that the Owner cannot discover upon due diligence.

23. Nothing stated within the Contract Documents shall be construed as limiting the Owner's immunity from liability in tort.
24. The Owner does not agree with or consent to arbitration or mediation of disputes relating to this Agreement or Project.
25. To the extent not covered by insurance, the Contractor agrees to indemnify and save harmless the Owner, its officers, agents and employees from:
 - (A) Any claims or losses for services rendered by any subcontractor, person or firm performing or supplying services, materials or supplies in connection with the performance of this Agreement; and
 - (B) Any claims or losses resulting to any person or firm injured or damaged by the actions of the Contractor or the Contractor's employees, including disregard of federal and state statutes or regulations, in the performance of this Agreement.

The Contractor further agrees to include in any contract with a subcontractor, person, or firm performing or supplying services, materials or supplies in connection with the performance of this Agreement a clause by which such subcontractor, person, or firm agrees to indemnify the Owner, its officers, agents and employees from claims or losses resulting from the actions of such subcontractor, person or firm.

26. The Contractor shall ensure that the Owner receives lien waivers from all subcontractors, sub-subcontractors and material suppliers before final payment to the Contractor.
27. No Waiver of Enforcement of Contract Provisions: Failure of the Owner to enforce at any time any of the provisions of this Agreement, or to require at any time performance by the Contractor of any of the provisions hereof, shall in no way be construed to be a waiver of such provisions, nor in any way to affect the validity of this Agreement, or any part thereof, or the right of the Owner to thereafter enforce each and every such provision.

28. Entire Agreement: The Contract Documents contain the complete and entire agreement of the parties respecting the transactions contemplated herein, and supersede all prior negotiations, agreements, representations, and understandings, if any, among the parties regarding such matters. Dear Ms. Nicolo:

In response to your request, enclosed is Arkansas Prevailing Wage Determination Number 14-539 establishing the minimum wage rates to be paid on the above-referenced project. These rates were established pursuant to the Arkansas Prevailing Wage Law, Ark. Code Ann. §§ 22-9-301 to 22-9-315 and the administrative regulations promulgated thereunder.

If the work is subject to the Arkansas Prevailing Wage Law, every specification shall include minimum prevailing wage rates for each craft or type of worker as determined by the Arkansas Department of Labor Ark. Code Ann. § 22-9-308 (b) (2). Also, the public body awarding the contract shall cause to be inserted in the contract a stipulation to the effect that not less than the prevailing hourly rate of wages shall be paid to all workers performing work under the contract, Ark. Code Ann. § 22-9-308 (c).

Additionally, the scale of wages shall be posted by the contractor in a prominent and easily accessible place at the work site, Ark. Code Ann. § 22-9-309 (a).

Also enclosed is a "Statement of Intent to Pay Prevailing Wages" form that should be put in your specifications along with the wage determination.
