Re: North Bryant Street - from Cantrell  
Road to North Hughes Street

Dear Sir or Mam:

If this letter is not directed to the proper place, I will appreciate your forwarding it to the proper party.

Alleulia! That is the best way I can describe our reaction to the No Parking at Any Time signs you have placed on North Bryant. We have lived at this address since 1963, and I have tried unsuccessfully several times to have parking restricted on North Bryant. I have worried about children "darting out" from between the cars, poor parking, difficult passageway, etc.

My wife and I use the street often, and we thank you for your good judgment by restricting the parking. We believe it is a very basic safety factor in handling the traffic.

We extend our sincere thanks to you. And, now..... enforcement? Good luck!

With great gratitude, I am

Sincerely yours,

Bob
