D. Staff Analysis:

The R-2 zoned property is located at 2424 N. Grant Street. The applicant states that the plan is necessary to provide for garages to accommodate three vehicles due to site conditions.

Section 36-254(d)(3) states "There shall be a rear yard setback having a depth of not less than twenty-five (25) feet." Therefore, the applicant is requesting a variance

to allow the extension of the primary structure into the rear yard setback reducing the setback to no less than 3-feet.

Staff is supportive of the requested variances. Staff views the requests as reasonable. The reduction of the rear yard area for the covered patio and garage structure is similar to development patterns in the area. Staff believes that the requested variance will have no adverse impact on the surrounding properties.

E. Staff Recommendation:

Staff recommends approval of the requested variance, subject to the descriptions and any conditions in the “staff analysis”.
