## SIDEWALK CONSTRUCTION PROGRAM

- The program was started in early July with the hiring of 10 individuals identified through the Prevention, Intervention and Treatment Program.
- The new hires went through a week long training program on various employment and life skills and concluded training with an overview of job related construction techniques that were then implemented in the field.
- To date the crew has had a retention rate of 90% and has constructed a total of 6,570 sq feet of sidewalk located on 18<sup>th</sup>, 19<sup>th</sup>, Marshall, Louisiana and Spring Streets.
