FISCAL IMPACT	<p>Funds for this purchase are allocated in the Fleet Fund Balance Account.</p>	
RECOMMENDATION	<p>Approval of the resolution.</p>	
CITIZEN PARTICIPATION	<p>N/A</p>	
BACKGROUND	<p>The current fueling system is outdated and updates and replacements of this system would cost considerably more than replacing with Fuel Master through The Southern Company. The Southern Company is a soul source vendor for the Fuel Master system, which is currently in use at the City's CNG fueling station. This new system will considerably reduce the down time of our fueling stations and create consistency throughout our stations.</p>
