ORDINANCE NO. ______

AN ORDINANCE TO AMEND LITTLE ROCK, ARK., REV. CODE § 2-243 (a)(2)(w) (1988) TO ALLOW GREATER FLEXIBILITY FOR THE PURCHASE OF BROADBAND EQUIPMENT AND SERVICES; AND FOR OTHER PURPOSES.

WHEREAS, the City, in Little Rock, Ark., Ordinance No. 20,148 (August 18, 2009), determined that broadband services could be bid based upon qualifications instead of simply the lowest responsible and responsive price to assure that any equipment the City needed could be easily made a part of the City’s broadband and information technology systems; and,

WHEREAS, it is still important to accomplish this objective, but from time to time aspects of a broadband services bid can be subjected to competitive price bidding without the creation of interconnection problems for the City; and,

WHEREAS, when such a bidding package is appropriate, the City Manager can approve that all or part of the bidding package proceed as a price bid, a qualifications bid, or a mixture, after consultation with the relevant department heads about the scope of the immediate project;

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF DIRECTORS OF THE CITY OF LITTLE ROCK, ARKANSAS:

Section 1. Little Rock, Ark., Rev. Code § 2-243 (a)(2)(w) (1988), is hereby amended to read as follows:

(w) Broadband services provider, except when the City Manager has authorized that all or part of a bid package for such services, equipment, or material, is to proceed on a bid for the lowest responsible and responsive bidder.
