

**OFFICE OF THE CITY MANAGER
LITTLE ROCK, ARKANSAS**

**BOARD OF DIRECTORS COMMUNICATION
SEPTEMBER 2, 2025 AGENDA**

Subject: A resolution to authorize the City Manager to enter into a contract with Alliance Technical Group to develop a Wetlands Management Plan for the Fouche Creek Watershed. Submitted By: Public Works Department	Action Required: Ordinance √ Resolution	Approved By: Delphone Hubbard City Manager
SYNOPSIS	Authorizes the City Manager to execute a contract with Alliance Technical Group to develop a Wetlands Management Plan for the Fourche Creek Watershed.	
FISCAL IMPACT	Funding for this project is from the Wetland Development Grant with funds available from Account Activity G40DF242.	
RECOMMENDATION	Approval of the resolution.	
BACKGROUND	On September 24, 2024, the City of Little Rock was awarded an Environmental Protection Agency Wetland Program Development Grant, which provides funding for a Wetlands Management Plan (WMP). The WMP will provide guidance for wetland impact and threat assessment, flood control, public outreach, and education activities related to protecting and improving the Fourche watershed. The City issued Bid No. 3037, and Alliance Technical Group was selected by an approved selection committee as the most qualified firm to provide services.
