**SYNOPSIS**
A resolution to amend Resolution No. 14,872 (October 1, 2018), and to authorize the City Manager to modify the contract with Garver, LLC, to Engineering Services for the West 4th Street Drainage and Street Improvement Project, from Valentine Street to Martin Street.

**FISCAL IMPACT**
The additional amount is not to exceed $101,773.00, for a total revised contract amount of $633,312.00. Funding for this project is from the ¾-Cent Capital Improvement Sales and Compensating Use Tax Funds and the Limited Tax Obligation Capital Improvement Bonds as authorized by Resolution No. 14,803, Account No. B3B0071.

**RECOMMENDATION**
Approval of the resolution.

**BACKGROUND**
After completing 60% of the Design Plans and meeting with affected residents, it was determined that substantial revision to the project design was necessary to mitigate the substantial impacts of construction on neighboring residents. The amendment will provide for the re-routing of drainage to reduce these impacts.
BACKGROUND
CONTINUED

Detailed plans, specifications and environmental clearances by a qualified engineering firm are required for the project. Garver, LLC, has specific knowledge of the project requirements.
