Land Bank Property Program for
City of Little Rock Employees and Little Rock School District Employees

The mission of the Little Rock Land Bank Commission is to reverse blight, increase home ownership and stability of property values, provide affordable housing, improve the health and safety of neighborhoods within the City of Little Rock, and maintain the architectural fabric of the community through study, acquisition, and disposition of vacant, abandoned, tax-delinquent, and City-lien property while collaborating with citizens, neighborhoods, developers, non-profit organizations and other governmental agencies.

In an effort to stabilize the City's transitional neighborhoods and promote neighborhood cohesion through home ownership, the City of Little Rock Land Bank has implemented a program in which the City provides properties held by the Land Bank to income-eligible City of Little Rock Employees and Little Rock School District Employees at no cost for development of their primary residence.

Under this program, the disposition of these properties by the Little Rock Land Bank shall be guided by the following land transfer policies:
