

Employee Notification System

The City of Little Rock currently utilizes an emergency notification system to send important information, such as City office closures inclement weather information and emergencies both of a natural and man-made nature, etc. With the emergency notification system you can receive information sent via phone call to landline, text and call to mobile, or email within minutes. Participation is completely voluntary. This service is free depending on the texting package you have with your cellular carrier.

NOTE: You MUST have AT LEAST one telephone number in order to utilize the notification system.
