SEPARATE ITEM (Item 14)

14. RESOLUTION NO. 15,326: To request that the State of Arkansas provide $3,000,000.00 in Cares Act Funds to the City of Little Rock to assist the Little Rock Convention and Visitors Bureau; and for other purposes.

Gretchen Hall: Ms. Hall stated that on a continual basis, the City of Little Rock and Pulaski County created approximately 25% of the State’s total travel and tourism spending. Ms. Hall stated that in 2019, $1.8 Billion Dollars in travel spending was generated in Pulaski County, and 542 events were hosted in various facilities in the downtown area, with over 620,000 out of town guests in attendance. In addition, Ms. Hall stated that prior to the COVID-19 Pandemic, Little Rock Convention and Visitors Bureau (LRCVB) Staff had secured 374 future meeting and events. Ms. Hall stated that
the impact of the COVID-19 Pandemic had been extremely detrimental to the travel and
tourism industry. Ms. Hall reported that since March 12, 2020, LRCVB had experienced
239 event cancellations, several spanning into 2022, and there were thirty-eight (38)
events listed as postponements. As a result, LRCVB had deferred over $2 Million
Dollars in capital improvements, permanently reduced staff by 30%, with an additional
10% on partial or full furlough, and the estimated revenue reduction for 2020 was
approximately $7 Million Dollars. Ms. Hall stated that due to the fact that LRCVB was a
governmental agency, they had not been eligible for any the funding and relief programs
on the Federal or State level. However, with the recent $50 Million Dollar State CARES
Act appropriation that had been approved by the Arkansas Legislative Council, several
expenses such as payroll, utility costs for the various facilities, facility maintenance
contracts, annual debt service, telephone and internet service, vehicle insurance,
Personal Protective Equipment (PPEs) and technology costs associated with shifting
several of their operations into the virtual environment, had been deemed eligible.

Director Peck stated that the impact that the tourism industry had on Little Rock and
Pulaski County was significant and it was important to continue to work to bring visitors
back to Little Rock.

Director Fortson made the motion, seconded by Director Hines, to approve the
resolution. By unanimous voice vote of the Board Members present, the resolution
was approved.

CITIZEN COMMUNICATION

Johnny Hasan: Ordinance No. 21,561
Belinda Jeffries: Murphy-Jeffries Building.
Teri Jeffries: Murphy-Jeffries Building.
Kerri Hodge: Requesting a Neighborhood Park.
Patricia Blick: Save the Murphy-Jeffries Building.
Luke Skrable (via e-mail): (City Attorney Tom Carpenter stated that the purpose of Citizen Communication was to bring matters before the Board that were not otherwise on an agenda. City Attorney Carpenter stated that Mr. Skrable’s correspondence was in regards to the upcoming election and candidates that he did not think should be voted on; therefore, it was not an issue that would come before the Board and was not appropriate for Citizen Communication).

Director Wright asked what the procedure would be to remove the Murphy-Jeffries Building from the Demolition List. Mayor Scott stated that a member of the City Board would have to request that an amendment be made to the original ordinance that approved the property for demolition. Director Wright stated that she would like to make the amendment to remove the building from the Demolition List. City Manager Bruce Moore stated that based on the Board’s rules, the amendment would be placed on the November 17, 2020, Board Agenda.

DISCUSSION (Item 26)

Intergovernmental Relations Manager Emily Cox reported that the City’s CARES Act allocation from the State was $7.6 Million Dollars. Ms. Cox stated that the City had accrued expense related to the COVID-19 Pandemic that were not included in the 2020 Budget, such as: technology upgrades for employees to telework and for virtual meetings; reconfiguration of existing office work spaces to allow for social distancing; upfitting HVAC Systems to include ionization and UV lighting for air quality purposes; deep cleaning City facilities; 25% Match for FEMA costs; Workers’ Compensation and Unemployment Insurance; improvement of broadband capability in targeted public spaces; purchase of hot spots for K-12 Students; feeding programs with homeless providers; and alternative response vehicles for the Little Rock Fire Department.
Finance Director Sara Lenehan stated that the Original 2020 Adopted Budget for General Fund Revenues was $212,125,253.00, and the Amended Budget forecast was $204,039,253.00. Ms. Lenehan stated that a net reduction to General Fund revenues of $8,086,000.00 was proposed, primarily due to the impact of the COVID-19 Pandemic, and the Budget Amendment would be voted on at the November 2, 2020, Board Meeting.

