Funds are available in Acct # 326459-TS45A12</p> <p>Approval of resolution.</p> <p>Numerous meetings with citizens have led to the passage of 2011 tax vote that appropriated funding for the construction of the West Central Community Center.</p> <p>SBA Communications Corporation leases the fiber optic easement and a cell tower site on West Central Community Center Park property. In order that construction room is made to build the new community center, it is required that the existing fiber optic line be relocated. Once this work is complete, then construction that pertains to that affected area may start. Staff supports this request.</p>
