# **INTRODUCTORY** SECTION

(This Page Intentionally Left Blank)

FROM THE DESK OF Mayor **Frank Scott, Jr.** 

July 11, 2025

To the Members of the Little Rock City Board of Directors and the Residents of the City of Little Rock:

State Law allows municipalities the option of publishing a complete set of financial statements presented in conformity with Generally Accepted Accounting Principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants and the Board of Directors exercised that option. Accordingly, we hereby issue the Annual Comprehensive Financial Report of the City of Little Rock for the fiscal year ended December 31, 2024.

This report consists of Management's representations concerning the finances of the City of Little Rock. Consequently, Management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, Management of the City of Little Rock has established a comprehensive internal control framework designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Little Rock's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Little Rock designed the comprehensive framework of internal controls to provide reasonable assurance that the financial statements will be free from material misstatement. As Management, we assert that this financial report is complete and reliable in all material respects to the best of our knowledge and belief.

The City of Little Rock's financial statements have been audited by Forvis Mazars, LLP a firm of licensed Certified Public Accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Little Rock for the fiscal year ended December 31, 2024, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles utilized and significant estimates made by Management, and evaluating the overall financial statement presentation. Based upon the audit, the independent auditors concluded that there was a reasonable basis for rendering an unmodified opinion that the City of Little Rock's financial statements for the fiscal year ended December 31, 2024, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City of Little Rock was part of a broader, federally mandated "Single Audit" designed to meet the special needs of Federal Grantor Agencies. The standards governing Single Audit engagements require the independent auditors to report not only on the fair presentation of the financial statements but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are included in the City of Little Rock's Annual Comprehensive Financial Report.

GAAP requires that Management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Little Rock's MD&A can be found immediately following the report of the independent auditor.

#### Profile of the Government:

The City of Little Rock, incorporated in 1831, is located in the central part of Arkansas and is considered one of the State's top growth areas. The City of Little Rock currently occupies a land area of 123 square miles and serves a population of 202,591, based on the 2020 census. The City of Little Rock is empowered to levy a property tax on both real and personal properties located within its boundaries. In addition, the City is empowered by State Statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the governing body.

The City of Little Rock has operated under the City Manager form of government since July 27, 1993. Policy-making and legislative authority are vested in a governing council consisting of the Mayor and ten (10) other members. The governing board is responsible for, among other things, passing ordinances, adopting the budget, and ratifying the hiring of both the City Manager and City Attorney. In accordance with Ordinance No. 19,791, adopted June 12, 2007, and by approval of voters at an election held on August 14, 2007, the Mayor is the full-time Chief Executive Officer of the City, with authority over issues such as preparation of the City Budget, Board and Commission appointment authority, and veto power. The Mayor provides direction and assigns duties to the City Manager, who serves as the City's Chief Administrative Officer. The City Board of Directors are part-time and elected on a non-partisan basis.

The City of Little Rock provides a full range of services, including Police and Fire protection, the construction and maintenance of streets and other infrastructure, and recreational activities and cultural events. Several services are provided through separate Boards and Commissions, which act as a component of the City of Little Rock and have been included as an integral part of the City of Little Rock's financial statements. Additional information regarding the discretely presented component units can be found in the notes to the financial statements (See Note 1).

The Annual Budget serves as the foundation for the City of Little Rock's financial planning and control. All Departments of the City of Little Rock are required to submit requests for

appropriation to the Mayor and the City Manager. The Mayor and the City Manager then present a proposed budget to the Board of Directors for review. The Board of Directors must hold public hearings on the proposed budget and adopt a final budget on or before December 30<sup>th</sup> for the ensuing year. The appropriated budget is prepared by fund, function (e.g., public safety), and Department (e.g., Zoo), which is the legal level of control. Department Directors may make transfers of appropriations within a Department. Transfers of appropriations between Departments require the special approval of the Mayor and City Manager unless the amount is above \$50,000 and then it requires the approval of the Board of Directors. Budget-to-actual comparisons are provided in this report for each governmental fund for which an appropriated annual budget has been adopted. For the General Fund, this comparison is presented on page 131 as part of the required supplementary information. Detail descriptions of the budget-to-actual variances are included in the MD&A on pages 15-20. For the Street Fund, this comparison is presented on page 133.

#### Factors Affecting Financial Condition:

The 3/8-cent capital improvement sales tax, approved by voters in 2011, sunset on December 31, 2021. This will create challenges in the coming years as funding for capital improvements will be limited to bonds and short-term financing notes.

During the August 9, 2022 special election, Little Rock residents approved the issuance of Limited Tax General Obligation Capital Improvement Bonds not to exceed \$161.8 million in six (6) separate votes with aggregated principal amounts for capital improvements including street and drainage improvements, Park and Recreational improvements, Fire apparatus, District Court facility improvements and Port Industrial Park improvements. The City issued the second of three planned tranches on December 30, 2024, in two series. Series 2024A totaled \$26,565,000 and was tax-exempt in nature. Series 2024B totaled \$10,745,0000 and was taxable in nature.

On May 22, 2024 the City issued a taxable promissory note in the principal amount of \$12,000,000 that is being utilized as a line of credit to make periodic performance payment requirements to finance the costs of the acquisition, construction, and installation of a solar photovoltaic array.

The information presented in the financial statements is perhaps best understood when considered from the broader perspective of the specific environment within which the City of Little Rock operates.

<u>Local Economy</u>: The primary challenge facing the City of Little Rock remains to provide a full complement of services that satisfy the needs of residents, balanced with the resources available to the City, in an efficient, cost-effective, and transparent manner.

According to data from Metroplan, the City of Little Rock's unemployment rate as of December 31, 2024, was 3.1%, compared with the Arkansas rate of 3.4% and the U.S. average of 4.1%. In a recent economic report from Metroplan, Jonathan Lupton reports that from 2017-2022 the

Little Rock Metropolitan Statistical Area (MSA) saw an 8.9% growth in its gross domestic product (GDP) while at the same time overall population grew at 2.4%. Retail sales for the Little Rock MSA were up 3.2% in 2023 compared to 2022. Housing costs in Little Rock remain below the national median coming in at \$1,282 per month for owner housing costs in 2022 compared to \$1,775 nationally. Little Rock's overall sales tax growth in 2023 was 7.1%. Little Rock's top three sales taxpayers by industry for 2023 are other general merchandise stores, grocery stores, and building materials and supplies dealers. Inflation climbed from near-zero in the depths of the Covid-19 recession to a peak of near nine (9) percent in June 2022. Since then, rising federal interest rates have turned the inflation trend downward, ending 2023 at 3.4%. For an in-depth review of Jonathan Lupton's economic reports, please visit Metroplan's website at https://metroplan.org.

The City of Little Rock utilizes Payment in Lieu of Taxes Agreements (PILOTS) in conjunction with issuance of industrial development bonds in order finance substantial industrial or significant developments within the City. These tax abatements result in the companies associated with the PILOTS paying from 0% to 35% of the amount which would be payable as ad valorem taxes that would have to be paid on the project. These tax abatements are used to help recruit significant investment to the City of Little Rock, create well paying jobs for residents of the City and the surrounding community, diversify the overall local economy as well as to continue to expand and grow Little Rock into a desirable location to Live, Play and Work for all.

Long-Term Financial Planning: Little Rock residents passed an additional One (1)-Cent Local Sales Tax in September 2011, which became effective on January 1, 2012. The City held several public hearings in each Ward to discuss priority needs associated with Public Safety, Public Works, Jobs and Economic Development, Parks & Recreation, Zoo and Tourism, and other priorities, including fleet replacement, information technology needs, pension funding, and public transportation. The priority needs were divided between ongoing operating needs and capital needs. The 5/8-Cent permanent increase in sales tax for operations is reflected in the General Fund. The tax increase provides funding for additional Police Officers, Code Enforcement Officers, new Fire and Police facilities, infrastructure projects, and a new emergency communications system. The 3/8-Cent Sales Tax for capital projects, which sunset on December 31, 2021, is reflected in the Sales Tax Capital Improvements Fund. The tax raised \$191,338,242 for capital projects, nearly \$4.5 million underestimate, over the ten (10) year period, representing 97.7% of the original forecasted amount. Net Interest earnings (adjusted for changes in the fair market value of investments) generated by the proceeds of short-term financing notes and accumulated tax proceeds provided \$2,886,951 to supplement projects. Residual balances are transferred to other projects within the same allocation category as we complete projects. The City has kept its promise to taxpayers in accordance with the spending plan outlined in Resolution No. 13,343 (July 11, 2011) and is well on its way to completing the designated capital projects.

Little Rock residents approved the issuance of Limited Tax Capital Improvement Bonds not to exceed \$105 million for street and drainage improvements. Up to \$73.5 million of the Bonds are dedicated to street improvements, with the remaining \$31.5 million available for drainage

improvements throughout the City. The Bonds are secured by a three (3)-mill Ad Valorem Tax on taxable property located within the City of Little Rock. On July 24, 2013, the City issued the first series of Bonds in the amount of \$58,105,000. The second series of Bonds in the amount of \$43,475,000 was issued on November 28, 2018. The 2013 Bond issue was redeemed in full on April 1, 2021 and the 2018 Bond issue was retired in 2022. In addition, in December 2018, the City issued \$32,570,000 in Hotel Gross Receipts Tax Bonds to finance a portion of the costs of improvements to MacArthur Park. The improvements included renovations and additions to, and furnishings and equipment for, the Arkansas Museum of Fine Arts and the MacArthur Museum of Arkansas Military History. The grand reopening of the newly renovated Arkansas Museum of Fine Arts was held in April 2023.

On August 9, 2022, Little Rock residents approved the issuance of Limited Tax General Obligation Capital Improvement Bonds not to exceed \$161.8 million for street and drainage improvements, Park and Recreational improvements, District Court facility improvements and Port Industrial Park improvements. Up to \$40.5 million of the Bonds are dedicated to street improvements, \$40.5 million available for drainage improvements, \$19.5 million to finance Fire Apparatus, \$37 million to finance Park and Recreation improvements throughout the City, \$8.5 million to finance District Court facility improvements, and \$15.8 million to finance Port Industrial Park improvements. The Bonds are secured by a three (3)-mill Ad Valorem Tax on taxable property located within the City of Little Rock. On December 21, 2022, the City issued \$53,510,000 Limited Tax General Obligation Capital Improvement Bonds, Taxable Series 2022B. The City issued the second of three planned tranches on December 30, 2024, in two series. Series 2024A totaled \$26,565,000 and was tax-exempt in nature. Series 2024B totaled \$10,745,0000 and was taxable in nature.

On November 30, 2022, the City issued \$40,770,000 Library Construction and Refunding Bonds, Series 2022, which refunded the 2015 Library Construction and Refunding Bonds and provided approximately \$25.6 million in funding for new improvements for the Central Arkansas Library Systems. The bonds are limited obligations of the City of Little Rock, Arkansas payable solely from the collections from a 1.3-mill annual Ad Valorem Tax levied upon all taxable real and personal property located within the City of Little Rock.

In 2002, the Board adopted a policy that established a designated reserve within the General Fund. At the end of the fiscal year, the Board reviews audited financial statements and determines the appropriate amount to place in the reserve. The General Fund goal was to set aside the greater of \$10,000,000, or 10%, of General Fund revenues in reserve. Before 2006, the Board had increased the reserve to \$9,418,000. Since 2016, the Board has increased the designated reserve to its current level of \$13.1 million, with the intent to continue to gradually increase the reserve to the desired level of 10% of General Fund revenues.

On July 30, 2024, the Board of Directors authorized placing on the November 5, 2024, ballot for voter consideration two questions to increase by an additional One (1)-Cent the Local Sales Tax. The City held public meetings in each Ward to discuss priority needs associated with Public Safety, Public Works, Jobs and Economic Development, Parks & Recreation, Zoo and

Tourism, and other priorities, including fleet replacement, information technology needs, and housing needs. The priority needs were divided between ongoing operating needs and capital needs. Ultimately, the proposed sales tax was focused on four (4) key pillars, Public Safety, Public Infrastructure, Parks and Quality of Life, and Port and Economic Development. The 3/8-Cent permanent increase in sales tax for operations would have been reflected in the General Fund. The tax increase would have provided funding for Public Safety, Code Enforcement Officers, technology improvements, fleet replacement, infrastructure, housing needs, and parks maintenance and operations. The 5/8-Cent Sales Tax for capital projects would have been for a ten (10) year term and sunset on March 31, 2035. The capital projects sales tax would have funded infrastructure improvements including roads, equipment for trash collection, parks and quality of life improvements, investments in downtown, and port expansion and economic development. It was estimated that the additional One (1)-Cent the Local Sales Tax would have generate \$65 million a year or \$650 million over ten (10) years. At the election held on November 5, 2024, the voters of the City of Little Rock rejected both sales tax measures. As a result the City will continue to do more with less resources.

<u>Relevant Financial Policies</u>: In accordance with the City's financial policies, the Board of Directors has adopted budgets that ensure that current year expenditures are at, or below, current year revenues and available carryovers. Revenue growth within the General Fund is restricted by mill levy and franchise fee caps set in State Law. Little Rock levies the maximum mill levy (5 mills) for the General Fund. Franchise fees are at the maximum rate allowed under State Law. Further increases would require the consent of the utility or voter approval.

The 2024 financial outlook was slightly better than anticipated and amendments were made to the budget for a total net impact of almost \$5.2 million to the General Fund.

The City received one-time funding from the American Rescue Plan Act (APRA) of approximately \$37.7 million over two years. The first half of the funding was received in May 2021 and the other half was received in June 2022. The City continues to work to utilize the funding in accordance with the plan adopted by the Board of Directors.

On December 26, 2024, the Little Rock Board of Directors approved the 2025 Adopted Budget. Overall operating expenditures total \$338,231,579, a decrease of \$6,795,516, or 2.01% less than the final 2024 Amended Budget primarily due to a reduction of transfers out in the Street Fund for capital improvements. The Operating Budget changes for 2025 are summarized below:

	2024	2024	2025	Change	% Change
	 Adopted	Amended	Adopted	Change	Change
General Fund	\$ 257,510,221 \$	262,690,324 \$	263,108,099 \$	417,775	0.16%
Street Fund	25,234,297	34,290,365	26,443,200	(7,847,165)	(22.88)%
Fleet Services Fund	18,575,988	18,575,988	18,418,930	(157,058)	(0.85)%
Waste Disposal Fund	25,712,800	25,712,800	26,543,400	830,600	3.23%
Vehicle Storage Facility	2,208,454	2,360,066	2,292,195	(67,871)	(2.88)%
Parking Garage Fund	 1,380,908	1,397,552	1,425,755	28,203	2.02%
	\$ 330,622,668 \$	345,027,095 \$	338,231,579 \$	(6,795,516)	(2.01)%

The 2025 General Fund Budget supports 1,838 full-time equivalent (FTE) positions - 1,780 serving in General Fund Departments and 58 special positions funded through grants or special project allocations. This represents a net increase of 15 FTEs compared to the 2024 Adopted Budget staffing levels. The personnel budgets for the other operating funds include 442 FTEs, which is the same as the 2024 Adopted Budget. Thus, a total of 2,280 full-time positions are authorized for the primary government's operating funds.

The increase in the General Fund from the 2024 amended budget to the 2025 adopted budget is a result of salary increases of between 5-9% for police personnel, 5% for fire personnel and 1.75% for non uniform personnel offset by a \$4 million increase in vacancy savings for the General Fund which reduces the overall General Fund budget.

Many of the initiatives supported by the sales tax implemented in 2012, such as increasing the number of filled police positions, increased funding for building maintenance, expanded park maintenance, Zoo deferred maintenance, annual fleet replacement, information technology staffing and maintenance, and new transit routes have been implemented and maintained. The 2025 Budget continues the commitment to Little Rock residents to fill vacant public safety positions.

Short-term financing notes are authorized under Amendment No. 78 to the Arkansas Constitution to acquire, construct, and install real and tangible personal property having an expected useful life of more than one (1) year. The notes are repaid from general revenues over a period of five (5) years. Principal and interest payments are included in the General Fund Budget for notes issued from 2021 to 2024. The 2025 Budget reflects a decrease in debt service of \$1,207,492 associated with the repayment of the 2019 short-term note and the 2024 short-term note debt service payments not beginning until 2026. Further discussion of this can be found in Note 5.

Funding of the Pulaski County Jail was continued in order to provide space for inmates in accordance with the City's primary focus on Public Safety. 2025 funding for the detention center stayed flat from the 2024 adopted budget amount of \$2,715,000. Other outside agency funding include \$4 million for the Arkansas Museum of Fine Arts, funding operations and maintenance. 2025 funding for Rock Region Metro remained flat at a total of \$9.85 million, of which \$2 million is provided by the Street Fund. Funding for the Museum of Discovery stayed flat at \$400,000 in the 2025 adopted budget.

A Homeless Services Task Force was established in 2006 to address chronic homelessness within our community. The City funding to Jericho Way Day Resource Center remained flat for 2025 at \$600,000. The services provided to homeless individuals and families are focused on finding housing, job referral and case management services, and medical, dental, and psychiatric assistance. In July 2023, City officials ceremonially broke ground on the Little Rock Micro Home Village, a two-acre, multi-unit complex to house unsheltered residents as they transition toward permanent housing. The Micro Home Village will have capacity for 206 residents. There will be 50 single units, 22 units that will accommodate families of (4) four and eight (8) units for families of (6) six. In addition, there will be 20 emergency shelter beds. A

community center within the village will hold a commercial kitchen, dining hall, classrooms, offices, a health clinic, and a laundry room. Planning for the Little Rock Micro Home Village has been a four-year process led by Mayor Scott's Office and the City's Department of Housing and Neighborhood Programs. The Little Rock Board of Directors authorized \$3 million in funds for construction and management of the village. The Micro Home Village is expected to be completed in the first half of 2026 due to construction delays.

The City is appropriating approximately \$5 million for Children, Youth and Family Programs, including youth employment, skills center funding, and re-entry programming in 2025 as part of the City's emphasis to foster and enhance youth and community development. City Staff will continue to work with community groups, neighborhood associations, the faith-based community, and other groups to ensure resources are targeted appropriately.

The 2025 Budget includes a contingency allocation of \$1.3 million or approximately 0.5% of General Fund revenues. The City of Little Rock's Management Team is committed to managing the City in a sound and fiscally prudent manner while striving to deliver the quality and level of service that Little Rock residents expect with available resources.

Major Initiatives: We have been committed to all areas of Little Rock.

In 2021, The City of Little Rock began a new program, BUILD Academy, which is our very own small business incubator. Our fifth cohort began on February 27, 2025 at our Willie Hinton Business and Innovation Center in the heart of the 12th street corridor. We are now in our fourth year of Emprende, a pathway of the City's BUILD Academy, which offers Little Rock's Spanish-speaking business owners a series of free classes to support their businesses.

The City of Little Rock continues to have new businesses open as we had over 1,047 new businesses opened in our City just last year. Since 1959, the Port of Little Rock has been an economic driver for our region's economy. This economic engine was turbocharged over the last few years as major investments from HMS Manufacturing, Trex, Elopak, and Amazon have nearly doubled the total employment there. The City has worked closely with the Port to purchase the necessary land to support expansions and court new businesses to Little Rock to position ourselves for even more job growth.

The City's long-term outlook remains bright; most indicators continue to show competitive advantages in the local metropolitan area. As indicated above, economic projects are in development in all areas of the City.

The City of Little Rock has made great strides in utilizing technology to communicate with residents and businesses. The City's website, littlerock.gov, is designed to improve communication efforts. In addition, the City is proud of its government access channel, LRTV, which broadcasts information regarding the activities of the Little Rock City Board of Directors through live and taped coverage of Board Meetings and other official proceedings. It also produces programming regarding municipal affairs. The City launched a LR 311 Mobile App to better enable residents to access City services. The app is available for download through the

Apple App Store or Google Play Store. In March 2016, City Officials announced that Little Rock was one of only twenty-seven (27) municipalities around the U.S. participating in the What Works Cities Initiative through Bloomberg Philanthropies, part of an effort to embrace open data, create a framework for its usage, and make it readily available to residents. The City unveiled an Open Data Portal that includes several data sets covering such topics as planning and permitting, public safety statistics, 311 Requests, and the location of Police, Fire and Neighborhood Resource Centers. The data sets are live on the main data portal located at data.littlerock.gov.

The City continues to develop ways to foster understanding and strengthening the bond between the city and its residents and as such has created the R.O.C.K. Academy (Residents Obtaining Community Knowledge). A dynamic six-week program tailored to provide residents with an in-depth understanding of the inner workings of their City government.

During 2024, the City asked voters to support a Sales Tax Election that would have increased the Sales Tax rate by a penny. 3/8th of the penny would have been used for operations while 5/8th would have been used to support capital investments. Voters rejected the proposal on November 5, 2024. As a result, the City must continue to prioritize funding, ensuring that the City is funding areas that are important to our residents given the limited resources available and do more with less, as has been the case since the prior sales tax sunset in 2021.

In 2025, the City will assess City facilities and City property ownership and look at ways to put our assets to work. This could mean working with developers via a public-private partnership, to generate revenue from land and facilities that the City owns to support operations, investing in our deferred maintenance, or it could result in the sale of land or facilities.

The City will also continue to look at ways to address affordable housing and homelessness. The City is committed to working with our partners to ensure all residents who want a home are able to find one that is safe and secure.

#### Awards and Acknowledgments:

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Little Rock for its Annual Comprehensive Financial Report for the fiscal year that ended December 31, 2023. The City of Little Rock has received a Certificate of Achievement for forty-two (42) years total. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized Annual Comprehensive Financial Report. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one (1)-year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and are submitting it to GFOA to determine its eligibility for another certificate.

The preparation of this report could not have been accomplished without the efforts of finance department staff. These individuals should be recognized for their contributions and devotion to meeting the highest accounting and financial reporting standards. In addition, credit must be given to the Board of Directors, the City Manager, and the City Staff for their unfailing support for maintaining the highest standards of professionalism in managing the City of Little Rock's finances.

Respectfully submitted,

Frank Scott, Jr. Mayor

Chief Financial Officer

Government Finance Officers Association

Certificate of Achievement for Excellence in Financial Reporting

Presented to

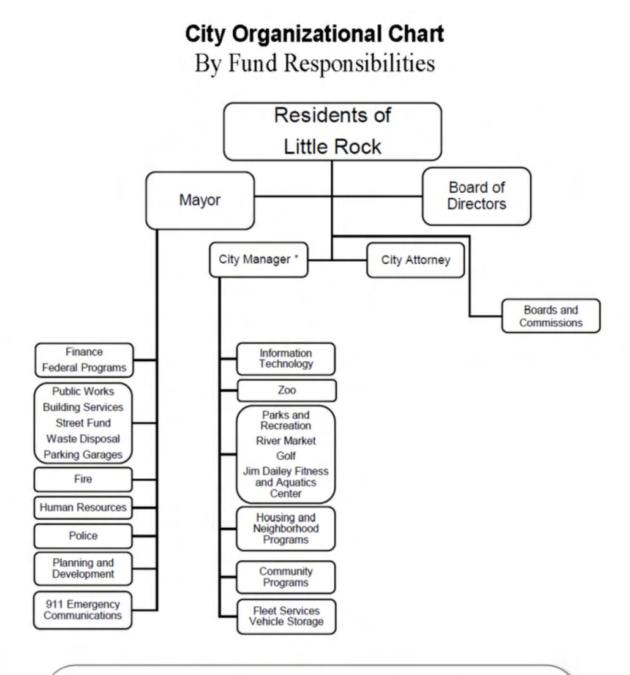

# City of Little Rock Arkansas

For its Annual Comprehensive Financial Report For the Fiscal Year Ended

December 31, 2023

Christophen P. Morrill

Executive Director/CEO

#### \*City Manager

At the direction of the Mayor, the City Manager provides oversight to the departments of Finance, Police, Fire, 911 Emergency Communications, Planning and Development, Public Works, and Human Resources; however, those department leaders report directly to the Mayor.

The City Manager provides day-to-day direction to the remaining six departments: Information Technology, Zoo, Parks and Recreation, Housing and Neighborhood Programs, Community Programs, and Fleet Services.

#### **Elected Officials:**

Frank Scott, Jr.	Mayor
B.J. Wyrick	Vice-Mayor, Director – Ward 7
Virgil Miller	Director – Ward 1
Ken Richardson	Director – Ward 2
Kathy Webb	Director – Ward 3
Capi Peck	Director – Ward 4
Lance Hines	Director - Ward 5
Andrea Hogan Lewis	Director – Ward 6
Dr. Dean Kumpuris	Director – Position 8
Antwan Phillips	Director – Position 9
Joan Adcock	Director – Position 10
Jill Stewart Kamps	District Court First Division Judge
Herb Wright	District Court Second Division Judge
Mark Leverett	District Court Third Division Judge

#### **Appointed Officials:**

Delphone Hubbard	
Tom Carpenter	

Acting City Manager City Attorney

#### Independent Auditor's Report

Honorable Frank Scott Jr., Mayor and Members of the Board of Directors City of Little Rock, Arkansas Little Rock, Arkansas

#### **Report on the Audit of the Financial Statements**

#### Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Little Rock, Arkansas (City), as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of December 31, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Central Arkansas Transit Authority d/b/a Rock Region Metro, Museum of Discovery, Arkansas Museum of Fine Arts, Little Rock Advertising and Promotion Commission, and the Little Rock Ambulance Authority, which collectively represent 24%, 27%, and 38% of the assets and deferred outflows of resources, net position, and revenues, respectively, of the aggregate discretely presented component units as of December 31, 2024. Those statements were audited by other auditors whose report has been furnished to us, and our opinions, insofar as it relates to the amounts included for the discretely presented component units, are based solely on the report of the other auditors.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
  include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
  statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison, pension, and other postemployment benefit information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund statements and the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial procedures in accordance with GAAS. In our opinion, the combining and individual fund statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Information

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory and statistical sections and the schedule of expenditures of state awards but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 11, 2025 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Little Rock, Arkansas July 11, 2025

#### City of Little Rock, Arkansas Management's Discussion and Analysis December 31, 2024 (Unaudited)

The following discussions and analysis of the City of Little Rock's financial performance provides an overview of the City's financial activities for the fiscal year ended December 31, 2024. Readers should consider the information presented here in conjunction with our letter of transmittal at the front of this report and the City's financial statements that follow this section.

#### **Financial Highlights**

- Total assets and deferred outflows of resources of the City exceeded total liabilities and deferred inflows of resources at the close of 2024 by \$629,913,943. Of this amount, \$633,164,431 reflects the net investment in capital assets; \$149,002,151 is restricted for debt service, streets and drainage, grant funds, capital projects, 911 funds, and other special projects; \$250,000 is restricted nonexpendable; and \$(152,502,639) is an unrestricted deficit.
- The City's 2024 total net position decreased by \$(2,771,452). Net position of the governmental activities decreased \$(7,487,255) and business-type activities increased \$4,715,803. The unrestricted deficit net position of the City's governmental activities decreased \$(6,318,762) to \$(172,723,746). The unrestricted net position of the City's business-type activities increased \$5,024,531 to \$20,221,107.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$270,797,090. The combined governmental funds balances increased \$2,053,860 from the prior year. The primary components of this change was the decrease in capital project funds of \$(2,998,884) primarily associated with spending the proceeds of the 2022 limited tax capital improvement bonds for the purpose of financing various capital improvements for the City offset by the issuance of \$37,357,473 in 2024 bonds inclusive of premiums for capital improvements, and the decrease in general fund balances of \$(8,585,936), and increases in the special revenue funds of \$7,760,031 and \$5,878,649 in the debt service funds primarily associated with the collection of property taxes for the repayment of the 2022 limited tax capital improvement bonds and receiving funds from FEMA for the March 31, 2023 Tornado. The components of these changes will be discussed in detail in the Financial Analysis of the Government's Funds section. \$41,077,899 of the \$270,797,090 combined ending fund balances is considered unassigned at December 31, 2024, and \$192,449,315 is reported as restricted for capital improvements, debt service, streets and drainage infrastructure, grants, emergency 911, and special projects. In addition, \$2,813,552 of the governmental fund balances is nonspendable, primarily representing inventories and prepaid expenditures. The assigned portion of the fund balances is \$34,456,324. There is no committed fund balance for the year ended December 31, 2024.
- The general fund reported fund balances of \$83,986,039 at the end of the current year. Unassigned general fund balance was \$47,285,643, or 17% of total general fund expenditures (including transfers out). General fund balances decreased \$(8,585,936) for the year ended December 31, 2024.

- During the current year, the City's total debt increased by \$28,159,227, 17.1% above the prior year balance. The key factors in this increase was the issuance of a note payable of \$10,954,400, the issuance of the second tranche of the 2022 voter approved millage supported bonds for capital improvements of \$37,310,000, initiation of new subscription-based information technology arrangements of \$2,317,437, and the initiation of new leases of \$2,459,402, less principal payments of \$14,725,000 for general obligation bonds, \$2,365,000 for revenue bonds, \$3,740,323 for temporary notes, \$1,949,744 for leases, \$2,101,945 for subscription-based information technology arrangements. During the current year, the City issued bonds at a premium of \$491,721. The 2024 net amortization of issuance premiums and discounts was \$289,551.
- At the close of the current year, net position of fiduciary funds was \$160,517,520 of which the amount held in trust for pensions was (\$146,814,127), held in trust for other postemployment benefits was (\$13,677,487), held in trust for courts was (\$25,906). Total fiduciary net position held in trust increased by \$17,355,671 for the year ended December 31, 2024. The increase in net position is attributed to investment income of \$14,837,635, the payment of benefits to participants of \$7,969,520, and other participant transfers and administrative expenses of \$522,850, net of contributions to the funds in the amount of \$10,984,500. In addition, fiduciary funds include a custodial fund to account for monies held by the courts until they are distributed to various governmental agencies.
- The City's net pension liability decreased \$(32,135,364) to \$256,424,332 for Governmental Activities and \$1,229,334 for Business-Type Activities. The net pension liability of \$257,653,666 and the related net deferred outflows and inflows of resources of \$72,539,846 are discussed in detail in *Note* 7 on pages 82-110 of this report. Pension expense decreased \$6,962,902 to \$45,055,238, with \$44,463,919 associated with Governmental Activities and \$591,319 associated with Business-Type Activities.
- The City's net postemployment benefits other than pensions (OPEB) liability of \$23,231,424 and related net deferred outflows and inflows of resources of \$3,940,482 are discussed in detail in *Note 8* on pages 110-116 of this report. OPEB expense of \$4,397,669 is associated with Governmental Activities.
- At December 31, 2024 the City's discretely presented component units reported net position of \$1,291,050,994, an increase of \$37,060,916.

#### **Overview of the Financial Statements**

This discussion and analysis is intended to introduce the City's basic financial statements which are comprised of three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide Financial Statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances in a manner similar to that of a private-sector business.

The *statement of net position* presents information on all the City's assets and deferred outflows of resources and liabilities and deferred inflows of resources, as applicable, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the City's financial position improves or deteriorates.

The *statement of activities* presents information showing how the government's net position changed during the year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenue and expenses reported in this statement for some items will only result in cash flows in future periods (*e.g.*, uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees or charges (business-type activities). The governmental activities of the City include general government, public safety, and development. The business-type activities of the City include a solid waste system, vehicle storage, and parking garage operations.

The government-wide financial statements include not only the City itself (known as the primary government) but also the following discretely presented component units:

- Little Rock Water Reclamation Authority
- Bill and Hillary Clinton National Airport
- Oakland Fraternal Cemetery
- Mt. Holly Cemetery
- Little Rock Advertising and Promotion Commission
- Little Rock Port Authority
- Little Rock Ambulance Authority
- Central Arkansas Transit Authority (dba Rock Region Metro)
- Museum of Discovery
- Arkansas Museum of Fine Arts
- Little Rock Workforce Development Board
- Central Arkansas Library System

Financial information for these *component units* is reported separately from the financial information presented for the primary government itself. Complete financial statements for these component units may be obtained by contacting the administrative offices listed on page 48.

The government-wide financial statements can be found on pages 27-29 of this report.

**Fund Financial Statements.** A *fund* is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Like other state and local governments, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the City's funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the *near-term inflows and outflows of spendable resources*, and *balances of spendable resources* available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains twenty-five (25) individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general fund, the sales tax capital improvement fund, the 2022 capital improvement fund and related debt service fund, the street fund, the American Rescue Plan - state and local fiscal recovery fund (SLFRF), and the Grant Fund. Data from the other eighteen (18) governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The basic governmental fund financial statements can be found on pages 31-34 of this report.

**Proprietary Funds.** The City maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its solid waste, vehicle storage, and parking garage operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions for fleet operations. The services provided by the internal service fund predominantly benefit the governmental rather than the business-type activities. They have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the solid waste, vehicle storage, and parking garage operations. The Waste Disposal Fund and River Market Garage Fund are considered major enterprise funds of the City. The Fleet Fund is the only internal service fund.

The basic proprietary fund financial statements can be found on pages 35-40 of this report.

**Fiduciary Funds.** *Fiduciary funds* are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 41-42 of this report.

**Notes to the Financial Statements.** The notes provide additional information essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 46-128 of this report.

**Other Information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's general fund budget, street fund budget, and the City's pension and other postemployment benefit information. The City adopts annual appropriation budgets for its general fund and street fund. Budgetary comparison statements have been provided to demonstrate compliance with the budgets. Required supplementary information can be found beginning on page 129 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplemental information. Combining and individual fund statements and schedules can be found on pages 151-169 of this report.

#### **Government-wide Financial Analysis**

		Net Position		
		tal Activities	Business-type Activities	Total
	2024	2023	2024 2023	2024 2023
Assets				
Current assets	\$ 206,117,281	\$ 222,932,303 \$	33,471,306 \$ 28,315,247	\$ 239,588,587 \$ 251,247,550
Noncurrent and other assets	189,603,400	181,063,890	5,184,107 5,400,694	194,787,507 186,464,584
Capital assets	685,682,566	673,851,005	24,544,403 25,026,811	710,226,969 698,877,816
Capital assets	085,082,500	075,851,005	24,344,403 23,020,811	/10,220,909 098,877,810
Total assets	1,081,403,247	1,077,847,198	63,199,816 58,742,752	1,144,603,063 1,136,589,950
Deferred outflows of resources	104,189,474	125,697,095	720,983 1,031,693	104,910,457 126,728,788
Liabilities				
Long-term liabilities outstanding	510,648,683	513,296,262	15,395,090 3,563,378	526,043,773 516,859,640
Other liabilities	59,066,507	68,933,922	1,834,640 13,880,683	60,901,147 82,814,605
Total liabilities	569,715,190	582,230,184	17,229,730 17,444,061	586,944,920 599,674,245
Deferred inflows of resources	28,504,560	26,453,883	4,150,097 4,505,215	32,654,657 30,959,098
Net investment in capital assets	612,354,694	611,243,139	20,809,737 21,203,522	633,164,431 632,446,661
Restricted - expendable	147,492,023	162,409,595	1,510,128 1,425,071	149,002,151 163,834,666
Restricted - nonexpendable	250,000	250,000		250,000 250,000
Unrestricted (deficit)	(172,723,746)	(179,042,508)	20,221,107 15,196,576	(152,502,639) (163,845,932)
Total net position	\$ 587,372,971	\$ 594,860,226 \$	42,540,972 \$ 37,825,169	\$ 629,913,943 \$ 632,685,395

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The City's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$629,913,943 at the close of the most recent fiscal year.

The largest portion of the City's net position, 100.52%, reflects its investment in capital and lease assets (*e.g.*, land, buildings, improvements other than buildings, machinery and equipment, and infrastructure); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to residents; therefore, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay debt must be provided from other sources since capital assets themselves cannot be utilized to liquidate these liabilities. An additional portion of the City's net position, 23.65%, represents resources subject to restrictions on how they may be used. The remaining unrestricted deficit net position of (152,502,639) represents (24.21)% of the City's net position.

The following table summarizes the City's operations for the fiscal year ended December 31, 2024, with comparative totals for the fiscal year ended December 31, 2023.

Changes in Net Position						
	Governmen	Business-typ	pe Activities	То	tal

**Governmental Activities.** Governmental activities decreased the City's net position in the current year by (7,487,255). Property tax represents 20.2% of the City's 2024 revenue from governmental activities, excluding transfers in. Property tax revenues increased 2.7% from 2023 with an increase in assessed valuations. Sales tax represents 40.0% of the City's 2024 governmental revenue. Overall sales tax decreased (0.3)% in comparison to 2023 revenues due to a slower pace of spending in 2024. The hotel gross receipts tax which is included in sales taxes, decreased (4.0)% in 2024 compared to 2023 due to declining debt service. Charges for services, representing 9.8% of governmental revenues, decreased (5.1)% due to a decline in charges for services at the zoo and for parks and recreation services and a significant reduction in charges for services related to fire services in 2024 compared to 2023 as in 2023 insurance proceeds related to the March 31, 2023 tornado and the destruction of Fire Station 9 were

received. Operating grants and contributions, including intergovernmental turnback revenues, representing 11.5% of revenue from governmental activities in 2024, increased 17.5% from 2023. This increase is related increased grants and turnback revenues in 2024 compared to 2023. Capital grants and contributions, representing 1.5% of governmental revenues, increased approximately 79.7%, driven primarily by an increase in private-developer street and rights-of-way contributions and capital grants.

Excluding transfers in, current year expenses were 102.4% of current year revenues. The City saw a decrease in the net OPEB liability of \$(1,266,283) and a decrease in related deferred outflows of \$(2,864,220), net of a increase in deferred inflows of resources of \$833,103, resulted in a net decrease to net position of \$(2,431,040) associated with OPEB. 2024 saw a large increase in education expenses (\$11,939,521) compared to 2023 due to the ongoing construction of library facilities by the Central Arkansas Library System which are owned by the library; however, the debt is issued by the City for the libraries benefit. Further, 2024 saw increased salary and benefit costs.

**Business-type Activities.** Business-type activities increased the City's net position by \$4,715,803. Key elements of this increase are as follows:

Charges for servcies and investment earnings net of expenses increased net position by \$3,394,239. Net transfers decreased net position by \$1,005,590 and capital contributions increased net position by \$2,327,154.

- Waste Disposal operating income of \$1,980,338 plus capital contributions of \$2,327,154, less net nonoperating expenses of \$(638,001) and transfers out \$1,005,590, respectively, increased net position by \$2,663,901. Revenues are generated primarily by waste disposal and landfill services. Revenues increased by 1.7% from 2023 due to increased usage at the landfill due to increased landfill rates and overall city growth.
- River Market Garage operating income of \$1,124,934, plus net nonoperating revenues of \$653,016 increased net position by \$1,777,950. Expenses decreased in the River Market Garage fund by (19.5)% over the prior year due to a reduction in personnel costs of (60.9)% and a decrease in service expenses of (3.2)%. The primary component of net nonoperating revenues was investment income.
- Other nonmajor enterprise funds increased net position by \$273,952.

Waste Disposal activities contribute 84.9% of the operating revenue to the business-type activities. Current year operating expenses, including transfers out, for business-type activities were 92.5% of current year operating revenues.

#### Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related requirements.

**Governmental Funds.** The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of December 31, 2024, the City's governmental funds reported combined ending fund balances of \$270,797,090, an increase of \$2,053,860 compared to the prior year. A total of \$192,449,315 is reported as *restricted fund balance* for capital projects or debt service. In addition, \$2,813,552 of the governmental fund balances is *nonspendable*, representing primarily inventories and prepaid

expenditures. The *assigned* portions of the fund balances is \$34,456,324. \$41,077,899 constitutes *unassigned fund balance* and is available for spending at the government's discretion.

