As the In-Car and Body Worn Camera data storage requirements grew and new versions of management software evolved, LRPD, in conjunction with Motorola Solutions, Inc., transitioned to cloud storage of all captured video.</p>	

**BACKGROUND  
CONTINUED**

Cloud storage proved to be very beneficial and Motorola initially absorbed the cost of cloud storage; in order to continue to utilize In-Car and Body Worn Camera Systems, LRPD must now begin paying for the required cloud storage. Failure to complete the purchase will result in the inability to utilize Mobile Video Recorders and Body Worn Cameras.