**Property Taxes:** Ms. Lenehan reported that the original charge received from Pulaski County and the 2020 Adopted Budget included a 4% increase in Property Tax revenues, and actual year-to-date revenues collected through September were comparable to the same period one (1)-year ago, but were slightly below budget.

**Sales Taxes:** Ms. Lenehan stated that although COVID-19 had a significantly negative impact on Sales Tax revenues from restaurants, bars and categories associated with tourism and hospitality, the comparison of the results to the prior year through June included a boost from the collection of the Internet Sales Tax. Through July, the County Sales Tax was 3.21% above budget and 2.85% above the same period a year ago. The Budget Amendment would reflect the favorable results through July, partially offset by a decline of 1% in comparison to the prior year for the remainder of the year. City Sales Tax has decrease 0.59% through July and the Budget Amendment would anticipate a decline of 3.5% for the remainder of the year.

**Licenses and Permits:** Ms. Lenehan reported that Business Licenses were primarily collected at the first of the year; however, there was a slight reduction in collection anticipated over the remainder of the year. Mixed Drink Licenses had been significantly impacted by the closure and conditional reopening of restaurants and bars due to COVID-19, and the Budget Amendment would reflect lost revenue year-to-date and continued lower revenues for the remainder of the year associated with reopening restrictions and capacity. Building and Related Permits have remained strong due to economic development, but have experienced a reduction in comparison to budget due to COVID-19 impacted delays in construction.

**Intergovernmental Pension Turnback Revenues:** Ms. Lenehan stated that Pension Turnback Funds were received in July from the State, and the Budget Amendment would reflect the difference between the 2020 Adopted Budget and actual receipts. The increase were tied to an increase in covered Public Safety Payroll and the Local Police & Fire Retirement System (LOPFI) portion was attributed to Police and Fire Members of the LOPFI Plan and was intended to offset approximately 40% of the pension cost. The portion attributed to the closed plans would be passed directly through to the closed plans along with other dedicated revenues to pay down the unfunded liability.

**Charges for Services:** Ms. Lenehan reported that Charges for Services for all parks and tourism related activities had been most impacted by the COVID-19 closures. The Little Rock National Airport reimbursement for Police and Fire Services was slightly above the original budget projection. The 911 salary reimbursement had been increased due to the legislative change in 911 Fees, which increased funding available for 911 Services. School Resource Officer Charges decreased due to school closures as a result of the COVID-19 Pandemic.

**Fines and Fees:** Ms. Lenehan stated that revenues from fines and fees had also been impacted by COVID-19 closures, as the Courts closed in mid-March and have only received resumed. In addition, fewer tickets were issued as individuals stayed at home while schools and business closed to reduce the spread of COVID-19.

**Franchise Fees:** Ms. Lenehan reported that Electric and Gas Franchise Fees had decreased due to a milder than anticipated winter and summer weather. In March, the
City received notice that Entergy Corporation filed an adjustment with the Public Services Commission to reduce the Energy Cost Recovery Rider. The adjustment, which began in the first billing cycle of April 2020 and will run through March 2021, was expected to reduce energy cost by 3% - 7% in comparison to 2019. This would reduce the Franchise Fee forecast originally provided by Entergy by an additional $500,000.00. Water reclamation revenues have been lower than anticipated due to temporary restaurant and business closures.

Other Revenues: Ms. Lenehan stated that miscellaneous revenues had increased slightly, partly due to insurance and workers’ compensation reimbursements. Investment income was expected to decrease due to lower interest rates and increased COVID-19 and grant expenditures.

Pension Dedicated Revenues: Ms. Lenehan stated that revenues dedicated to the closed Police and Fire Pension Plans were included in the variances, and the Budget Amendment for those revenues would be offset by a like adjustment to the pension contributed to the closed plans.

Ms. Lenehan reported that a total net revenue reduction of $8,086,000.00 would be included in the proposed Budget Amendment. Ms. Lenehan stated that the General Fund adjustment would include a reduction to Fire salaries associated with the CARES Act reimbursement request, transfers out to offset other unbudgeted COVID-19 expenditures and other expenditure adjustments that had occurred since the adoption of the budget. In addition, the Budget Amendment would include revenue and expenditure adjustments to the Street Fund, Fleet Fund, Vehicle Store Fund, Waste Disposal Fund, and the Parking Garage Fund.

Mayor Scott adjourned the meeting.