The general fund is the chief operating fund of the City. At December 31, 2024, unassigned fund balance of the general fund was \$47,285,643, while the total fund balance was \$83,986,039. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures (including transfers out). Unassigned fund balance represents 17.3% of total General Fund expenditures (including transfers out), while total fund balance represents 30.7% of that same amount. The decrease in general fund balances of \$(8,585,936) is attributable to an increase in general government expenditures of \$10,488,888 compared to 2023 due to the purchase of security and safety cameras for the City, increases in contributions to outside agencies to support operations, and a 2% increase in salaries and associated benefits, an increase in police expenditures of \$6,405,570 for 2024 due to a 5% increase of principal payments on debt including short-term financing notes, leases, and subscription-based information technology arrangements of \$1,868,702. These expenditure increases are offset by an increase in total revenues of \$4,741,925 in 2024 due to increases in property taxes from increased property values and increased intergovernmental revenues from insurance pension turnback funds.

The special revenue funds had total fund balances of \$51,128,343. There was a net increase in fund balances of \$7,760,031 in 2024. Special revenues come primarily from intergovernmental sources, property taxes, and charges for services. Street fund (major fund) revenues are primarily from property taxes, state highway, wholesale fuel tax, severance tax turnback funds, and an allocation of the State's <sup>1</sup>/<sub>2</sub> cent highway sales tax dedicated to street construction, resurfacing, and other road related projects. American Rescue Plan - SLFRF fund (major fund) revenues are from the City's allocation of the Coronavirus State and Local Fiscal Recovery Funds to support the response to and recovery from the COVID-19 public health emergency. The City received the funding in advance and \$15,746,054 was recognized as revenue and expended during the year. The increase in street fund balance in 2024 is primarily due to an increase in property tax revenues from increased property values. Fund balance is restricted for future street and drainage projects. Net changes and ending fund balances by fund are:

Special Revenue Funds	Net Change	Ending Balance
Street (major fund)	\$ 1,225,542	34,310,462
American Rescue Plan -SLFRF (major fund)	81,061	1,368,495
Special Projects	1,553,332	13,573,137
Emergency 911	1,240,409	6,310,211
Grant Fund (major fund)	4,067,113	(6,207,744)
CDBG	(171,504)	912,223
NHSP	(2,698)	12,201
HIPP	(233,224)	849,358
Total	\$ 7,760,031	51,128,343

Emergency 911 funds are supported by a statewide public safety fee assessed on wireline and wireless phones to fund all PSAPS within the state. Funding is divided between E-911 centers based on the population each serves. The increase in fund balance is associated with a rate change implemented by the state legislature that took effect in October 2019 to better support emergency communications. The grant fund, Community Development Fund (CDBG), Neighborhood Housing Special Project Fund (NHSP), and Home Investment Partnership Fund (HIPP) account for grant funds received for specific programs. The monies are expended in accordance with each grant program. The significant increase in fund balance for the Grant Fund (major fund) is directly tied to the Tornado that the City experienced in

March 2023. As a result of the tornado the City had expended funds for recovery efforts in 2023 and received the obligation of the funds during 2024.

The debt service funds had total fund balances of \$29,288,259. The increase in fund balances during 2024 was \$5,878,649. Revenues for debt service funds come from property tax, franchise fees, or sales tax set at the level necessary to meet debt service requirements. In 2024, dedicated property tax levies were utilized to pay the debt service for the 2022 Capital Improvement Bonds and the 2022 Central Arkansas Library Bonds. The City issued the Library Construction and Refunding Bonds, Series 2022 to fund new library improvements and to refund the outstanding balance on the 2015 Library Bonds. In December 2024, the City issued the second tranche of voter-approved bonds from the 2022 millage election, the 2024 Limited Tax Capital Improvement Bonds, Series 2024. The City issued the first tranche in December 2022, the 2022 Limited Tax Capital Improvement Bonds, Series 2022. The bonds are funded by new property tax levies that were approved by voters to fund the debt service on the 2022 and 2024 issuances beginning in 2023. The TIF #1 debt service funds are generated by increased assessed values attributed to growth in the redevelopment district. The 2017 Capital Improvement debt service is funded with dedicated franchise fees. The 2018 Hotel Gross Receipts Bonds debt service is funded by a 2% hotel gross receipts tax levy. The increase in fund balance is due to tax collections for the 2022 and 2024 bond issues in 2024 exceeding debt service. Net changes and ending fund balances by fund are:

Debt Service Funds	Net Change	Ending Balance
2018 Capital Improvements	\$ 738 \$	8,879
2015 Central Arkansas Library	7,250	330,252
TIF #1 2014 Capital Improvement	(251,974)	561,007
2017 Central Arkansas Library	6	257
2017 Capital Improvement	36,844	890,750
2018 Hotel Gross Receipts	(575,754)	693,652
2022 Library Construction and Refunding Bonds	2,128,897	8,026,621
2022 Capital Improvement Bonds (major fund)	4,532,642	18,776,841
Total	\$ 5,878,649 \$	29,288,259

The capital project funds had total fund balances of \$106,394,449 at December 31, 2024. Fund balances decreased by a net of \$(2,998,884) during the year. The decrease in the Sales Tax Capital Improvement fund (major fund) reflects expenditures of sales tax receipts collected prior to 2022 from the dedicated 3/8-cent sales tax and investment income on approved capital projects. The 3/8-cent sales tax sunset on December 31, 2021 but expenditures on approved projects will continue until funds are exhausted. The increase in the 2022 Capital Improvements Fund is associated with the issuance of the second tranche of voter-approved bonds from the 2022 millage election, the 2024 Limited Tax Capital Improvement Bonds, Series 2024 totaling 37,357,473 inclusive of premiums offset by expenditures stemming from the 2022 (first tranche) issuance continuing in 2024. A future bond issue will be done in one more series in 2026 to fund projects that include street and drainage improvements, fire apparatus, and parks and recreation improvements. The decrease in the 2022 Library Capital Improvement Fund is due to spending funds on construction of new or renovated library facilities in 2024 from the proceeds of the 2022 bond issue. The decreases in the 2015 Central Arkansas Library Capital Improvement Fund and the 2018 Hotel Gross Receipts Tax Bond Fund are associated with investment losses during the year. The decrease in the Capital Improvement Fund is associated with the expenditure of bond proceeds for capital projects and major maintenance for streets and drainage. The decrease in the Port TIF Fund is related to expenditure of property taxes from the assessment area for improvements to the Port area that are carried out by the Little Rock Port Authority. The decrease in the Short-Term Financing fund reflects expenditures for various capital projects from the issuance of short-term note obligations. The net changes and ending fund balances for the capital project funds are:

Capital Improvement Funds		Net Change	Ending Balance
Sales Tax Capital Improvements (major fund)	\$	(8,984,950) \$	15,460,404
2022 Capital Improvements (major fund)	Ψ	20,456,888	75,689,840
2022 Library Capital Improvements		(12,525,527)	13,074,592
Capital Improvements		(770,027)	1,458,786
2018 Hotel Gross Receipts Tax Bonds		(19)	9,446
Short-Term Financing		(1,163,122)	252,057
2015 Central Arkansas Library Capital Improvement		(2,670)	275,852
Port TIF		(9,457)	173,472
Total	\$	(2,998,884) \$	106,394,449

**Proprietary Funds.** The City's proprietary funds provide the same information found in the government-wide financial statements but with more detail.

At the end of the year, net position amounted to \$31,108,898, \$9,050,247, and \$2,381,827, for Waste Disposal, River Market Garage, and Vehicle Storage operations, respectively. Net position changed in the Waste Disposal Fund, River Market Garage Fund, and Vehicle Storage Fund by \$2,663,901, \$1,777,950, and \$273,952, respectively. Factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

#### **General Fund Budgetary Highlights**

The original adopted general fund budget included revenues and expenditures of \$257,510,221 including transfers in and out. The final amended budget included increases in revenues, including transfers in, of \$4,637,537 and increases in total appropriations of \$5,180,103, resulting in a net decrease to budgeted fund balances of \$(542,566). During the year, there were four (4) budget amendments. The amendment, adopted on August 6, 2024 had no net effect on General Fund expenditures as the Fire department budget was reduced by \$6,600,000 and transfers out were increased by the same amount due to transferring the salary expenses to the ARPA grant in order to utilize the funds for capital improvements. The General Fund revenues were increased by \$138,841 while expenditures were decreased by \$901,064 via an amendment approved on November 19, 2024. The revenue increases included increases to charges for services of \$985,636, increases in property tax revenues of \$333,820, increases in franchise fees of \$1,050,400 offset by reductions in sales taxes of \$1,765,000 and investment income of \$943,000. The amendment decreased expenditures as a result of vacancy savings which were allocated to the departments generating the savings for the year through that point exceeding the adopted budget amount of \$7,000,000 by \$3,211,640 offset by vacation and sick leave payouts of \$1,858,805 for a net reduction of \$1,352,835. This reduction was offset by increases of \$143,000 to complete the expansion of the animal village, \$35,000 for learning and performance activities, and \$234,736 to cover expenditures in the prior year on a grant that the City ended up not receiving, but for which funds were expended in the Grant Fund. The third budget amendment of the year approved on December 19, 2024 had no net impact on the General Fund. The budget amendment reduced the police department budget by \$1,655,096 and increased transfers out by the same amount due to transferring salaries and benefits of the police department to the ARPA grant to help fund capital improvements. The fourth and final budget amendment was approved on May 6, 2025. The amendment increased revenues by \$4,498,696 and increased expenditures by \$6,081,167. The revenue increase is attributed to increased property taxes, investment income due to the fair market value adjustment offset by declines in franchise fees relative to prior expectations. The increase in expenditures was due to increased operational costs including salaries and benefits as well as a \$1,000,000 increase in transfers out related to the information technology data center refresh project.

# Budget adjustments and actual results are shown as follows:

	Original	Ger	neral Fund Budg Amended	et – Revenue	
	Budget	Adjustments	Budget	Actual	Variance Explanation
Property Taxes	\$ 37,892,783	\$ 1,169,603 \$	39,062,386 \$	39,091,658 \$	29,272 The original budget for property tax revenues included a growth estimate of 6.4% compared to the 2023 amended budget. The budget amendment included an increase of approximately 3.1% due to increased valuations and collections. Actual results were slightly
Sales Taxes	143,278,161	(993,716)	142,284,445	142,284,445	above the amended budget. - The original budget included a 2.5% increase from the 2023 amended budget. The budget amendment reflected actual results which was a reduction from the original budget due to a softening in sales tax revenues during the year.
Licenses & Permits	13,856,800	155,500	14,012,300	14,101,066	88,766 The original budget assumed growth of approximately 4.0% for business licenses, mixed drink supplements, and building permits. The budget amendment was primarily attributed to stronger growth in business licenses and supplemental mixed drink licenses.
Intergovernmental	11,952,066	320,000	12,272,066	12,282,469	10,403 Intergovernmental exceeded the adopted budget by 2.8% due to increases in the insurance pension turnback funds received on behalf of the City.
Charges for Services	11,157,154	1,324,666	12,481,820	12,566,860	85,040 The adopted budget was flat from 2023. The budget amendment reflects increases in zoo revenues and parks and recreation revenues. Actual results exceeded the amended budget.
Fines & Fees	1,882,900	294,416	2,177,316	2,252,543	75,227 The 2024 adopted budget was a increase of 18.1% compared to the 2023 adopted budget. Actual traffic fine collections exceeded expectations at year end.
Utility Franchise Fees	32,591,550	222,806	32,814,356	32,790,352	(24,004)The original budget was based on forecasts received directly from the utility service providers. Actual revenues were slightly below the amended budget.
Interest Earnings	1,126,300	2,185,262	3,311,562	2,327,554	(984,008)The budget amendment reflects the expectations related to the change in the fair market value of investments at year end which came in lower than expected. The pooled cash investments are primarily in U.S. Agencies, Certificates of Deposit, and Municipal Bonds which are held to maturity.
Contributions	390,000	-	390,000	427,876	37,876 The budget reflects contributions from the Little Rock Convention and Visitor's Bureau (LRCVB) for operation of the River Market in a net cost sharing arrangement. The actual revenues came in slightly above budget.
Miscellaneous	712,700	(41,000)	671,700	1,168,248	496,548 The actual variance includes increased revenues from seized funds, reimbursements for housing and neighborhood programs, and court fees.
Initiation of leases	-	-	-	2,453,555	2,453,555 The variance is a result of new leases in 2024.
Initiation of subscription-based information technology arrangements Transfers In Total General	_ 2,669,807	-	2,669,807	521,201 2,555,048	The variance is the result of new subscription-based information technology 521,201 arrangements entered into 2024. (114,759)The adopted budget includes transfers from other funds primarily associated with overhead. The actual variance is associated with transfers from other governmental funds being less than expected due to less than expected excess funds.
Fund Revenue	\$ 257,510,221	\$ 4,637,537 \$	262,147,758 \$	264,822,875 \$	2,675,117

		Gen	eral Fund Budget	– Expenditure	25
	Original Budget	Adjustments	Final Budget	Actual	Variance Fav. (Unfav.) Explanation
General Administration	\$ 30,997,868 \$		30,744,614 \$	38,566,810 \$	(7,822,196)The budget amendment is primarily associated with the allocation of vacation and sick leave payouts to other departments for separating employees and allocated vacancy savings. The expenditures are originally budgeted in General Administration and allocated to departments as incurred. The actual variance includes expenditures related to special projects that are included in the transfers out budget on an annual basis as well as utilizing excess fund balance for projects including
Board of Directors Community Programs	395,993 241,193	39,764	435,757 241,193	435,292 7,480,070	security cameras. 465 Immaterial (7,238,877)The variance is attributed to special project expenditures for Children, Youth, and Family, and Prevention, Intervention, and Treatment programs, which are budgeted as transfers out.
City Attorney	2,802,974	145,295	2,948,269	2,958,799	(10,530)The budget amendment reflects savings from vacant positions (\$167,747), net of an allocation for vacation/sick payouts for separating employees (\$32,331). The actual variance is attributed to payouts that occurred at year end for retiring employees.
District court – first division (criminal)	1,505,870	(40,299)	1,465,571	1,458,060	7,511 The budget amendment reflects savings from vacant positions (\$39,422), net of an additional allocation for vacation/sick payouts for separating employees (\$12,039). The actual variance is attributed to savings in personnel costs, supplies, and contracted expenditures.
District court – second division (traffic)	1,382,497	(18,164)	1,364,333	1,361,493	2,840 The budget amendment reflects savings from vacant positions (\$35,993) offset by additional budget for vacation and sick payouts (\$5,445) and for services and maintenance. The actual variance is attributed to savings in costs from providing services.
District court – third division (environmental)	638,092	(5,411)	632,681	624,527	8,154 The budget amendment reflects savings from vacant positions, net of an additional allocation for vacation/sick payouts for separating employees (\$14,296). The variance is related to costs coming in under budget through management of the department's budget.
Finance	5,513,906	(388,221)	5,125,685	4,936,271	189,414 The budget amendment primarily reflects savings from vacant positions (\$585,018), net of an additional allocation for vacation/sick leave payouts for separating employees (\$41,456). The actual variance is attributed to savings from personnel costs, supplies, and contracts.
Human resources	2,814,973	285,271	3,100,244	3,509,670	(409,426)The budget amendment reflects savings from vacant positions (\$111,836), net of an additional allocation for vacation/sick leave payouts for separating employees (\$9,959) increases of (\$270,701) for personnel services and (\$124,390) for services and other maintenance. The actual variance is associated with increased costs associated with two additional personnel added in 2024 that were not included in the 2024 budget.
Information technology	8,214,230	(105,904)	8,108,326	5,973,975	2,134,351 The budget amendment reflects savings from vacant positions (\$253,112), net of an additional allocation for vacation/sick leave payouts for separating employees (\$170,681). The actual variance is related to the reallocation of subscription-based information technology arrangements to capital outlays related to GASB Statement No. 96.

# Expenditures, budget adjustments, and actual results by General Fund departments are shown below.

#### General Fund Budget – Expenditures

	0	General F	und Budget – Ex	penditures (Co	ntinued)
	Original Budget	Adjustments	Amended Budget	Actual	Variance Explanation
Fire	62,023,166	(6,209,108)	55,814,058	57,770,222	(1,956,164) The budget amendment included a reduction of \$6.6 million for salaries that were moved to be ARPA grant funded, additionally fire salaries were reduced by \$434,847 due to vacancy savings offset by an increase of \$431,647 related to payouts of vacation/sick leave. There was alos an additional allocation for fire pension contributions related to turnback funds (\$72,582). In addition, the Fire budget was increased related to supplies and services of \$570,108. The actual variance is attributed to personnel costs above expectations due to overtime.
Police	90,635,710	(5,023,447)	85,612,263	87,041,069	(1,428,806) The budget amendment reflects savings from vacant positions (\$5,803,204), a reduction related to the closed pension plan (\$33,547), a reduction of \$1,825,252 for salaries charged to the ARPA grant, partially offset by additional allocations for vacation/sick payouts to separating employees (\$799,444), and an additional allocation for personnel and service adjustments of (\$962,301). The actual variance is primarily attributed to special project expenditures that were budgeted in prior years.
911 operations	5,045,670	46,379	5,092,049	5,089,947	2,102 The budget amendment reflects savings from vacant positions (\$806,078), net of additional allocations for vacation/sick leave payouts for separating employees (\$8,140), and additional allocation of \$528,878 for operations. The actual variance is immaterial.
Fleet	-	-	-	-	-
Housing & neighborhood					
programs	7,894,173	(462,299)	7,431,874	8,685,318	(1,253,444)The budget amendment reflects savings from vacant positions (\$412,963), a reduction related to the Micro Home Village operations which were budgeted in 2024 and moved to be a transfer out due to still working to construct the project (\$500,000), partially offset by additional allocations for vacation/sick payouts for separating employees (\$24,654), an additional allocation for personnel and supply costs (\$403,800). The actual variance includes special project expenditures of \$1,358,722 for weed lot maintenance, land bank acquisition, and residential and commercial demolitions which were budgeted as transfers out, partially offset by savings in other operating expenditures.
Principal	3,740,323	-	3,740,323	7,369,851	(3,629,528) The budget represents principal payments on temporary notes. The actual variance represents the principal portion of lease payments paid from the fleet replacement special project, budgeted as transfers out as well as operating leases, and principal payments for subscription-based information technology arrangements. These expenditures were budgeted within the departments responsible for the subscriptions and leases.
Interest expense	330,584	-	330,584	579,540	(248,956) The budget represents the interest expense paid on temporary notes. The actual variance represents the interest paid on vehicle leases paid from the fleet replacement special project, budgeted as transfers out, operating leases, and the interest associated with subscription-based information technology arrangements.

	Original	General Fu	ınd Budget – Exp Final	enditures (Co	ontinued) Variance	
	•	Adjustments	Budget	Actual	Fav. (Unfav.)	Explanation
Capital outlay	63,325	-	63,325	6,926,076	(6,862,751)	The actual variance reflects special project capital expenditures that is reflected in the transfers out budget below as the expenditures occur in the general fund special projects fund. The actual results also include capital outlays related to new leases and subscription-based information technology arrangements initiated in 2024.
Transfers Out	12,579,662	9,370,934	21,950,596	460,682		The transfers out budget primarily consists of transfers to special projects as specified by the Board of Directors. The special projects are for programs the Board wishes to track separately, and often involve projects that extend beyond the current fiscal year. The budget amendment includes additional allocations of \$6.6 million for projects including Senior Center Facility, Drainage Projects as Targeted Community Development, Little Rock Fire Department Capital Needs, the new West Little Rock Station, Infrastructure as Economic Development. \$1 million for the data center refresh project, \$32,946 for parks maintenance, \$234,736 to cover expenditures in a prior year on a grant that was not realized, \$500,000 for the micro home village construction, \$35,000 for learning and performance activities, \$170,156 for sidewalk improvements, and \$143,000 to complete the animal village construction. \$1.7 million for Investments to Affordable Housing and Efforts to Decrease Homelessness: Micro Home Village and Parks and Community Centers. Special project expenditures are grouped with general fund expenditures above for reporting purposes, and the transfers out to special projects are eliminated, creating the variance from budget to actual. The actual transfers reflected include transfers to the Street fund for parking enforcement, transfers to the Grant Fund for prior year grant expenditures,
Vacancy Savings	(7,000,000)	7,000,000	-	-	-	and transfers for parks maintenance. The budget adjustment reflects savings that occurs when authorized positions are vacant. As savings are achieved, the budgets of the applicable departments are reduced with an offset to the vacancy savings budget. The vacancy savings allocation was fully realized in 2024.
Total General Fund Expenditures	\$ 257,510,221 \$	5,180,103 \$	262,690,324 \$	273,408,811 \$	\$ (10,718,487)	

#### **Capital Assets and Debt Administration**

**Capital assets.** The City's investment in capital assets for governmental and business-type activities as of December 31, 2024, amounts to \$710,226,969 (net of accumulated depreciation and amortization). The investment in capital assets includes lease assets, subscription-based information technology arrangements, land, buildings, systems, improvements, vehicles and equipment, park facilities, roads, curbs and gutters, streets and sidewalks, and drainage systems. The total increase in the City's net capital assets for 2024 is \$11,349,153, or 1.6% (an increase of 1.76% for governmental activities and a decrease of (1.9)% for business-type activities).

#### City of Little Rock Capital Assets, Net of Accumulated Depreciation and Amortization

Major capital asset events during 2024 included the following:

- Infrastructure additions were \$12,457,248
- Vehicle and equipment additions were \$19,030,355
- Land and Rights-of-Way additions were \$623,013
- Construction in progress additions, net of transfers for assets placed in service, canceled projects or items that did not meet the capitalization threshold upon completion, decreased \$(4,883,297)
- New leases and subscription-based information technology arrangements were \$3,992,948
- Depreciation and amortization expense totaled \$38,320,328
- Asset retirements, net of accumulated depreciation, were \$936,762

Additional information on the City's capital assets can be found in *Note 4* on pages 67-71 of this report.

**Long-term Debt.** At December 31, 2024, the City's primary government had \$192,454,714 of long-term debt outstanding, including general obligation bonds of \$122,835,000, notes payable of \$19,379,620, leases of \$3,866,718, subscription-based information technology arrangement of \$2,259,587 and \$43,515,000 of bonds, secured solely by specified revenue sources (*i.e.*, revenue bonds). In addition, net issuance premiums and issuance discounts totaled \$2,282,865.

**City of Little Rock**

Total long-term debt outstanding at December 31, 2024, increased \$28,159,227, an increase of 17.1%. The increase was attributable to a new note payable of \$10,954,400 for the construction and acquisition

of a new Solar Facility, the second issuance tied to the 2022 millage capital improvement program approved by voters in 2022 of \$37,310,000, the initiation of new leases and subscription-based information technology arrangements of \$2,459,402 and \$2,317,437, respectively. The net increase is offset by decreases from bonded debt retirements of \$17,090,000, principal payments on short-term financing notes in the amount of \$3,740,323, principal payments on leases of \$1,949,744, and principal payments on subscription-based information technology arrangements of \$2,101,945.

The City's general obligation bond rating by Standard & Poor's Corporation and Moody's Investors Service, Inc. are "AA" and "Aa1", respectively. The City's bond ratings are shown in the following table.

	Moody's Investors Service	Standard & Poor's
General Obligation Debt		
TIF #1 2014 Capital Improvement	Not Rated	Not Rated
2022 Limited Tax Capital Improvement Bonds	Aal	AA
2022 Library Construction and Refunding Bonds	Not Rated	AA
2024 Limited Tax Capital Improvement Bonds	Aal	AA
Revenue Debt		
2003 Capital Improvement and Refunding Revenue	A3	A-
2017 Capital Improvement Refunding Bond	Not Rated	AA-
2018 Hotel Gross Receipts Tax Bonds	Not Rated	BBB

The City is within all its legal debt limitations. Under the Arkansas Constitution, the City is allowed to issue general obligation debt up to 20% of total assessed valuation, with voter approval. Outstanding general obligation and governmental revenue bonds at December 31, 2024, of \$165,527,217 net of premiums and discounts are well below the statutory limit of \$1,171,835,317. In addition, the City is allowed to issue short-term financing (maturities of less than five years) up to 5% of total assessed valuation. Outstanding short-term financing at December 31, 2024, of \$23,216,109 are well below the statutory limit of \$292,958,829. Voter approval is not required for short-term financing.

S&P Global Ratings lowered its long-term rating on the 2018 Hotel Gross Receipts Tax Bonds, Series 2018 to BBB from A- in 2020 and revised the outlook to negative. The rating action reflected uncertainty regarding the duration of the ongoing Coronavirus pandemic and the impact on pledged revenue. In addition, the outlook on transportation industry bonds, including the 2003 Capital Improvement and Refunding Revenue Bonds issued to finance construction of the RiverMarket Parking Deck and advance refund the 1997 Capital Revenue Bonds (Second and Main Street Parking Project), was revised to negative due to the impact of the pandemic on the industry. In 2022, the outlooks on the 2018 Hotel Gross Receipts Tax Bonds, Series 2018 and the 2003 Capital Improvement and Refunding Revenue Bonds were revised to stable. The outlook on the 2003 Capital Improvement and Refunding Revenue Bonds was confirmed as stable in November 2024. The City's 2024 Limited Tax Capital Improvement Bonds confirmed the City's rating at Aa1 from Moody's and AA from S&P.

Additional information regarding the City's long-term debt can be found in *Note 5* on pages 72-79 of this report.

#### **Economic Factors and Next Year's Budgets and Rates**

The City's elected and appointed officials considered many factors when setting the 2025 budget, adopted on December 26, 2024. As a result, the 2025 General Fund original adopted budget is \$263,108,099, reflecting an increase of 2.17% from the original 2024 adopted budget. Sales tax revenue is expected to decrease from around \$143.3 million for 2024 to \$143.2 million for 2025, due to softness seen in sales tax revenues in 2024 and expected stability in the revenue due to impacts of inflation and lack of growth in real wages.

Little Rock continues to rebuild after the devastating tornado on March 31, 2023 - a tornado that destroyed hundreds of structures and impacted about 3,000 structures. The City continues to work to come back stronger and better than before the Tornado.

During 2024, the City asked voters to support a Sales Tax Election that would have increased the Sales Tax rate by a penny. 3/8th of the penny would have been used for operations while 5/8th would have been used to support capital investments. Voters rejected the proposal on November 5, 2024. As a result, the City must continue to prioritize our funding, ensuring that the City is funding areas that are important to our residents given the limited resources available and do more with less, as has been the case since the prior sales tax sunset in 2021.

The City also must evaluate how it ensures that it is taking care of its employees who provide services to our residents day in and day out. City employees are the lifeblood of the organization. The City will continue to look at how to implement the recently completed compensation study to ensure that all city employees are being paid a fair and livable wage for the work that they do.

Little Rock continues to perform well in attracting new businesses to the City and area to support quality jobs for our residents. The city continues to work towards landing a super site tenant at the Port of Little Rock. In the last five years, the city has created over 11,000 new jobs and over \$800 million in new investments in Little Rock. The city intends to keep this momentum going into 2025 as the city continues to grow at the Port of Little Rock and showcase the wonderful City to any and all businesses that are considering relocating or expanding their operations.

In 2025, we will assess City facilities and City property ownership and look at ways to put our assets to work. This could mean working with developers via a public-private partnership, to generate revenue from land and facilities that the City owns to support operations, investing in our deferred maintenance, or it could result in the sale of land or facilities.

The City will also continue to look at ways to address affordable housing and homelessness. The City of Little Rock is committed to working with its partners to ensure all residents who want a home are able to find one that is safe and secure. The city is excited to see the Micro Home Village open in 2025 and continue working with the land bank and developers to build more affordable housing within the City.

Financial management and stewardship are important at City Hall. The city is proud of the balanced budget the City Board continues to pass each year, despite multiple crises the city has had to navigate. The city continues to identify ways to cut costs and invest back in the city's residents.

The City Board voted to proceed with a solar development project in 2024 that will green City operations while reducing electricity costs. The City will harness the power of solar energy to provide approximately 70 percent of the electricity for City operations. The City anticipates that this project will lower the City's electricity costs by \$1 million dollars annually and \$27 million over 20 years. It is

expected that this project will be completed in the latter half of 2025 or early 2026.

It's time to land the super site at the Port of Little Rock. The City of Little Rock has already invested more than 30 million dollars for land acquisition and infrastructure since 2019. From that, the City has generated over 800 million dollars in capital investment for the community.

The Little Rock regional economy remains strong and poised to continue to grow in 2025. The total number of jobs has increased to 401,400. Little Rock's unemployment has fallen to around 2.7%, which is lower than the U.S. average of 4.1%. Reductions in interest rates in 2024 are expected to continue to be a tailwind for growth and development in Little Rock, although we are still working through the effects of the significant increase in prices experienced coming out of the pandemic. In October 2024, the Consumer Price Index for All Urban Consumers (CPI-U) or more commonly, the inflation rate was a more manageable 2.6% for the past 12 months.

It is anticipated that overall sales tax revenue growth will moderate to less than 1% as consumers adjust to increased prices from the prior years and re-prioritize their budgets in 2025. Expected interest rate cuts in 2025, along with Little Rock's comparative economic diversity and low unemployment should continue to create stable revenue trends across all city funds.

The City must continue to invest in efforts to recruit businesses to add new jobs and industries. The City has been committed to all areas of Little Rock with an equity-driven approach to policies and programs. In addition to supporting local businesses, the City will continue recruiting companies to Little Rock, adding to the more than 11,000 jobs added since 2019.

On December 21, 2022, the City issued the first series of Capital Improvement bonds approved by voters at a Special Election held on August 9, 2022. There were six (6) separate ballot questions before voters, each with stated maximum aggregate principal amounts including: Street Improvement Bonds - \$40.5 million, Drainage Improvement Bonds - \$40.5 million, Fire Apparatus Improvement Bonds - \$19.5 million, Park and Recreational Improvement Bonds - \$37 million, District Court Facility Improvement Bonds - \$8.5 million, and Port Industrial Park Improvement Bonds - \$15.8 million. Voters also approved the pledge of a 3.0 mill ad valorem tax levy to the bonds. The City issued the second series of Capital Improvement bonds on December 30, 2024.

The Mayor and the Board of Directors continue to place the highest premium on safety for the people of Little Rock and City employees. To meet the objectives of the 2025 budget, the City recognized the need to continue its pattern of cost containment designed to promote long-term fiscal stability.

The City continues to focus on recovery from the pandemic and the March 31, 2023 tornado, utilizing funds received from the American Rescue Plan and assistance from FEMA, while keeping up with population growth to maintain current levels of service to our residents. City officials are encouraged by economic development in all sectors of the City. For additional discussion see the letter of transmittal in the introductory section of this report on pages *viii-xvii*.

#### **Request for Information**

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to show accountability for the money it receives. Questions concerning any information provided in this report or requests for additional financial information should be addressed to the Chief Financial Officer's Office, 500 West Markham, Room 300, Little Rock, Arkansas 72201.

### **City of Little Rock, Arkansas** Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Funds to the Statement of Activities Year Ended December 31, 2024

Net change in fund balances - total governmental funds	\$ 2,053,860
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, for government-wide statements, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Capital outlay purchases above capitalization threshold Capital outlay - lease assets Capital outlay - subscription-based information technology arrangements Capital asset contributions Capital asset additions from non capital outlay expenditures Retirements Depreciation expense Amortization of lease assets Amortization of subscription-based information technology arrangements	46,965,396 2,453,555 521,201 1,482,878 3,645,222 (8,826,591) (31,555,087) (2,025,597) (1,570,530)
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	
Debt is used or incurred: General Obligation bonds, net of premium Notes Payable Leases Subscription-based information technology arrangements	(37,801,721) (10,954,400) (2,453,555) (521,201)
Principal repayments: General obligation bonds Revenue bonds Notes payable Amortization of bond premium Amortization of deferred loss on refunding Leases obligation Subscription-based information technology arrangements	14,725,000 1,680,000 3,740,323 291,631 (116,516) 1,933,007 1,701,172
Revenues that do not provide current financial resources, such as property taxes and fines and fees are not reported as revenues for the funds but are reported as revenues in the statement of activities.	1,035,672
Current year changes in accrued interest payable and the property tax pension liability do not require the use of current financial resources; therefore, they are not reported as expenditures in the governmental funds.	(397,000)
Current year changes in long-term liabilities for compensated absences and workers compensation do not require the use of current financial resources; therefore, they are not reported as expenditures in the governmental funds.	(1,749,919)
Current year pension and OPEB expenditures are reported on the fiscal year basis in the governmental statement of revenues, expenditures and changes in fund balance and as actuarially determined in the government-wide statement of activities. These differences are reflected in deferred outflows/inflows of resources balances.	9,714,140
The internal service fund is used to charge the costs of fleet management to individual funds. The change in net position of this fund is included in governmental activities in the statement of activities.	 (1,458,195 <u>)</u>
Change in net position of governmental activities	\$ (7,487,255)

# **City of Little Rock, Arkansas** Notes to Financial Statements Year Ended December 31, 2024

#### Note 1: Nature of Operations and Summary of Significant Accounting Policies

The City of Little Rock, Arkansas (City), is a municipal corporation operating under the authority of Arkansas state statute. The City operates under a city manager form of government. Ten elected directors and the Mayor set policy and employ the City Manager. The accounting and reporting policies of the City conform to accounting principles generally accepted in the United States of America for state and local governments as defined by the Governmental Accounting Standards Board (GASB). The following is a summary of the significant accounting and reporting policies of the City.

#### **Reporting Entity**

The accompanying government-wide financial statements present the financial statements of the nonfiduciary activities of the City and its component units. All fiduciary activities are presented in the fund financial statements. The component units are legally separate entities for which the City is considered to be financially accountable. Accountability is defined as the City's substantive appointment of the majority of the component unit's governing board. Furthermore, to be financially accountable, the City must be able to impose its will upon the component unit or there must be a possibility that the component unit may provide specific financial benefits to or impose specific financial burdens on the City. These component units are further distinguished between *Blended Component Units*, presented as part of the primary government, and *Discretely Presented Component Units*, presented separately.

The City's primary government consists of those funds or organizations that make up the legal entity for which it is financially responsible. Under these criteria, the following are included in a separate column in the government wide financial statements to emphasize that it is both legally and substantively separate from the primary government:

#### **Discretely Presented Component Units**

#### Major Component Units:

*Little Rock Water Reclamation Authority (LRWRA)* – The Mayor appoints the governing body of LRWRA with City Board approval. LRWRA receives no financial benefit from the City and provides water treatment services primarily to the citizens of Little Rock; however, the City has the power to impose its will on the LRWRA.

*Bill and Hillary Clinton National Airport (Airport)* – The Airport is controlled by a seven-member commission appointed by the Mayor with City Board approval. The City has the power to impose its will on the Airport. The Airport primarily serves the central Arkansas area.

There were no significant transactions between the major component units and the City in 2024.

# **City of Little Rock, Arkansas** Notes to Financial Statements Year Ended December 31, 2024

#### **Other Component Units:**

*Little Rock Advertising and Promotion Commission (Commission)* – The governing body of the Commission is appointed by the Commission subject to City Board approval. The City has the power to impose its will on the Commission. The Commission serves as the sales and advertising office for the City's convention and tourism industry and oversees the Little Rock Convention and Visitors Bureau.

*Little Rock Port Authority (LRPA)* – The governing board of the LRPA is appointed by the Mayor with City Board approval. The City has the power to impose its will on the LRPA. LRPA operates the Port of Little Rock, which includes railroad and river port loading facilities and a foreign trade zone.

*Little Rock Ambulance Authority (LRAA)* – The LRAA, known publicly as Metropolitan Emergency Medical Services (MEMS), has a governing body of seven members, five of whom are appointed by the City Board. The City Board must also approve any rate changes for LRAA. LRAA provides emergency medical transportation services to the greater metropolitan area.

*Central Arkansas Transit Authority d/b/a Rock Region Metro (RRM)* – RRM, which provides public transportation services to the greater metropolitan area, annually receives an operating subsidy from the City equal to 71% of the operating deficit. The City's contributions to RRM are vital to its operations. In addition, five of the 12 members of its Board of Directors are appointed by the City Board. Based on the closely related nature and significance of this relationship, the City has concluded that it would be misleading to exclude RRM. Therefore, the City has included RRM in the City's reporting entity as a discretely presented component unit.

*Museum of Discovery and Arkansas Museum of Fine Arts* – The Museum of Discovery and the Museum of Fine Arts, serving the greater metropolitan area's cultural needs, receive significant operating subsidies from the City annually. The governing bodies of both organizations are appointed with City Board approval. The City has the power to impose its will on both organizations. Additionally, the City owns the facility of the Museum of Fine Arts.

*Central Arkansas Library System (CALS)* – CALS, providing Central Arkansas with library services, receives financial benefit from the City in the form of tax revenue, levied by the City but collected by the Library, and other nonoperating subsidies. In addition, six of the nine members of its Board of Trustees are appointed by the City Board.

**Oakland Fraternal Cemetery (Cemetery)** – The governing board of the Cemetery is appointed by the City Board. The City has the power to impose its will on the Cemetery. Additionally, the City owns the land that is occupied by the Cemetery. The Cemetery operates the Perpetual Care Fund to invest monies to be used for the future operations and maintenance of the Cemetery. The governing body of the Perpetual Care Fund is composed of three trustees, all of which are appointed by the Cemetery Board.

# **City of Little Rock, Arkansas** Notes to Financial Statements Year Ended December 31, 2024

*Mt. Holly Cemetery (Mt. Holly)* –The governing board of Mt. Holly is appointed by the City Board. The City has the power to impose its will on Mt. Holly. Additionally, the City owns the land that is occupied by Mt. Holly. Mt. Holly operates the Perpetual Care Fund to invest monies to be used for the future operations and maintenance of the Cemetery. The governing body of the Perpetual Care Fund is composed of three trustees, all of which are appointed by the Mt. Holly Board.

*Little Rock Workforce Development Board (LRWDB)* – LRWDB is a non-profit organization created to provide job training. The sitting Mayor of the City of Little Rock serves as the chief executive officer and appoints the board members. The City has the power to impose its will on the Board. The LRWDB has a fiscal year end of June 30.

Complete financial statements of the individual component units, except for Mt. Holly Cemetery and Oakland Fraternal Cemetery, which do not issue separate financial statements, can be obtained from their respective administrative offices.

**Administrative Offices** 

*Fiduciary Component Units* - The City's Nonuniformed Employees' Defined Contribution Plan, Nonuniformed Employees' Defined Benefit Plan, 401(a) Money Purchase and Trust Retirement Fund, 2014 Defined Benefit Plan, and the Health Management Trust Fund are all reported as fiduciary component units under the provisions of GASB Statement No. 84, *Fiduciary Activities* and GASB Statement No. 14, *The Financial Reporting Entity*, as amended.

### Government-wide and Fund Financial Statements

The basic financial statements include both government-wide (based on the City as a whole) and fund financial statements as follows:

#### **Government-wide Financial Statements**

The government-wide financial statements report information on all of the nonfiduciary activities of the primary government and its component units. Fiduciary activities are excluded from the government-wide statements because they cannot be used to support the City's own programs. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's waste disposal and vehicle storage functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. These statements distinguish between the governmental and business-type activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The statement of activities demonstrates the degree to which the direct expenses of a given function or identifiable activity are offset by program revenues. Direct expenses are those that are clearly associated with a specific function or identifiable activity. Expenses that cannot be specifically identified to a particular function are charged to funds based on time spent for that function and are included in the functional categories. Program revenues include (a) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or identifiable activity and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program or identifiable activity.

#### **Fund Financial Statements**

The fund financial statements provide information about the City's funds, including its fiduciary funds. Separate statements for each fund type-governmental, proprietary and fiduciary-are presented. The emphasis of fund financial statements is on major governmental and major enterprise funds, each displayed in a separate column. All other governmental and enterprise funds are aggregated and reported as nonmajor funds.

The City reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Sales Tax Capital Improvements Fund* (*capital projects fund*), designated as a major fund, accounts for the capital expenditures that are derived from the 3/8 cent capital sales tax dollars. The capital sales tax sunset on December 31, 2021.

The 2022 Capital Improvements Fund (capital projects fund), accounts for the issuance of limited tax capital improvement bonds for the purpose of financing various capital improvements for the City.

The 2022 Capital Improvements Fund (debt service fund), accounts for the accumulation of resources for the payment of principal and interest on the 2022 limited tax general obligation debt of the City.

The *Street Fund (special revenue fund)*, accounts for gasoline and road taxes received from state and county levies. Revenues are expended for maintenance and repair of streets and sidewalks.

The American Rescue Plan - SLFRF Fund (special revenue fund), designated as a major fund, accounts for the City's allocation of federal grant funds received through the Coronavirus State and Local Fiscal Recovery Funds (SLFRF), a part of the American Rescue Plan.

The *Grant Fund (special revenue fund)*, accounts for grant funds received for various programs. These monies are expended to satisfy purposes as outlined by each federal program.

The City reports the following major enterprise funds:

The Waste Disposal Fund accounts for the activities of the City's waste disposal operations.

The *River Market Garage Fund*, designated as a major fund, accounts for the operations of the City's two downtown parking garages.

*Special Revenue Funds* – The special revenue funds, which include federal grants, are used to account for the proceeds of specific revenue sources, other than expendable trusts or major capital projects, which are legally restricted to expenditures for specified purposes.

*Debt Service Funds* – The debt service funds are used to account for the accumulation of resources restricted for, and the payment of, general long-term debt principal, interest, and related costs.

*Capital Projects Funds* – The capital projects funds are used to account for financial resources restricted for the acquisition or construction of major capital facilities, other than those financed by enterprise funds.

*Internal Service Fund* – The internal service fund is used to account for centralized services provided to City departments on a cost-reimbursement basis. The City's internal service fund is the Fleet Service Fund.

*Enterprise Fund* – The nonmajor enterprise fund is used to account for vehicle storage whose operations are financed primarily or partially through user charges.

*Pension and Other Post Employee Benefit Trust Funds* – Accounts for assets held in trust for the Police Pension, Firemen's Pension and Relief Fund, Nonuniformed Employees' Defined Contribution Plan, Nonuniformed Employees' Defined Benefit Pension Plan, 2014 Defined Benefit Plan, the 401(a) Money Purchase and Trust Retirement Fund and the Health Management Trust Fund. Plan trustees must act in accordance with the specific purposes and terms of these retirement plans.

*Custodial Fund* – Accounts for monies collected and held by the courts until they are disbursed to various governmental agencies.

During the course of operations, the government has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service fund) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities are eliminated so that only the net amount is included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

### Measurement Focus and Basis of Accounting

#### **Government-wide, Proprietary and Fiduciary Funds**

The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus and accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows.

Operating revenues and expenses are distinguished from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the principal ongoing operations of the fund. All revenues and expenses not meeting this definition are reported as nonoperating items.

Nonexchange transactions, in which the City receives (or gives) value without directly giving (or receiving) equal value in exchange, include taxes; fines and forfeitures; grants, entitlements, and similar items; and donations. Recognition standards are based on the characteristics and classes of nonexchange transactions. Franchise taxes, other taxes, and fines and forfeitures are recognized as revenues, net of estimated refunds and uncollectible amounts, in the accounting period when an enforceable legal claim to the assets arises and the use of resources is required or is first permitted. Grants, entitlements and donations are recognized as revenues, net of estimated uncollectible amounts as soon as all eligibility requirements imposed by the provider have been met. Amounts received before all eligibility requirements have been met are reported as unearned revenues. Grants and similar aid to other organizations are recognized as expenses as soon as recipients have

met all eligibility requirements. Amounts paid before all eligibility requirements have been met are reported as prepaid items.

### **Governmental Fund Financial Statements**

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and liabilities are generally included on the balance sheet. The statement of revenues, expenditures and changes in fund balances presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in available spendable resources. Capital asset acquisitions are reported as expenditures in the governmental funds. Issuance of long-term debt and acquisitions under leases, subscription-based information technology arrangements, public-public partnerships and contracts payables are reported as other financing sources. Under the modified accrual basis of accounting, revenues are recognized when both measurable and available. The City generally considers revenues reported in the governmental funds to be available if they are collectible within 60 days after year-end. Principal revenue sources considered susceptible to accrual include taxes, local funds, and investment earnings and so have been recognized as revenues of the current fiscal period. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met and the amount is received within one year of year-end. Other revenues are considered to be measurable and available only when cash is received by the City. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, compensated absences, and obligations for workers' compensation, which are recognized as expenditures when payment is due. Pension expenditures are recognized when contributed to a plan or when expected to be liquidated with expendable available financial resources.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

### Cash and Cash Equivalents

Cash and cash equivalents include demand deposits, cash on hand, certificates of deposit and short-term instruments with original maturities at purchase of 90 days or less. The City uses a pooled cash account for operating purposes in which all funds, except the pension trust and custodial funds, have an interest.

#### Investments and Investment Income

All of the City's investments are carried at fair value. Fair value of collateralized mortgage obligations is estimated using a published pricing service.

Investment income includes dividend and interest income and the net change for the year in the fair value of investments. Investment income is credited to the fund from which the investments were made, except where required otherwise by bond indentures or City policy.

#### Inventories

Inventories consist of supplies, which are valued at cost, and merchandise and renovated housing available-for-sale (funded by grant programs) valued at the lower of average cost or market value. The costs of governmental fund type inventories are recorded as expenditures when purchased/constructed.

#### **Prepaid Items**

Prepaid items in governmental funds are accounted for under the consumption method.

#### Leases

Lessee: The City is a lessee for noncancellable leases of buildings, equipment, vehicles, and land. The City recognizes a lease liability and an intangible right of use asset in the government-wide financial statements and the nonmajor enterprise fund (vehicle storage). The City recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The right of use lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the City is reasonably certain to exercise. In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is

reasonably certain to be extended (or not terminated).

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lessor: The City is a lessor for noncancellable leases of property. The City's general fund and the City's River Market Garage fund recognize a lease receivable and deferred inflow of resources in the government-wide and fund financial statements.

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

The City amortization of the lease receivable and the recognition of the related interest revenue of each financing arrangement is determined using the effective interest method. The lease term includes the noncancellable period of the lease. Any payments received are allocated first to the interest receivable and then to the lease receivable. Deferred inflows of resources are recognized as inflows of resources (revenue) coinciding with the reduction in lease receivables determined by the effective interest method. Interest income resulting from the lease financing arrangements is presented in investment income in the government-wide Statement of Activities, the Statement of Revenues, Expenditures and Changes in Fund Balances for governmental funds, and Statement of Revenues, Expenses and Changes in Net Position for proprietary funds.

The City monitors changes in circumstances that would require a remeasurement of its leases, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

### **Capital Assets**

Capital assets, which include infrastructure, are reported in the government-wide financial statements and the fund financial statements for proprietary funds. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated acquisition value at the date of donation.

Capital assets are defined as assets with an initial value or cost greater than or equal to \$5,000 and an estimated useful life of greater than one year. Exceptions are for infrastructure assets, which are defined as having a constructed cost greater than \$250,000.

Capital assets are depreciated using the straight-line method over their estimated useful lives ranging from 15–50 years for infrastructure, 10–75 years for buildings and 3–25 years for land improvements, vehicles, and equipment.

Depreciation and amortization expense is charged directly to the department/function based on the department that utilizes the related asset. Lease, public-public partnership, and subscription-based information technology arrangements assets are amortized over the life of the associated contract.

### Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the columns for governmental activities, business-type activities, and component units. These amounts are also reported as liabilities in the fund financial statements for proprietary funds. Debt premiums, discounts, and deferred losses on refundings are generally deferred and amortized using the effective interest rate method. Long-term debt is reported net of the applicable debt premium or discount.

In the fund financial statements, governmental fund types recognize debt premiums, during the current period. The face amount of the debt issued and premiums received are reported as other financing sources. Issuance costs, whether or not withheld from the actual proceeds received, are reported as debt service expenditures.

#### **Compensated Absences**

City employees earn sick pay and vacation leave benefits on the basis of length of service time. Subject to certain restrictions, City employees are compensated (historically from the fund that the employee is assigned) for unused sick and vacation time upon leaving the City's employment. All sick pay and vacation leave is accrued when incurred in the government-wide and proprietary fund financial statements. In governmental funds, a liability for these amounts is reported only as payments come due each period upon the occurrence of relevant events such as employee resignations and retirements.

#### **Unearned Revenue**

Unearned revenue consists mainly of business licenses and grant funding received in advance.

#### Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's defined benefit pension plans (the Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City's Health Management Trust Fund (HMT) Plan and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### **Deferred Outflows/Inflows of Resources**

Deferred outflows of resources represent a consumption of net assets that applies to a future reporting period(s) and so will not be recognized as an outflow of resources (expense) until then. The City has a deferred outflow for a bond refunding, which is the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred or amortized to interest expense over the shorter of the life of the refunded and new debt. In addition, the City has deferred outflows related to pensions & OPEB, consisting of the amount of contributions made to the pension plans after the measurement date, the net difference in investment experience between actual earnings and projected earnings on pension & OPEB plan investments, assumption changes, the difference in proportion changes, and the difference in expected and actual experience. Deferred outflows related to contributions made to the pension plan after the measurement date will be recognized as a reduction of net pension liability in year subsequent to the current fiscal year end. The remaining amounts will be amortized to pension expense over future periods as shown within *Notes 7 & 8.* 

Deferred inflows of resources represent an acquisition of net assets that applies to a future reporting period(s) and so will not be recognized as an inflow of resources (revenue) until then. The City's deferred inflows include unavailable revenues in the governmental funds. The City also has deferred inflows related to pensions and OPEB. This consists of the difference between the expected and actual experience related to the pension and OPEB plans, assumption changes, and the net investment-proportion changes. These amounts are amortized over future periods to pension and OPEB expense as shown within *Notes* 7 &  $\delta$ .

Deferred inflows related to lessor leases are described above under Leases.

Public-private partnership (PPP) amounts are recognized upon the contribution of improvements to the underlying PPP asset made by the operator in the PPP to the City. The deferred inflow of resources is recorded in an amount equal to the value of the contributed improvements at the time of the contribution. The inflow of resources is recognized in a systematic and rational manner over the term of the PPP.

#### Net Position/Fund Balance

Net position of the government-wide financial statements and proprietary funds of the City are classified in four components. Net investment in capital and lease assets consists of capital assets and lease assets, net of accumulated depreciation and amortization and reduced by the outstanding balances of borrowings used to finance the purchase or construction of those assets and other (non-debt) capital related liabilities as of fiscal year end, including accounts payable and retainage

payable, plus capital-related deferred outflows of resources (such as a loss on refunding of outstanding capital debt). Restricted expendable net position are noncapital assets that must be used for a particular purpose as specified by creditors, grantors, or donors external to the City, including amounts deposited with trustees as required by bond indentures, reduced by the outstanding balances of any related borrowings. Restricted nonexpendable net position are noncapital assets that are required to be maintained in perpetuity as specified by parties external to the City, such as permanent endowments. Unrestricted net position is remaining assets and deferred outflows of resources less remaining liabilities and deferred inflows of resources that do not meet the definition of net investment in capital assets, restricted expendable or restricted nonexpendable.

When both restricted and unrestricted resources are available for use, generally it is the City's policy to use restricted resources first. For projects funded by tax-exempt debt proceeds and other sources, the debt proceeds are used first. The fund balances for the City's governmental funds are displayed in five components:

*Nonspendable* – Nonspendable fund balances are not in a spendable form or are required to be maintained intact.

*Restricted* – Restricted fund balances may be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may be changed or lifted only with the consent of resource providers.

*Committed* – Committed fund balances may be used only for the specific purposes determined by ordinance of the Board of Directors. Commitments may be changed or lifted only by issuance of an ordinance by the Board of Directors.

*Assigned* – Assigned fund balances are intended to be used by the City for specific purposes as determined by the Mayor, City Manager, or the Board of Directors. The Mayor and City Manager are allowed to assign funds up to \$49,999. Any assignment of \$50,000 or more must be approved by the Board of Directors through a resolution. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.

*Unassigned* – Unassigned fund balance is the residual classification for the general fund and includes all amounts not contained in the other classifications. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the general fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

The City considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The City applies committed amounts first, followed by assigned amounts, and then unassigned amounts when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

### Stabilization Arrangement

The City has a general fund reserve, which was established by the City's financial policy. The general fund goal is to set aside \$10 million or ten (10) percent of budgeted general fund revenues, whichever is greater, into a restricted reserve fund, absent express action of the Board. The restricted reserve shall be maintained at that level thereafter. The monies in the reserve fund are readily available for appropriation or expenditure but are used if there is a need to do so because of some extraordinary circumstance not foreseen during the year. Funds can be used, at the Board's discretion, to meet a unique opportunity for the overall well-being of the City unforeseen during the regular budget process, to continue to operate budgeted City services at the level set forth in the annual budget after a catastrophic event or some unforeseen economic downturn that could not be reasonably predicted during the annual budget process, or to meet some legal obligation imposed upon the City as a result of administrative or legal action not reasonably anticipated during the annual budget process. As of December 31, 2024, the Board's established amount of the reserve is \$13,100,000, which is included in unassigned fund balance of the General Fund.

### **Budgetary Information**

Annual budgets are legally adopted on a basis consistent with accounting principles generally accepted in the United States of America for the General and Street Funds. All annual appropriations lapse at year end. The general fund, general fund special projects fund, and the seized money fund are combined into a single, aggregated presentation in the general fund financial statements. Both the general fund special projects fund and the seized money fund do not have appropriated budgets, since other means control the use of these resources (e.g., seized funds) and sometimes span a period of more than one fiscal year.

The capital projects funds are appropriated on a project-length basis. Other special revenue funds do not have appropriated budgets since other means control the use of these resources (e.g., grant awards) and sometimes span a period of more than one fiscal year.

#### **Pension Plan Descriptions**

The City participates in seven defined benefit pension plans; which are comprised of two single-employer defined benefit pension plans, three cost-sharing multiple employer defined benefit pension plans and two agent-multiple employer defined benefit pension plan. In addition, the City sponsors two defined contribution pension plans. The pension plans are described and illustrated in detail in *Note 7*.

#### Adoption of Accounting Principle

The City adopted those portions of GASB Statement No. 99, *Omnibus 2022*, applicable for the year ended December 31, 2024. This Statement establishes accounting and financial reporting requirements for specific issues related to derivative instruments, leases, public-private and public-public partnerships, subscription-based information technology arrangements (SBITAs), LIBOR usage extension, disclosures for nonmonetary transactions, pledging of revenues, government-wide financial statement focus. The implementation of this accounting standard did not have an impact on the City's financial statements.

### Future Adoption of Accounting Pronouncements

The GASB has issued the following potentially significant statements which the City has not yet adopted, and which require adoption subsequent to December 31, 2024:

Statement N	lo.	Adoption Required in Fiscal Year
102	Certain Risk Disclosures	2025
103	Financial Reporting Model Improvements	2026
104	Disclosure of Certain Capital Assets	2026

The impact of these standards on the City's net position has not been determined.

### Note 2: Deposits and Investments

### Deposits

Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. The City's deposit policy for custodial credit risk requires compliance with the provisions of state law.

City statute requires that deposits in financial institutions be collateralized with federal depository insurance and bonds or other interest-bearing securities of the United States, the State of Arkansas, Arkansas political subdivisions or agencies or instrumentalities of these entities at 104%. No legal opinion has been obtained regarding the enforceability of any of the collateral arrangements.

State statutes require all time and demand deposits to be fully insured or collateralized. Accounts with under \$250,000 balance of either an interest bearing account or non-interest bearing account are covered by FDIC deposit insurance. The total cash held in demand deposits has been fully collateralized and meets statutes' requirements. At December 31, 2024, none of the City's primary government bank balances were exposed to custodial credit risk.

### Investments

The investment policy of the City is governed by State statute and a Council adopted City Investment Policy. Major controls stipulated in the Investment Policy include: depository limitations require Federal Deposit Insurance Corporation ("FDIC") insurance or full 100 percent collateralization; all collateral for repurchase agreements and deposits held by independent third party trustees; all settlement is delivery versus payment; all authorized investments are defined; and diversification guidelines are set as are maximum maturity and maximum weighted average maturity.

Arkansas statutes authorize the City to invest in direct obligations of the U.S. government; obligations on which the principal and interest are fully guaranteed, or are fully secured, insured or covered by commitments or agreements to purchase by the U.S. government; obligations of agencies and instrumentalities created by act of the United States Congress and authorized thereby to issue securities or evidence of indebtedness, regardless of guarantee of repayment by the U.S. government; obligations of political subdivisions of the United States; certain obligations issued by the State Board of Education; short-term warrants of political subdivisions of the State of Arkansas and municipalities; the sale of federal funds with a maturity of not more than one business day; demand, savings or time deposits fully insured by a federal deposit insurance agency; repurchase agreements that are fully insured by obligations of the U.S. government, any U.S. State or any political subdivision thereof; securities of, or other interest in, any open-end type investment company or investment trust registered under the *Investment Company Act of 1940*, and which is considered a money market fund, provided that the portfolio is limited principally to U.S. government obligations and the investment company or trust takes delivery of collateral either directly or through an authorized custodian; and bank certificates of deposit.

Arkansas statutes also authorize the City to invest no more than 20% of its capital base in corporate debt obligations; revenue bond issues of any state, municipality or political subdivision; industrial development bonds for corporate obligors issued through any state or political subdivision; securities or interest in an open-end or close-end management type investment company or trust registered under the *Investment Company Act of 1940* with certain limitations; securities or interest issued, assumed, or guaranteed by certain international banks; and uninsured demand, savings or time deposits or accounts of any depository institution chartered by the United States, any U.S. state, or District of Columbia. The pension and other employee benefit trust funds are authorized to also invest in common stocks, investment grade corporate bonds and other appropriate securities.

At December 31, 2024, the City had the following investments and maturities, including cash and investments reported in fiduciary funds:

	Prima	ry G	overnment								
	Maturities in Years										
			Less					Μ	ore		
Туре	 Fair Value		Than 1		1-5		6-10	tha	n 10		
Real Estate funds	\$ 7,224,445	\$	7,224,445	\$	-	\$	-	\$	-		
U.S. Treasury obligations	26,186,419		24,934,131		1,252,288						
U.S. Agencies obligations	128,732,545		37,789,610		90,942,935		-		-		
Fixed income funds	33,751,165		33,751,165		-		-		-		
Mutual funds	682,596		682,596		-		-		-		
Money Market Mutual funds	140,140,827		140,140,827		-		-		-		
Equity funds	98,680,586		98,680,586		-		-		-		
Negotiable Certificates of Deposit	2,578,593		339,188		2,239,405		-		-		
Municipal bonds	 2,108,962				2,108,962		-		-		
	\$ 440,086,138	\$	343,542,548	\$	96,543,590	\$	-	\$	-		

In accordance with GASB Statement No. 72, *Fair Value Measurement and Application*, the City records investments at fair value. However, for participating interest-earning investments contracts with maturities of one year or less at time of purchase, the City reports these investments at amortized cost.

Interest Rate Risk – The City's policy does not limit the maturity of any single debt security. The City employs a maturity-spacing strategy regarding its investment portfolio. This includes a balanced or laddered maturity strategy with equal spacing of maturities held. The rationale for an equal maturity strategy is to provide the portfolio with some reinvestment risk protection, spreading reinvestment out over the full interest rate cycle. That is, there will be a relatively continuous cash flow over time from maturity laddering and these funds can be reinvested at the then current rates. The effects of overall interest rate change will tend to be averaged, and the extremes of return and risk will be truncated.

