OUR GOAL IS TO PROVIDE A SAFE AND HEALTHY ENVIRONMENT IN LITTLE ROCK PARKS BY RECRUITING AND TRAINING VOLUNTEER PARK RANGERS TO ACT AS AMBASSADORS OF THE CITY RESULTING IN THE IMPROVEMENT OF THE PARK EXPERIENCE FOR VISITORS AND CITIZENS.

THE NEED

Green spaces – particularly city parks – are underutilized and, in some cases, in need of maintenance and preservation. With limited resources, Little Rock Parks and Recreation oversees and maintains in excess of 6,100 developed and undeveloped acres of land devoted to parks. Park visitors and maintenance needs vary from park to park. Volunteer Park Rangers will support and enhance public awareness of the unique and valuable eco-systems in our city parks.

VOLUNTEER PARK RANGERS

Little Rock citizen-volunteers have come forward to offer their assistance in maintaining and renewing Little Rock’s park assets. This initiative will provide a framework for increased volunteerism by adults in new opportunities for service.

Volunteers participating in the Little Rock Volunteer Park Ranger Program are asked to volunteer four to six hours a week. Volunteer Park Rangers will receive formal and on-the-job training in dealing with:

- the public
- park area orientation
- traffic control
- park patrol procedures
- EMS “first responder” training
- CPR and the use of automated external defibrillators
- participate in public engagement training
- training in flora and fauna identification

Rangers will be issued and wear a uniform and appropriate equipment which will be provided by the city. As Ambassadors of the city they will maintain a high level of public service, reliability, integrity and ethics. Volunteer Park Rangers will be trained to identify and communicate routine and emergency park maintenance needs to Little Rock Parks & Recreation staff.
