### BACKGROUND
The applicant is requesting a rezoning of the site from C-3, General Commercial District to Planned Commercial Development to allow the placement of signage inconsistent with signage allowed in the Chenal/Financial Center Design Overlay District (DOD).
The DOD allows for the placement of a single monument-style sign per parcel, except when the parcel fronts on two (2) different streets upon which one (1) sign per street frontage is allowed.

The site plan indicates the placement of a single sign per parcel along Chenal Parkway. The signs are proposed with a maximum height of eight (8) feet and a maximum sign area of 100 square-feet. The plan also includes the placement of a development sign on Kirk Road. The development sign is proposed with a maximum height of eight (8) feet and a maximum sign area of 100 square-feet.

Please see the attached Planning Commission minute record and site plan for the applicant’s specific development proposal and the staff analysis and recommendation.