Credit Risk – Credit risk is the risk that the issuer or other counterparty will not fulfill its obligations. It is the City's policy, excluding fiduciary funds, to invest almost exclusively in government-issued treasuries and agencies. At December 31, 2024, the City's investments not directly guaranteed by the U.S. government were rated as follows:

Investment Type	Rating Agency	Rating
Money Market Mutual Funds	S&P/Moody's	AAA/Aaa
Municipal Bonds	S&P/Moody's	A3 to Aa2/A3 to Aa2
Corporate Bonds	S&P/Moody's	Baa3 to AA+/B3 to Aaa+

Custodial Credit Risk – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investments are exposed to custodial credit risk if they are uninsured, are not registered in the City's name, and are held by either the counterparty to the investment purchase or are held by the counterparty's trust department or agent but not held in the City's name. None of the City's investments owned at December 31, 2024 were subject to custodial credit risk.

Concentration of Credit Risk – The City places no limit on the amount that may be invested in any one issuer. A fund generally may invest no more than 10% of its total assets in the purchase of a single security.

Pension and OPEB trust funds had the following investments that exceeded five percent of net position:

Firemen's Pension - Capital Point Partners, L.P. - \$625,157

Police Pension - Capital Point Partners, L.P. - \$614,056

*Non-Uniformed Employees' Defined Contribution Plan 804* – Federated Hermes Treasury Obligations Fund - \$992,743, Fidelity Investment Money Market Fund #2643 - \$757,473, IShares MSCI USA Minimum Volatility Fund - \$574,738, Ishares MSCI Emerging Mrkt - \$184,301, IShares Russell 1000 Growth ETF Fund - \$791,113, IShares Russell 1000 Value ETF Fund - \$619,630, IShares Russell 2000 Growth ETF Fund - \$659,108, IShares Russell Midcap Value ETF Fund - \$453,983, and IShares Russell Midcap Growth ETF Fund - \$769,753.

*401(a) Money Purchase and Trust Retirement Fund* – MissionSquare PLUS Fund R3 - \$588,399, MissionSquare MP Long-Term Gr R3 - \$1,724,047, and MissionSquare 500 Stock Index R3 - \$538,223, MissionSquare Growth & Inc R3 - \$700,335.

*Non-Uniformed Employees' Defined Benefit Pension Plan* – Fidelity Investment Money Market Fund #2643 - \$1,226,200, IShares MSCI Minimum Volatility Fund - \$848,388, IShares Russel 1000 Growth - \$978,249, IShares Russell 1000 Value ETF Fund - \$906,026, IShares Russell 2000 Growth ETF Fund - \$782,295, IShares Russell Mid Cap Growth ETF Fund - \$821,720, and IShares Russell Mid-Cap Value ETF Fund - \$732,064.

2014 Non-Uniformed Employees' Defined Benefit Pension Plan – Fidelity Investment Money Market Fund #2643 - \$9,146,505, Goldman Sachs Treasury Access 0-1 Year EFT - \$7,298,591, IShares MSCI USA Minimum Volatility Fund - \$6,171,349, IShares Russell 1000 Growth ETF Fund - \$10,951,890, IShares Russell 1000 Value ETF Fund - 10,225,100, IShares Russell 2000 Growth ETF Fund -\$6,647,203, and IShares Russell Mid Cap Growth ETF Fund - \$8,030,880.

*Health Management Trust Fund* – Federated Hermes Treasury Obligations Institutional Shares Fund - \$1,381,920 and IShares Russell 1000 Growth ETF Fund - \$1,009,973.70, SPDR S&P EF TR Unit - \$1,019,193, IShare TR Russell 1000Value ETF - \$802,724, and IShare TR Russell Midcap GR ETF - \$707,265.

**Fair Value of Assets** – Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1 Quoted prices in active markets for identical assets or liabilities
- Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

#### **Recurring Measurements**

The following table presents the fair value measurements of assets recognized in the accompanying financial statements measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2024:

	 Fair Value	 uoted Prices in Active Markets for entical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	ignificant observable Inputs (Level 3)
December 31, 2024				
Real Estate Funds	\$ 7,224,445	\$ -	\$ 7,224,445	\$ -
U.S. Treasury obligations	26,186,419	26,186,419	-	-
U.S. agencies obligations	128,732,545	-	128,732,545	-
Fixed income funds	33,751,165	33,751,165	-	-
Mutual Funds	682,596	682,596	-	-
Money Market Mutual Funds	140,140,827	140,140,827	-	-
Equity Funds	98,680,586	98,680,586	-	-
Negotiable Certificates of Deposit	2,578,593	-	2,578,593	
Municipal Bonds	 2,108,962	 	 2,108,962	 
Total investments by fair value level	\$ 440,086,138	\$ 299,441,593	\$ 140,644,545	\$ -

Certain investments that are measured using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts included above approximate net asset value for the applicable investments. The City has no investments that are measured using the net asset value per share at December 31, 2024.

#### Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The City has no Level 3 investments at December 31, 2024.

### Summary of Carrying Values

The carrying values of deposits and investments shown above are included in the statements of net position, including the Statement of Fiduciary Net Position as follows:

	Primary Government			
Carrying value Deposits Investments	\$	10,959,349 440,086,138		
	\$	451,045,487		
Included in the following statements of net position captions Current Assets				
Cash and cash equivalents	\$	27,360,247		
Short-term investments		63,103,414		
Noncurrent Assets Restricted cash and investments		200,580,434		
Cash and investments - fiduciary funds		160,001,392		
	\$	451,045,487		

### Note 3: Receivables

#### **Accounts Receivable**

Amounts are aggregated into a single account receivable (net of allowance for uncollectibles) line for certain funds and aggregated columns. Below is the detail of receivables for the major governmental funds, the nonmajor governmental funds in the aggregate, enterprise funds, and internal service fund, including the applicable allowances for uncollectible accounts:

Receivables	General	2022 Capital Improvements (Debt Service)	Street	American Rescue Plan SLFRF	Grant	Nonmajor Governmental	Total Governmental Funds
Taxes	\$ 78,579,0	01 \$ 20,513,307 \$	9,730,897	\$ - \$	-	\$ 11,922,089	\$ 120,745,294
Licenses and permits	5,608,4	- 12	-	-	-	14,241	5,622,652
Intergovernmental			2,929,203	-	6,822,190	1,042,603	10,793,996
Fines and fees	12,341,3	49 -	-	-	-	-	12,341,349
Accounts	2,188,8	89 -	25,570	5,511	-	1,918	2,221,888
Gross receivables	98,717,6	50 20,513,307	12,685,670	5,511	6,822,190	12,980,851	151,725,179
Less: allowance for uncollectibles	(17,179,7	36) (1,498,201)	(608,603)	-	-	(2,714,566)	(22,001,105)
Net receivables	\$ 81,537,9	14 \$ 19,015,106 \$	5 12,077,067	\$ 5,511 \$	6,822,190	\$ 10,266,285	\$ 129,724,073

				Total	
Receivables	Waste Disposal	Ri	iver Market Garage	Enterprise Funds	Internal Service Fund
Licenses and permits	\$	\$	177,456 \$	177,456	
Accounts	3,974,973		135,953	4,110,926	9,863
Gross receivables	 3,974,973		313,409	4,288,382	9,863
Less: allowance for uncollectibles	 -		-	_	
Net receivables	\$ 3,974,973	\$	313,409 \$	4,288,382	\$ 9,863

### Leases Receivable

The City leases a portion of its property to various third parties who use the space to conduct their operations, the terms of which expire from 2025 through 2055. The measurement of the lease receivable is based on the present value of lease payments expected to be received during the lease term, such as fixed payments, variable payments that depend on an index or rate, variable payments that are fixed in substance, residual value guarantee payments that are fixed in substance, and any lease incentives payable to the lessee.

Revenue recognized under lease contracts in governmental activities and business-type activities for the year ended December 31, 2024 was \$119,565 and \$645,823, respectively, which includes both lease revenue and interest.

The following is a schedule by year of minimum payments to be received under leases contracts that are included in the measurement of the lease receivable as of December 31, 2024:

Governmental Activities - Leases Receivable									
Years Ending December 31,		Principal	Interest	Total					
2025	\$	35,390 \$	12,020 \$	47,410					
2026		29,272	9,945	39,217					
2027		22,376	8,524	30,900					
2028		23,707	60,537	84,244					
2029		25,159	59,085	84,244					
2030 - 2034		69,891	273,992	343,883					
2035 - 2039		108,848	157,870	266,718					
2040 - 2044		190,999	75,719	266,718					
2045 - 2049		120,064	13,076	133,140					
Total	\$	625,706 \$	670,768 \$	1,296,474					
Leases receivable - due in one	yea	r or less	\$	35,390					
Leases receivable - due in more	e th	an one year		590,316					

\$

625,706

### **Governmental Activities**

*Tax Incremental Financing 2014 Capital Improvement Bonds* – The 2014 Tax Incremental Financing 2014 Capital Improvement Bonds for \$2,615,000 were issued in April 2014. The bonds are special obligations of the City secured by and payable solely by a pledge of the incremental ad valorem tax receipts derived with respect to the real property within the City's Redevelopment District No. 1. The bond proceeds were used to finance the cost of acquisition, construction, and equipping of a major street system within Development District No. 1. The principal payment is due fully at maturity in 2036. Interest payments are due semiannually on March 1 and September 1.

*Capital Improvements Refunding Revenue Bonds, Series 2017* – The Capital Improvements Refunding Revenue Bonds, Series 2017 in the amount of \$17,875,000 were issued to advance refund the 2009 Parks and Recreation Capital Improvement Construction Revenue Bonds – Series A and Series B, to current refund the 2007 Capital Improvement Revenue Refunding Bonds and the 2002 Capital Improvement Junior Lien Revenue Bonds, to pay a premium for a municipal bond debt service reserve insurance policy and to pay expenses of issuing the Bonds. The reacquisition price exceeded the net carrying amount of the old debt by \$1,262,388. This amount is recorded as a deferred outflow of resources and amortized over the remaining life of the refunding debt. The City refunded the bonds to reduce its total debt service payments over 6 years by \$8,612,773 and to obtain an economic gain (difference between the present values of the debt service payments on the old debt and the new debt) of \$4,178,697.

The Series 2017 bonds are not general obligations of the City but are special obligations secured solely by a pledge of revenues received by the City from all franchise fees charged to public utilities for the privilege of utilizing the City's streets and right-of-way. Principal payments are due annually on April 1. Interest payments are due semiannually on April 1 and October 1.

*Hotel Gross Receipts Tax Bonds, Series 2018* – The Hotel Gross Receipts Tax Bonds, Series 2018 for \$32,570,000 were issued to finance a portion of the costs of improvements to parks and the arts center. The Series 2018 bonds are not general obligations of the City but are special obligations secured solely by a pledge of revenues received by the City from all hotel gross receipt taxes from the renting, leasing or otherwise furnishing of hotel, motel, bed and breakfast or short-term condominium or apartment rental accommodations for sleeping for profit in the City. Principal payments are due annually on December 1. Interest payments are due semiannually on June 1 and December 1.

*Library Construction and Refunding Bonds, Series 2022* - Bonds in the amount of \$40,770,000 were issued November 30, 2022 to (i) finance the cost of acquiring, constructing, and equipping the land and additional capital improvements to the public City libraries owned and operated by the City and the Central Arkansas Library System (CALS); (ii) refund the City's outstanding Library Construction and Refunding Bonds, Series 2015; (iii) pay interest on the Bonds on March 1, 2023; and (iv) pay the costs of issuing the bonds. The Library Construction and Refunding Bonds, Series 2022 are limited obligations of the City of Little Rock, Arkansas payable solely from the collections from a 1.3 mill annual ad valorem tax levied upon all taxable real and personal property located with the jurisdictional limits of the City. Interest is payable March 1, 2023 and semiannually thereafter on each September 1 and March 1. Principal payments are due annually on March 1 beginning on March 1, 2024. On March 1, 2025, \$3,700,000 in principal was called from surplus tax collections.

*Limited Tax General Obligations Capital Improvement Bonds, Series 2022* - On December 21, 2022, the City issued \$53,510,000 Limited Tax General Obligation Capital Improvement Bonds, Series 2022A and \$5,055,000 Limited Tax General Obligation Capital Improvement Bonds, Taxable Series 2022B for the purpose of financing various capital improvements. The Bonds are limited tax general obligations of the City, secured by all proceeds derived from the 3 mills annual ad valorem tax levied on all taxable and real and personal property located within the jurisdictional limits of the City. Interest is payable semiannually on each February 1 and August 1. Principal payments due annually on February 1 beginning in 2024. On February 1, 2025, \$14,860,000 in principal was called from surplus tax collections.

*Limited Tax General Obligations Capital Improvement Bonds, Series 2024* - On December 30, 2024, the City issued \$26,565,000 Limited Tax General Obligation Capital Improvement Bonds, Series 2024A and \$10,745,000 Limited Tax General Obligation Capital Improvement Bonds, Taxable Series 2024B for the purpose of financing various capital improvements. The Bonds are limited tax general obligations of the City, secured by all proceeds derived from the 3 mills annual ad valorem tax levied on all taxable, real and personal property located within the jurisdictional limits of the City. Interest is payable semiannually on each February 1st and August 1st. Principal payments are due annually on February 1st beginning in 2026.

### Authorized but Unissued

On August 9, 2022, voters authorized the City of Little Rock to issue \$161,800,000 in Limited Tax General Obligation Capital Improvement Bonds. The bonds are secured by all proceeds derived from the 3 mills annual ad valorem tax levied on all taxable, real and personal property located within the jurisdictional limits of the City. The below chart shows the ballot item, the voter approved authorization, and the remaining authorization as of December 31, 2024.

Ballot Item	Α	Voter uthorization	S	Series 2022 Bonds	S	eries 2024 Bonds	Balance of uthorization
Street Improvements	\$	40,500,000	\$	23,070,792	\$	-	\$ 17,429,209
Drainage Improvements		40,500,000		12,968,086		-	27,531,914
Park and Recreational Imp*		37,000,000		10,107,994		13,179,079	13,712,927
Fire Improvements		19,500,000		7,077,503		5,948,272	6,474,225
District Court Improvements		8,500,000		568,087		7,931,913	-
LR Port (Taxable)		15,800,000		5,055,000		10,745,000	-
Total	\$	161,800,000	\$	58,847,462	\$	37,804,264	\$ 65,148,275

\*Park and Recreational Improvements are split two-thirds to Parks and Recreation Improvements and one-third to improvements at the Little Rock Zoo. The remaining authorization is for Parks and Recreation Improvements as all of the funding for the zoo has been issued as of December 31, 2024.

### Notes Payable

In 2001, the State of Arkansas passed Amendment No. 78 and Act No. 1808, allowing cities and counties to obtain short-term financing agreements for the purpose of acquiring, constructing, installing, or renting real property or tangible personal property having an expected useful life of more than one year. These financing agreements may not mature over a period to exceed five years and may have fixed or variable interest rates to be repaid with general fund revenues. At December 31, 2024, the outstanding short-term financing agreements were as follows:

**2024 Short-term Financing Note**-The \$12,000,000 promissory note was issued to finance the costs of acquiring, constructing and installing a solar photovoltaic array with principal and interest payable from general revenues. Though \$12,000,000 was approved \$10,954,400 was drawn in 2024. The remaining \$1,045,600 is to expected to be drawn in 2025. Due annually, payable on May 22, 2026 including interest at 6.93%.

**2023** Short-term Financing Note - The \$7,400,000 promissory note was issued to finance the costs of approximately 103 police vehicles for the Little Rock Police Department with principal and interest payable from general revenues. Due annually, payable on January 10, including interest at 3.70%.

**2021** Short-term Financing Note - The \$5,925,000 promissory note was issued to finance all or a portion of the costs of (a) park and recreational improvements, including the construction of basketball courts, a parking lot, and related improvements at Kanis Park, the acquisition, construction and installation of a new playground at MacArthur Park, and the acquisition, construction and installation of new walkways, lighting, and related improvements on or near the Crescent Lawn at MacArthur Park; (b) street improvements, including the reconstruction of Interstate Park Drive; (c) the acquisition of a Fire Truck for the Little Rock Fire Department; (d) the acquisition of mobile radios for the Little Rock Police Department and the Little Rock Fire Department; and (e) the acquisition of real property for the future expansion of the West Central Community Center. with principal and interest payable from general revenues. Due annually, payable on August 17, including interest at 0.84%.

2019 Short-term Financing Note – The \$5,650,000 promissory note was issued to finance the cost of the acquisition and installation of the second phase of a new computer aided

dispatch system for quicker emergency response time for fire and police, the acquisition, construction, and installation of improvements to Fire Station Number 12 and the acquisition of equipment for fire and police. Principal and interest are payable from general revenues. Due annually, payable on August 8, including interest at 2.25%.

#### **Other Liabilities**

Other liabilities are typically funded by general revenues of the governmental activity that incurred the liability.

#### **Business-Type Activities**

*Revenue Bonds* – Revenue bonds are comprised of various issues for the purpose of acquiring, constructing, equipping, renovating, expanding, and refurbishing additions and improvements of City facilities.

**2003** Capital Improvement and Refunding Revenue Bonds (Downtown Parking Projects) – On July 1, 2003, the City issued \$11,855,000 in 2003 Capital Improvement Revenue Bonds (Downtown Parking Projects) with an interest rate ranging from 4.8% to 5.4%. The bonds were issued to finance the construction of a new parking deck and advance refund the 1997 Capital Revenue Bonds (Second and Main Street Project) – Series 1997 previously used to construct a parking deck. The bonds constitute special obligations of the City, payable solely from the revenues of the two parking decks, together with all other parking revenues of the City that were not previously pledged by the City. Interest payments are due semiannually each January 1 and July 1. These bonds are subject to redemption in part by sinking fund installments due on July 1. These bonds are also subject to optional redemption at the direction of the City beginning July 1, 2013. Extraordinary redemption may occur in the event that excess project funds exist.

#### Annual Debt Service Requirements

The following schedule shows the annual debt service requirements to pay principal and interest on general obligation bonds and revenue bonds, as well as notes payable, outstanding at December 31, 2024.

			Primary Go	over	nment		
	 Governmen	tal A	ctivities		Business-Ty	pe A	ctivities
	 General Obliga	tion	& Revenue				
	 Во	nds			Revenue	e Bo	nds
Year	Principal		Interest		Principal		Interest
2025	\$ 4,180,000	\$	6,213,953	\$	725,000	\$	164,830
2026	9,375,000		6,530,212		760,000		126,405
2027	9,960,000		6,067,418		805,000		86,125
2028	10,440,000		5,575,453		820,000		43,460
2029	8,585,000		5,134,344		-		
2030-2034	47,480,000		19,472,619		-		
2035-2039	37,280,000		10,383,750		-

2025	\$ 2,619,725	\$	243,689				
2026	5,379,127		1,041,351				
2027	4,422,353		783,094				
2028	4,685,087		520,360				
2029	 2,273,328		238,135				
	\$ 19,379,620	\$	2,826,629				

### **Pledged Revenues**

The following is a summary of pledged revenues of the City for the year ended December 31, 2024:

Debt	Revenue Pledged	Total Pledged Revenue	Current Year Debt Service Requirements	Percentage Portion of Pledged Revenue Stream	Remaining Principal and Interest	Period Revenue Will Not Be Available For Other Purposes
2017 Revenue Refunding Bonds	Franchise Fees for public utilities	\$ 21,795,254	\$ 1,507,250	6.9%	\$ 13,525,100	Until 2033
2014 TIF #1 Capital Improvement Bond	Property tax	\$ 417,950	\$ 41,400	9.9%	\$ 447,850	Until 2036
2022 Library Construction and Refunding Bonds	Property tax	7,296,854	\$ 5,368,125	73.6%	\$ 47,697,375	Until 2036
2022 Limited Tax GO Capital Improvement Bonds, Series 2022A & 2022B	Property tax	16,815,439	\$ 2,058,122	12.2%	\$ 68,088,710	Until 2042
2024 Limited Tax GO Capital Improvement Bonds, Series 2024A & 2024B	Property tax	16,815,439	\$ -	0.0%	\$ 51,562,433	Until 2045
2018 Hotel Gross Receipts Tax Bonds	Hotel/motel tax	\$ 2,335,676	\$ 1,922,894	82.3%	\$ 46,206,331	Until 2048
2003 Capital Improvement and	Specific parking revenues and other revenues in the Rivermarket Garage Fund	\$ 2,954,409	\$ 886,135	30.0%	\$ 3,530,820	Until 2028

#### Lease Obligations

The lease liability as of January 1, 2024 was \$3,322,339 for right-of-use assets. During 2024, the City entered into numerous additional lease agreements with an initial lease liability of \$2,459,402. Principal payments on leases totaled \$1,949,744 resulting in a lease liability of \$3,866,718 at year end.

