STATE, COUNTY, and MUNICIPAL TAXES

Income Tax

- The State of Arkansas levies an income tax that is comparable to that of the federal income tax system. Annual state income tax returns are due at the same time that Federal returns are due, April 15th. For any information on State of Arkansas income taxes, please contact the Arkansas Department of Finance and Administration Income Tax Section, P.O. Box 3628, Little Rock, AR72203-3628, (501) 682-1100.
- Pulaski County does not levy an income tax.
- The City of Little Rock does not levy an income tax.

Sales & Use Tax

- The sales and use tax rate for the State of Arkansas is 6.5% imposed on sales of tangible personal property and various types of services. Food and food ingredients are taxed at a reduced rate of 1.50%. The Department of Finance and Administration strongly enforces the use tax on purchases made out-of-state when no sales tax has been paid to another state. If you purchase goods from the Internet, catalogs, television shopping networks or other out-of-state businesses and did not pay state and local sales tax at the time of the purchase, you must report and pay the 6.5% state rate and any local taxes directly to the state. Payment is remitted to the State of Arkansas, Department of Finance and Administration. Visit their website at <http://www.dfa.arkansas.gov>.

Local Sales Taxes

- Pulaski County levies a 1.0% sales tax on goods and services purchased in the county. This tax is remitted directly to the State of Arkansas, Department of Finance and Administration. The distribution is based on the Little Rock population as a percent of Pulaski County's total population. The City of Little Rock receives a pro-rata share of approximately 51% of this tax.
- The City of Little Rock levies a 1.5% sales tax on goods and services purchased in the City. This local tax is remitted directly to the State of Arkansas, Department of Finance and Administration by vendors collecting the tax. The 1.5% tax includes 1.125% for

general operations and a temporary ten (10) year 0.375% for designated capital projects. The capital portion of the tax is applicable from January 1, 2012 – December 31, 2021.

Local Tax Cap

- Local taxes are capped at \$25.00 per each 1% of tax assessed per “single transaction”. In other words, local tax rates are only applied to the first \$2,500 of any single transaction. For individuals, the local tax cap applies only to sales of motor vehicles licensed for highway use, aircraft, watercraft, and manufactured housing, which are licensed at the County revenue office. Sellers will collect state, city and county taxes at their full rate on the invoice total for all other types of merchandise and sales of services. However, businesses, governmental agencies and non-profit organizations may claim a rebate for sales taxes paid in excess of the local cap on the monthly sales-tax reports filed with the State of Arkansas.
- ATV's and other off-road vehicles and off-road motorcycles are not motor vehicles for highway use and are not eligible for the local tax cap.

Property Taxes

- Counties, cities and school districts are authorized to impose ad valorem taxes on real and personal property. The Pulaski County Treasurer's Office collects most property taxes. Property tax dollars support public schools and the services provided by local governments.

Residential Property

- Taxes are calculated by multiplying the “taxable value” (20% of the appraised value established by the Assessor) times the millage rate. A mill represents 1/10th of a cent. The millage rate in Little Rock, Arkansas is 70.10 mills with an effective tax rate of 1.40%.

Based on a \$200,000 owner-occupied residence assessed at 0.7010 millage rate, the property taxes would be \$2,804.

If you have established a one-year residency and you are 65 years of age or older, legally blind or permanently and totally disabled, you are eligible for a homestead exemption of \$350.

Personal Property Taxes

- Personal property taxes are collected annually on cars, motorcycles, recreational vehicles, boats and airplanes based on values listed in the Department of Finance and Administration publications. The value of your asset is multiplied by the assessment ratio to determine the assessed value. The applicable millage rate is multiplied by the assessed value of your vehicle to determine the amount of personal property tax that you owe.
- Contact the Pulaski County Assessor's Office at (501) 340-6190 with any questions about real estate or personal property taxes.
