Ms. Lenehan distributed handouts from the audit report that was related to the issue. Ms. Lenehan stated that in regards to the Firemen’s Pension and Relief Fund (FPRF), the audit report stated that as of December 31, 2009, the most recent actuarial valuation date, the FPRF was 48% funded. Ms. Lenehan stated that in 2009, 40% of the Annual Pension Cost (APC) was contributed, and the APC was $11,077,509. Ms. Lenehan stated that the revenues that come into the Fund are primarily from the mil Property Taxes and the Pension Turnback Funds; however, they have not grown to keep pace with the benefit increases and the cost-of-living adjustments. Due to the fact that the City has not been able to make supplemental contributions, the cost continues to grow; however, the revenue coming into the Fund does not. Ms. Lenehan stated that at a recent Pension Review Board Meeting, there was discussion regarding the assumed interest rate that would be utilized in the calculations and in the past with the plan, based on the earnings, the rate had been 7%. The rate was decreased due to the significant loses that were incurred in 2008; therefore, the assumed rate of return was decreased to 5%.

9. Other Business:
   A. Certified DROP Rate of Interest: Ms. Lenehan stated that on July 8, 2010, each of the pension funds received their certified DROP rate of interest from the PRB. Ms. Lenehan stated that when the rates were received, they were quite a bit less than what was expected. Ms. Lenehan stated that when Mr. Jody Carreiro completed the evaluation, he had utilized a five (5)-year “smoothing” in computing the rate; however, at the March 2009 PRB Meeting, the rules were clarified for calculation of interest in utilizing the certified rate, the minutes reflect that the previous market rate of return was to be utilized. Ms. Lenehan stated that subsequent to the initial letter that announced the DROP rate, staff received an additional letter stating that the issue would be discussed at the September 1, 2010, PRB Meeting. Ms. Lenehan stated that as of that moment, they did not have a certified rate for Fire Pension.
B. Posting of Meeting Minutes: Mr. Moore stated that he had received correspondence from a Fire Pension Member regarding the meeting minutes posted on the City’s website and that fact that in the past, the minutes were sent out to a distribution list. Ms. Langley stated that the standard practice was to not post the minutes on the website until the Board had approved them and that she was not aware of any type of list for the distribution of the minutes. After discussion, the Board stated that the minutes should be posted online following approval and that copies of the minutes should not be distributed before approval.

Mr. Reep made the motion, seconded by Mr. Jacks, to adjourn the meeting. By unanimous voice vote of the Board Members present, the meeting was adjourned at 9:35 AM.