The future principal and interest lease payments as of December 31, 2024, were as follows:

	 Governmental	Activities	Bu	siness-Type	e Activities	
	Leases Pay	yable		Leases Pa	ayable	
Year	Principal	Interest	Р	rincipal	Interest	
2025	\$ 1,285,076 \$	124,822	\$	16,889 \$	851	
2026	917,711	83,400		13,340	271	
2027	638,310	53,293		-	-	
2028	493,977	32,510		-	-	
2029	278,615	15,372		-	-	
2030-2034	222,800	8,196		-	-	
	\$ 3,836,489 \$	317,593	\$	30,229 \$	1,122	

## City of Little Rock, Arkansas Notes to Financial Statements Year Ended December 31, 2024 Subscription-Based Information Technology Arrangements

The subscription-based information technology arrangements (SBITAs) liability as of January 1, 2024, was \$2,642,884. During 2024, the City entered into several new subscription-based information technology arrangements (SBITAs). The SBITAs include cloud software subscriptions. The total of the City's subscription assets are recorded at a cost of \$6,338,493, less accumulated amortization of \$3,026,906.

The future principal and interest subscription payments under SBITA agreements as of December 31, 2024 are as follows:

	(	Government	al A	ctivities	Business-Type Activities					
		Subscriptio	ns P	ayable	5	Subscriptions Pay				
Year		Principal	Interest		F	Principal	Interest			
2025	\$	1,377,628	\$	79,461	\$	165,269 \$	19,833			
2026		315,352		31,750		163,145	15,606			
2027		308,483		20,398		169,019	9,733			
2028		258,124		9,313		101,356	3,649			
	\$	2,259,587	\$	140,922	\$	598,789 \$	48,821			

### Note 6: Interfund Balances and Transfers

Interfund receivables and payables as of December 31, 2024, are as follows:

	Interfund Receivables	Interfund Payables			
Primary Government					
Governmental Funds					
General fund	\$ 21,230,078	\$-			
2022 Capital Improvements fund		4,066,574			
American Rescue Plan - SLFRF Fund		5,449,086			
Grant Fund		10,510,738			
Nonmajor governmental funds		1,203,680			
Governmental Funds to/from Fiduciary Funds General fund	7,000				
Total governmental funds	\$ 21,237,078	\$ 21,230,078			
Fiduciary Funds 2014 defined benefit plan		7,000			
Total fiduciary funds		7,000			
Total	\$ 21,237,078	\$ 21,237,078			

The outstanding balances between funds result mainly from the time lag between the dates (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system and (3) payments between the funds are made.

Interfund transfers in and transfers out for the year ended December 31, 2024, are as follows:

	Interfund Transfers Out									
		G	rnmental Fund	Pr	oprietary Funds					
-				Other Nonmajor Governmental				Waste		
Interfund Transfers In		General		Street	0	Funds		Disposal		Totals
Governmental Funds										
General	\$	-	\$	584,217	\$	1,055,241	\$	915,590	\$	2,555,048
Street		194,000		-		-		90,000	\$	284,000
Grants		234,736		-		-		-	\$	234,736
Other Nonmajor Governmental		31,946		-		-		-	\$	31,946
Totals	\$	460,682	\$	584,217	\$	1,055,241	\$	1,005,590	\$	3,105,730

Transfers from the general fund to the street fund are used for parking enforcement. Transfers from the general fund to the Grants Fund and other nonmajor governmental funds are used to fund special projects and meet debt service requirements. Transfers from the street fund and from the waste disposal fund to the general fund and the street fund are used to reimburse overhead cost and fund special projects. Transfers from other nonmajor governmental funds to the General Fund is due to the transfer of excess tax collections from the Hotel Gross Receipts Tax Bonds, Series 2018, also know as the 1% for Arts, that is used to fund parks and recreation and zoo special projects.

### Note 7: Pension Plans

### Pension Trust Funds

Substantially all of the City's employees receive retirement benefits. The City sponsors two single-employer defined benefit pension plans and two defined contribution pension plans. The Nonuniformed Employees' Defined Benefit Pension Plan, the 2014 Defined Benefit Plan, the Nonuniformed Employees' Defined Contribution Plan, and 401(a) Money Purchase and Trust Retirement Fund are reported as pension trust funds by the City. Separate stand-alone financial reports are not issued for these plans except for the 2014 Defined Benefit Plan.

In addition, the City participates in two agent-multiple employer defined benefit pension plans for the Firemen's Pension and Relief Fund and the Police Penson. The majority of Plan assets were transferred to the Arkansas Local Police and Fire Retirement System for these plans and are excluded from the City's financial statements. The rest of the plan assets are reported in fiduciary trust funds with the City, The Firemen's Pension and Relief Fund and The Police Pension. The City acts in a trustee capacity for the plan assets that were not transferred to the Arkansas Local Police and Fire Retirement System as these assets are long-term investments which are dedicated to funding The Firemen's Pension and the The Police Pension plans.

The City also contributes to three cost-sharing multiple employer defined benefit pension plans, the Arkansas Local Police and Fire Retirement System (LOPFI) plans for Police and Fire, and the Arkansas Public Employers Retirement System (APERS). The assets of the plans are maintained in legally separate trusts and each plan's assets may be used only for the payment of benefits to the members of that plan or their beneficiaries in accordance with the terms of the plan.

The statement of fiduciary net position and the statement of changes in fiduciary net position for the Employee Retirement Plans are below:

		Police Pension	Firemen's Pension and Relief Fund	Nonuniforme Employees' Defined Contribution Plan		Nonuniformed Employees' Defined Benefit Plan	401(a) Money Purchase And Trust Retirement Fund		2014 Defined Benefit Plan

### Summary of Significant Accounting Policies

#### **Basis of Accounting**

The City of Little Rock's financial statements for its defined benefit and defined contribution plans are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. City contributions to each plan are recognized when due and the City has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

#### Method Used to Determine Fair Value of Investments

The fair value of investments other than mutual funds is determined using quoted market prices. The fair value of investments in mutual funds is determined using the fund's current per share price.

### **Covered Employees Information**

Employees covered by benefit terms consisted of the following at the measurement date:

	Firemen's Fund	Nonuniformed Defined Benefit Plan	Nonuniformed Defined Contribution Plan	401 (a) Defined Contribution Plan	2014 Defined Benefit Plan	Police Pension
Retirees and beneficiaries receiving benefits Termed vested benefit	238	53	- 144	5	302 200	249
Active plan members Members on Deferred Retirement Option	-	-		19	1,186	-
Plan (DROP)					-	1
Total	238	53	144	24	1,688	250

### Firemen's Pension and Relief Fund (Firemen's Fund)

1. Plan Description and Funding Information

The *Firemen's Pension and Relief Fund* (Firemen's Fund) is an agent multiple-employer defined benefit pension plan in which the City participates, established in accordance with legislation enacted by the Arkansas General Assembly. Benefit provisions are established by State of Arkansas Act #14, as amended. In 2018, the Board agreed to transfer the administration of the plan to the Arkansas Local Police and Fire Retirement System and the majority of Plan assets were transferred to the Arkansas Local Police and Fire Retirement System and are excluded from the City's financial statements. The rest are held in trust and reported in a fiduciary fund with the City.

This plan transfer resulted in a plan change from single-employer to multi-employer and a related change in measurement date to a year in arrears.

The Arkansas Local Police and Fire Retirement System (LOPFI) is a statewide retirement system for police officers and firefighters of political subdivisions of the State of Arkansas. It was established under the authority of Act 364 of 1981 and bears a fiduciary obligation to the participants of LOPFI. Local plans that are now being administered by LOPFI are included in the agent multiple-employers defined benefit pension plan for financial reporting purposes; however, the assets of the individual local plans can only be used to pay the benefit (or to refund any contribution) to plan members or beneficiaries of the individual local plan. LOPFI issues a publicly available financial report that includes financial statements and required supplementary information of the Plan, which may be obtained from the internet at <u>www.lopfi-prb.com</u>.

The Firemen's Fund provides retirement benefits for firemen who have completed twenty (20) years of service. Disability benefits are available to firemen who become permanently disabled, unless the disability is the direct result of gainful employment performed outside of the fire department. The Firemen's Fund also provides benefits for surviving spouses and dependent children of deceased firemen.

No benefits are vested to participants until normal retirement. At normal retirement, participants may elect to continue working and enter the Deferred Retirement Option Plan (DROP) for up to ten (10) years. All firemen hired after January 1, 1983, participate in the Arkansas Local Police and Fire Retirement System created by Act 364 of 1981. Therefore, the Firemen's Fund is effectively closed to new members.

Contributions to the Firemen's Fund are set forth in Arkansas statute. The City's contribution to the Firemen's Fund consists of a one mill real and personal property tax collection and an insurance premium tax turnback collected by the State Insurance Commissioner. Additionally, the City contributes a percentage of the firemen's salaries, which amounted to 6% during 2024. The participants contributed 6% of their salaries in 2024. Participant contributions are returned without interest if the participant terminates covered employment. Contribution provisions applicable to the Fund are established by Arkansas code and may not be less than 6%. Administrative costs are financed through Fund assets approved by the Board of Trustees. The City's share of contributions was \$7,900,062 in 2024. The liability for the Firemen's Fund has typically been liquidated from the general fund.

2. Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Actuarially determined amounts are subject to revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

For the December 31, 2023 actuarial valuation, the entry age normal cost method was used. The actuarial value of pension benefit assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period. The actuarial assumptions included a 7.50% investment rate of return (net of administrative expenses), projected salary increases of 3.25%, which includes an inflation rate of 2.5% and no costs of living increases. The remaining amortization period at December 31, 2024, was twenty-two (22) years using a closed amortization period based on projected future payroll. The mortality assumption was based on the RP-2014 Healthy Annuitant, Disabled Retiree and Employee mortality tables for males and females. The tables applied credibility adjustments of 135% for males and 125% for females and were adjusted for fully generational mortality improvements using Scale MP-2016. There were no factors that significantly affected the identification of trends such as changes in benefits, actuarial methods, or assumptions.

The actuarial assumptions used in the December 31, 2023 actuarial valuation were last updated for the 2021 valuation based on an experience study of the period 2017 through 2020.

#### 3. Long-term expected rate of return

The long-term expected rate of return on pension plan investments was determined using a building block method in which expected future real rates of return are developed for each major asset class. These real rates of return are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real returns for the 10-year period were based on capital market assumptions collected from several national investment consultants over a three-year period. The 3-year average arithmetic nominal expected return is 6.23%. For each major asset class that is included in the pension plan's target allocation as of December 31, 2023, these best estimates are summarized in the table below:

Firemen's Pension	Target	Long-term Expected	Allocated-Weighted Long-term Expected
Asset Class	Allocation	Real Rate of Return	Real Rate of Return
U.S. Stock - Large Cap	21%	5.62%	1.18%
U.S. Stock - Small Cap	21%	5.86%	1.23%
International Equity	9%	6.92%	0.62%
Emerging Markets	9%	8.95%	0.81%
U.S. Corporate Bonds	25%	2.29%	0.57%
Real Estate	5%	3.61%	0.18%
Private Equity	10%	9.48%	0.95%
Total	100%		5.54%
Expected Inflation			2.25%
Total Return		=	7.79%

#### 4. Discount Rate

The discount rate used to measure the total pension liability was 7.25%. Based on plan funding expectations, no actuarial projection of cash flows was made as the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of the projected benefit payments to determine the total pension liability.

The City's net pension liability as of December 31, 2024 was measured as of December 31, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

#### 5. Changes in Net Pension Liability

Changes in the total pension liability, plan fiduciary net position and the net pension liability are as follows for the Firemen's Fund as determined by the City at December 31, 2024:

Changes in Net Pension Liability - Firemen's Pension and Relief Fund						
	Total Pension Liability (a)		Plan Fiduciary Net Position (b)		let Position Liability	
Balances as of beginning of year	\$	90,243,300	\$	46,738,052	\$	43,505,248
Charges for the year:						
Interest on total pension liability		6,123,765		-		6,123,765
Change of benefit terms		-		-		-
Difference between expected and actual return		(24,219)		-		(24,219)
Changes of assumptions		-		-		-
Benefit Payments, including refunds of employee contributions		(11,555,138)		(11,555,138)		-
Administrative expense		-		(49,233)		49,233
Contributions - employer		-		7,277,926		(7,277,926)
Net investment income		-		5,875,356		(5,875,356)
Other		-		39,506		(39,506)
Net Changes		(5,455,592)		1,588,417		(7,044,009)
Balances as of end of year	\$	84,787,708	\$	48,326,469	\$	36,461,239

#### 6. Sensitivity to Discount Rate Changes

The following presents the City's net pension liability calculated using the discount rate of 7.25%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

		Current			
		1% Discount 1%			1%
			Decrease	Rate	Increase
			6.25%	7.25%	8.25%
Firemen's Pension and Relief Fund	Net pension liability	\$	42,289,232 \$	36,461,239 \$	31,206,342

7. Pension Expense, Deferred Outflows of Resources Related to Pensions, and Deferred Inflows of Resources Related to Pensions.

For the year ended December 31, 2024, the City recognized pension expense, as measured in accordance with GASB Statement No. 68, of \$11,987,171, and reported deferred outflows and inflows of resources related to pensions from the following sources for the Firemen's Fund, as determined by the City at December 31, 2024:

Firemen's Pension and Relief Fund	Deferred Outflows of Resources			Deferred Inflows of Resources		
Difference between expected and actual investment earnings on pension plan investments Contributions subsequent to the measurement date	\$	6,436,814 7,900,062	\$	4,779,232		
Total	\$	14,336,876	\$	4,779,232		

At December 31, 2024, the City reported \$7,900,062 as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date, which will be recognized as a reduction in the net pension liability for the year ending December 31, 2025.

Amounts reported as deferred inflows of resources related to the plan will be recognized in pension expense as follows:

	Year Ending December 31,		Deferred Inflow of Resources			
		01				
2025		\$	111,412			
2026			647,884			
2027			1,521,943			
2028			(623,659)			
Total		\$	1,657,580			
Total		\$	1,657,580			

### **Police Pension**

1. Plan Description and Funding Information

The *Police Pension* is an agent multiple-employer defined benefit pension plan in which the City participates, established in accordance with legislation enacted by the Arkansas General Assembly. Benefit provisions are established by State of Arkansas Act #16, as amended. The majority of the Plan assets are held by and managed by the Arkansas Local Police and Fire Retirement System and are excluded from the City's financial statements. The rest are held in trust and reported in a fiduciary fund on the City's books.

The Arkansas Local Police and Fire Retirement System (LOPFI) is a statewide retirement system for police officers and firefighters of political subdivisions of the State of Arkansas. It was established under the authority of Act 364 of 1981 and bears a fiduciary obligation to the participants of LOPFI. Local plans that are now being administered by LOPFI are included in the agent multiple-employers defined benefit pension plan for financial reporting purposes; however, the assets of the individual local plans can only be used to pay the benefit (or to refund any contribution) to plan members or beneficiaries of the individual local plan. LOPFI issues a publicly available financial report that includes financial statements and required supplementary information of the Plan, which may be obtained from the internet at <u>www.lopfi-prb.com</u>.

The Police Pension provides retirement benefits for policemen who have completed twenty (20) years of service. Disability benefits are available to policemen who become permanently disabled, unless the disability is the direct result of gainful employment performed outside of the police department. The Police Pension also provides benefits for surviving spouses and dependent children of deceased policemen. No benefits are vested to participants until normal retirement. At normal retirement, participants may elect to continue working and enter the DROP for up to 10 years. All policemen hired after January 1, 1983, participate in the Arkansas

Local Police and Fire Retirement System created by Act 364 of 1981. Therefore, the Police Pension is effectively closed to new members.

Contributions to the Police Pension are set forth in Arkansas statute. The City's contribution to the Police Pension consists of a one mill real and personal property tax collection, an insurance premium tax turnback collected by the State Insurance Commissioner, and a \$3 assessment against each court case plus 10% of fines and forfeitures collected. The City's contributions to the Plan for 2024 were \$8,809,410. The liability for the Police Pension Fund has typically been liquidated from the general fund.

2. Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Actuarially determined amounts are subject to revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

For the December 31, 2023 actuarial valuation, the entry age normal cost method was used. The actuarial value of pension benefit assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period. The actuarial assumptions included a 7.50% investment rate of return (net of administrative expenses), projected salary increases of 3.25%, which includes an inflation rate of 2.5% and no costs of living increases. The remaining amortization period at December 31, 2023, was 14 years using a closed amortization period based on projected future payroll. The mortality assumption was based on the RP-2014 Healthy Annuitant, Disabled Retiree and Employee mortality tables for males and females. The tables applied credibility adjustments of 135% for males and 125% for females and were adjusted for fully generational mortality improvements using Scale MP-2016. There were no factors that significantly affected the identification of trends such as changes in benefits, actuarial methods, or assumptions.

The actuarial assumptions used in the December 31, 2023 actuarial valuation were last updated for the 2017 valuation based on an experience study of the period 2012 through 2016.

#### 3. Long-term expected rate of return

The long-term expected rate of return on pension plan investments was determined using a building block method in which expected future real rates of return are developed for each major asset class. These real rates of return are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real returns for the 10-year period were based on capital market assumptions collected from several national

investment consultants over a three-year period. The 3-year average arithmetic nominal expected return is 6.23%. For each major asset class that is included in the pension plan's target allocation as of December 31, 2023, these best estimates are summarized in the table below:

Police Pension Asset Class	Target Allocation	Long-term Expected Real Rate of Return	Allocated-Weighted Long-term Expected Real Rate of Return
U.S. Stock - Large Cap	21%	5.62%	1.18%
U.S. Stock - Small Cap	21%	5.86%	1.23%
International Equity	9%	6.92%	0.62%
Emerging Markets	9%	8.95%	0.81%
U.S. Corporate Bonds	25%	2.29%	0.57%
Real Estate	5%	3.61%	0.18%
Private Equity	10%	9.48%	0.57%
Total	100%	_	5.16%
Expected Inflation			2.25%
Total Return		=	7.41%

#### 4. Discount Rate

The discount rate used to measure the total pension liability was 7.25%. Based on plan funding expectations, no actuarial projection of cash flows was made as the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of the projected benefit payments to determine the total pension liability.

The City's net pension liability as of December 31, 2024 was measured as of December 31, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

#### 5. Changes in the Net Pension Liability

Changes in the total pension liability, plan fiduciary net position and the net pension liability are as follows for the Police Pension as determined by the City at December 31, 2024:

Changes in Net Pension Liability - Police Pension Total Pension Plan Fiduciary Liability (a) -						
	Liability (a)				(b)	
Balances as of beginning of year	\$	89,777,171	\$	47,813,353	\$	41,963,818
Charges for the year:						
Interest on total pension liability		6,150,657		-		6,150,657
Difference between expected and actual return		439,245		-		439,245
Changes of assumptions		-		-		-
Change in benefit terms		-		-		-
Benefit Payments, including refunds of employee contributions		(9,881,052)		(9,881,052)		-
Administrative expense		-		(52,336)		52,336
Contributions - employer		-		8,228,745		(8,228,745)
Net investment income		-		6,245,799		(6,245,799)
Other		-		39,506		(39,506)
Net Changes		(3,291,150)		4,580,662	_	(7,871,812)
Balances as of end of year	\$	86,486,021	\$	52,394,015	\$	34,092,006

#### 6. Sensitivity to Discount Rate Changes

The following presents the City's net pension liability calculated using the discount rate of 7.25%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

		Current			
		1%		Discount	1%
			Decrease 6.25%	Rate 7.25%	Increase 8.25%
Police Pension	Net pension liability	\$	40,137,668 \$	34,092,006 \$	28,745,633

#### 7. Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources

For the year ended December 31, 2024, the City recognized pension expense, as measured in accordance with GASB Statement No. 68, of \$12,945,683, and reported deferred outflows and inflows of resources related to pensions from the following sources for the Police Pension, as determined by the City at December 31, 2024:

Police Pension	Deferred Outflows of Resources			Deferred Inflows of Resources		
Net difference between expected and actual investment earnings on pension plan investments Contributions subsequent to the measurement date	\$	6,396,399 8,809,410	\$	4,756,194		
Total	\$	15,205,809	\$	4,756,194		

At December 31, 2024, the City reported \$8,809,410 as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction in the net pension liability for the year ending December 31, 2025.

Amounts reported as deferred inflows of resources related to the plan will be recognized in pension expense as follows:

	Year Ending December 31,	Deferred Inflow Resources
2025		\$ 182,035
2026		652,011
2027		1,469,145
2028		 (662,986)
Total		\$ 1,640,205

### Nonuniformed Employees' Defined Benefit Pension Plan (Nonuniformed Plan)

1. Plan Description and Funding Information

The *Nonuniformed Employees' Defined Benefit Pension Plan* (Nonuniformed Plan) is a single-employer defined benefit pension plan established under Arkansas state law. Benefit provisions are established and amended by City Ordinance #11088. Plan assets are administered by a Board of Trustees.

The Nonuniformed Plan provides retirement, disability, and survivor benefits to participating employees and/or their beneficiaries or dependents who have met eligibility requirements set forth in the Plan's benefit provisions.

Under the original provisions of the Nonuniformed Plan, participants and the City were required to contribute a certain percentage of the participant's salary. Effective January 1, 1978, the Plan was frozen. Contributions continued to be required through December 31, 1980. As of January 1, 1981, participants of the Nonuniformed Plan became participants in the City of Little Rock Nonuniformed Employees' Defined Contribution Plan (Defined Contribution Plan), which became effective for all regular, nonuniformed employees of the City as of that date. Currently, the only contributions the City makes to the Plan on an annual basis are those required to make the Plan actuarially sound. These contributions are made on a one year lag. Contributions during 2024 were \$227,320. Administrative costs are financed by the Nonuniformed Plan Fund. The liability for the Nonuniformed Plan has typically been liquidated from the general fund, fleet, waste disposal, and vehicle storage funds.

2. Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Actuarially determined amounts are subject to revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

For the December 31, 2024 actuarial valuation, the entry age normal cost method was used. The actuarial value of pension benefit assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five (5)-year period. The actuarial assumptions included a 6.5% investment rate of return (net of administrative expenses), projected salary increases of 3.5%, which includes an inflation rate of 2.5% and no costs of living increases. The remaining amortization period at December 31, 2024, was one (1) year based on a 5-year closed level-dollar amortization beginning in 2018. The mortality assumption was updated based on the Pub-2010 for males/females, amount weighted Mortality Table for

General employees with below median income, scaled at 105% with no setback. Generational mortality improvements are in accordance with MP-2020 from the table's base year of 2010 (both before and after the measurement date). There were no other factors that significantly affected the identification of trends such as changes in benefits.

The actuarial assumptions used in the December 31, 2024 actuarial valuation were based on the results of an actuarial experience study for the period 2017 through 2020.

3. Long-term expected rate of return

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return. The target allocation of the plan and the long-term expected real rates of return are shown in the table below:

Nonuniformed Defined Benefit Plan Asset Class	Target Allocation	Long-term Expected Real Rate of Return (Arithmetic)
US Stocks - Large Cap	30%	4.50%
US Stocks - Small/Mid Cap	20%	5.25%
Foreign Equity	10%	4.25%
Real Estate	5%	3.75%
Fixed Income	30%	3.50%
Cash	5%	0.50%
Total	100%	
Expected Inflation		2.50%

#### 4. Discount Rate

The discount rate used to measure the total pension liability was 6.5%. Based on plan funding expectations, no actuarial projection of cash flows was made as the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of the projected benefit payments to determine the total pension liability.

The City's net pension liability as of December 31, 2024 was measured as of December 31, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

5. Changes in the Net Pension Liability

Changes in the total pension liability, plan fiduciary net position, and the net pension liability are as follows for the Nonuniformed Plan as determined by the City at December 31, 2024:

	Total Pension Liability (a)				otal Pension Net Position		otal Pension Net Position Lia		Total Pension Net Position Li		let Pension iability (a) - (b)
Balances as of beginning of year	\$	12,438,706	\$	11,541,460	\$	897,246					
Charges for the year:											
Interest on total pension liability		761,112		-		761,112					
Transfers from DC plan		-		-		-					
Difference between expected and actual return		(16,906)		-		(16,906)					
Benefit payments, including refunds of employee contributions		(1,458,578)		(1,458,578)		-					
Administrative expense		-		(16,991)		16,991					
Contributions - employer		-		-		-					
Net investment income		-		1,109,258		(1,109,258)					
Other		-		-		-					
Net Changes		(714,372)		(366,311)		(348,061)					
Balances as of end of year	\$	11,724,334	\$	11,175,149	\$	549,185					

The above amounts are allocated between government-wide (governmental activities), Fleet (governmental activities), Waste Disposal (business-type activities), and Vehicle Storage (business-type activities) on the basis of covered payroll.

The plan's Fiduciary Net Position as a percentage of total pension liability is 92.79% as of December 31, 2024.

#### 6. Sensitivity to Discount Rate Changes

The following presents the City's net pension liability calculated using the discount rate of 6.5%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

		1% Decrease 5.5%	Current Discount Rate 6.5%	1% Increase 7.5%
Nonuniformed Employees' Defined				
Benefit Pension Plan	Net pension liability	\$ 1,317,263 \$	549,185 \$	134,664

#### 7. Pension Expense and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2024, the City recognized pension expense of \$177,490, and reported deferred outflows of resources related to pensions from the following source for the Nonuniformed Plan, as determined by the City at December 31, 2024:

Nonuniformed Plan	0	Deferred utflows of esources	Deferred Inflows of Resources	
Net difference between projected and actual earnings on pension plan investments	\$	169,188	\$	_
Total	\$	169,188	\$	-

Amounts reported as deferred inflows related to the plan will be recognized in pension expense as follows:

	Year Ending December 31,		Deferred Outflow Resources
	2000111301 011,	0.1	
2025		\$	122,732
2026			271,619
2027			(143,760)
2028			(81,403)
Total		\$	169,188

# 2014 Nonuniformed Employees' Defined Benefit Pension Plan (2014 Defined Benefit Plan)

1 Plan Description and Funding Information

The *2014 Nonuniformed Employees' Defined Benefit Pension Plan* (2014 Defined Benefit **Plan**) is a single-employer defined benefit pension plan established under Arkansas state law. Benefit provisions are established by City Ordinance #20778.

The 2014 Defined Benefit Plan provides retirement, disability, and survivor benefits to participating employees and/or their beneficiaries or dependents who have met eligibility requirements set forth in the Plan's benefit provisions.

Under the provisions of the 2014 Defined Benefit Plan, the City contributes 9% of the participant's salary. The participants contribute 4.5% of their salaries. City contributions during 2024 were \$5,552,271. Contributions to the plan are made from various city governmental and business type funds, as well as two (2) of the discretely presented component units. The liability for the plan has typically been liquidated from the general fund, fleet, waste disposal, and vehicle storage funds, and by the participating component units.

For additional Plan information, please refer to the Plan's financial statements which can be obtained by writing to the Plan's Board of Trustees, c/o Mr. Nicholas Sarpy, 500 W. Markham, Suite 300, Little Rock, AR 72201.

#### 2. Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Actuarially determined amounts are subject to revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

For the January 1, 2025 actuarial valuation, the entry age normal cost method was used. The actuarial value of pension benefit assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period. The actuarial assumptions included a 6.5% investment rate of return (net of administrative expenses), projected salary increases of 2.5% to 7.2%, which includes an inflation rate of 2.5% and various future weighted average rates of cost of living adjustments (COLA) were calculated and it was decided to use a 1.5% COLA as a single point estimate of the two-thirds CPI described in the plan. The remaining amortization period at December 31, 2024, was 14 years using a level percent of salary basis, amortization period. The mortality assumption was updated based on the Pub-2010 for males/females, amount weighted Mortality Table for General employees with below median income, scaled at 105% with no setback. Generational mortality improvements are in accordance with MP-2020 from the table's base year of 2010 (both before and after the measurement date). There were no other factors that significantly affected the identification of trends such as changes in benefits.

The actuarial assumptions used in the January 1, 2025 actuarial valuation were based on the results of an actuarial experience study for the period July 1, 2017 through June 30, 2020.

3. Long-term expected rate of return

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return. The target allocation of the plan and the long-term expected real rates of return are shown in the table below:

2014 Defined Benefit Plan	Target	Long-term Expected Real Rate of Return
Asset Class	Allocation	(Arithmetic)
US Stocks - Large Cap	30%	4.50%
US Stocks - Small/Mid Cap	20%	5.25%
Foreign Equity	10%	4.25%
Real Estate	5%	3.75%
Fixed Income	30%	3.50%
Cash	5%	0.50%
Total	100%	
Expected Inflation		2.50%

#### 4. Discount Rate

The discount rate used to measure the total pension liability was 6.5%. Based on plan funding expectations, no actuarial projection of cash flows was made as the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of the projected benefit payments to determine the total pension liability.

The City's net pension liability as of December 31, 2024 was measured as of December 31, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2025.

5. Changes in the Net Pension Liability

Changes in the total pension liability, plan fiduciary net position and the net pension liability are as follows for the 2014 Defined Benefit Plan as determined by the City at December 31, 2024:

Changes in Net Pension Lia	bilit	y - 2014 DB Pla	n			
	Total Pension Liability (a)		Plan Fiduciary Net Position (b)			Net Pension Liability (a) - (b)
Balances as of beginning of year	\$	119,010,611	\$	102,847,675	\$	16,162,936
Charges for the year:						
Service cost		6,470,230		-		6,470,230
Interest on total pension liability		7,831,708		-		7,831,708
Difference between expected and actual return		3,484,187	-			3,484,187
Benefit payments, including refunds of employee contributions		(3,668,323)		(3,668,323)		-
Administrative expense		-		(176,074)		176,074
Contributions - employer		-		5,552,271		(5,552,271)
Contributions - member		-		2,774,108		(2,774,108)
Service purchases		108,930		108,930		-
Net investment income		-		11,215,801		(11,215,801)
Other		-		-		-
Net Changes		14,226,732	_	15,806,713	_	(1,579,981)
Balances as of end of year	\$	133,237,343	\$	118,654,388	\$	14,582,955

The above amounts are allocated between government-wide (governmental activities), Fleet (governmental activities), Waste Disposal (business-type activities), Vehicle Storage (business-type activities), Advertising and Promotion Commission (component unit), Workforce Investment Board (component unit) and Little Rock Port Authority (component unit) on the basis of actual contributions by the participants of the employer in the measurement period. The primary government's proportionate share was 89.00% (89.45% in prior year), the Advertising and Promotion Commission's proportionate share was 10.5% (9.92% in prior year), the Workforce Investment Board's proportionate share was 0.40% (0.35% in prior year), and the Little Rock Port Authority's proportionate share was 0.10%, as shown on the following schedules.

#### 6. Sensitivity to Discount Rate Changes

The following presents the City's net pension liability calculated using the discount rate of 6.5%, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

2014 Defined Benefit Pension Plan		1% Decrease 5.5%	Current Discount Rate 6.5%	1% Increase 7.5%
City of Little Rock Advertising & Promotion Commission Workforce Investment Board Little Rock Port Authority	Net pension liability Net pension liability Net pension liability Net pension liability	\$ 31,074,953 3,318,349 138,265 34,566	\$ 13,110,076 1,399,964 58,332 14,583	\$ (1,644,985) (177,796) (7,408) (1,852)
		\$ 34,566,134	\$ 14,582,955	\$ (1,832,041)

# 7. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2024, the City and its component units recognized pension expense of \$7,101,242, and reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources for the 2014 Defined Benefit Plan, as determined by the City at December 31, 2024:

2014 Defined Benefit Plan - Primary Government	0	Deferred utflows of Resources	Deferred Inflows of Resources				
Difference between expected and actual experience	\$	5,721,803	\$	362,008			
Changes of assumptions Changes of proportion Net difference between expected and actual investment		1,275,645 190,574		- 40,759

#### Local Police and Fire Retirement System (LOPFI)

The *Local Police and Fire Retirement System* (LOPFI) is a statewide cost-sharing multiple-employer defined benefit pension plan that provides retirement, disability, and survivor benefits to police and fire employees of political subdivisions of the State of Arkansas. LOPFI was created by Act 364 of the 1981 General Assembly. The authority to establish and amend benefit provisions is set forth in Arkansas state statutes and is vested in the Arkansas Legislature with the concurrence of the Governor. Employees hired after January 1, 1983, whose political subdivision had a retirement system in effect at July 1, 1981, are eligible to participate in the Plan. LOPFI issues a publicly available financial report that includes financial statements and required supplementary information of the Plan, which may be obtained from the internet at <u>www.lopfi-prb.com</u> or by contacting the following:

Arkansas Local Police and Fire Retirement System P.O. Drawer 34164 Little Rock, Arkansas 72203 501.682.1745

Contribution requirements are set forth in Arkansas statute. LOPFI members were required to contribute 8.5% of their annual covered salary. The City is required to contribute at an actuarially determined rate, which was 23.50% for participating policemen and 23.50% for participating firemen. City contributions for 2024 to the Plan were \$20,203,549. The liability for the plan has typically been liquidated from the general fund.

#### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2024, the City reported a net pension liability for LOPFI Police and LOPFI Fire of \$94,600,470 and \$78,579,217, respectively, for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2023. The City's proportionate share was 9.53673% and 8.14198% respectively, for LOPFI Police and LOPFI Fire compared to 9.97795% and 8.73367% respectively, for the prior year. The allocation percentages are based on the ratio of each employer's contributions to total employer contributions of the group for the fiscal year ended December 31, 2023. The contributions used excluded contributions made for prior service, excess benefits, and irregular payments. The employer allocation percentages have been rounded for presentation purposes.

For the year ended December 31, 2024 the LOPFI Police and LOPFI Fire recognized pension expense of \$10,672,270 and \$2,797,131, respectively. At December 31, 2024, LOPFI Police and LOPFI Fire reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

LOPFI - Police	Deferred Outflows of Resources		Deferred Inflows of Resources
Difference between expected and actual experience Assumption changes	\$	11,596,009 356.037	\$ - 4,425,753
Change in proportion		330,037	1,916,561
Net difference between expected and actual investment earnings on pension plan investments		8,755,544	-
Contributions subsequent to the measurement date		11,187,271	 
Total	\$	31,894,861	\$ 6,342,315

LOPFI - Fire	Deferred Outflows LOPFI - Fire Resource		Deferred Inflows of Resources
Difference between expected and actual experience Assumption changes Change in proportion	\$	9,632,145 295,740 133,184	\$ - 3,676,224 3,350,305
Net difference between expected and actual investment earnings on pension plan investments Contributions subsequent to the measurement date		7,272,726 9,016,278	 -
Total	\$	26,350,073	\$ 7,026,529

At December 31, 2024, LOPFI Police and LOPFI Fire reported \$11,187,271 and \$9,016,278 as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date that will be recognized as a reduction of the net pension liability in the year ended December 31, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources at December 31, 2024, related to pensions will be recognized in pension expense as follows:

	Year Ending December 31,	LC	PFI Police	LOPFI Fire
2024 2025		\$	2,901,361 6,461,489	\$ 1,615,192 4,663,794
2026 2027			8,731,597 (3,729,172)	 7,125,884 (3,097,604)
Total		\$	14,365,275	\$ 10,307,266

#### **Actuarial Assumptions**

The total pension liability in the December 31, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	LOPFI - Police	LOPFI - Fire
Wage inflation	3.00%	3.00%
Price inflation	2.25%	2.25%
Salary increases	3.50% - 18.00%, including inflation	3.50% - 18.00%, including inflation
Investment rate of return	7.25%	7.25%
Actuarial cost method	Entry age normal	Entry age normal
Asset valuation method	5-year smoothed market; 20% corridor	5-year smoothed market; 20% corridor

Mortality rates were based on the RP-2014 Healthy Annuitant, Disabled Retiree and Employee mortality tables for males and females. The tables applied credibility adjustments of 135% for males and 125% for females and were adjusted for fully generational mortality improvements using Scale MP-2016.

The actuarial assumptions used in the December 31, 2024 actuarial valuation were last updated for the 2017 valuation pursuant to an experience study of the period 2012 through 2016.

### Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building block method in which expected future real rates of return are developed for each major asset class. These real rates of return are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real returns for the 10-year period were based on capital market assumptions collected from several national investment consultants over a three-year period. The 3-year average arithmetic nominal expected return is 6.23%. For each major asset class that is included in the pension plan's target allocation as of December 31, 2024, these best estimates are summarized in the table below:

LOPFI - Police and Fire Asset Class	Target Allocation	Long-term Expected Real Rate of Return	Allocated-Weighted Long-term Expected Real Rate of Return
U.S. Stock - Large Cap	21%	5.62%	1.18%
U.S. Stock - Small Cap	21%	5.86%	1.23%
International Equity	9%	6.92%	0.62%
Emerging Markets	9%	8.95%	0.81%
U.S. Corporate Bonds	25%	2.29%	0.57%
Real Estate	5%	3.61%	0.18%
Private Equity	10%	9.48%	0.95%
Total	100%	-	5.54%
Expected Inflation		-	2.25%
Total Return		=	7.79%

#### **Discount Rate**

A single discount rate of 7.25% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the City's net pension liability, calculated using a single discount rate of 7.25%, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is one percent lower or one percent higher:

Local Police and Fire Ret	tirement System (LOPFI)	1% Decrease 6.25%	Current Discount Rate 7.25%	1% Increase 8.25%
LOPFI - Police LOPFI - Fire	Net pension liability Net pension liability	\$ 148,286,078 123,172,793	\$ 94,600,470 78,579,217	\$ 51,176,791 42,509,644
		\$ 271,458,871	\$ 173,179,687	\$ 93,686,435

#### Arkansas Public Employees Retirement System (APERS)

The following plan description of the Arkansas Public Employees Retirement System (APERS) is provided for general information purposes only. Participants should refer to Arkansas Code Annotated, Title 24 for more complete information. Detailed information about the pension plan fiduciary net pension is available in a separately issued APERS financial report. That report may be obtained from the internet at <u>www.apers.org</u>.

APERS is a cost-sharing multiple-employer defined benefit pension plan, which provides benefits for the City's municipal judges and court clerks. The plan was established by the authority of the Arkansas General Assembly with the passage of Act 177 of 1957. The costs of administering the plan are paid out of investment earnings.

The general administration and responsibility for the proper operation of the System is vested in the nine members of the Board of Trustees of the Arkansas Public Employees Retirement System (the Board). Membership includes three state and three non-state employees, all appointed by the Governor, and three ex-officio trustees, including the Auditor of the State, the Treasurer of the State and the Director of the Department of Finance and Administration.

Contributions are set forth in Arkansas statute. The City is required to contribute at an actuarially determined rate, which was 67.13% for district judges and 15.32% for court clerks. City contributions for 2024 to the Plan were \$35,090.

#### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2024, the City reported a net pension liability of \$261,473 for its proportionate share of the net pension liability. The City's proportionate share was .00972957% compared to .00944514% for the prior year. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on actual City contributions to the pension plan relative to the actual contributions of all participating APERS members for the year ended June 30, 2024. The City's liability for the plan has been liquidated from the general fund.

For the year ended December 31, 2024, the City recognized pension expense of \$82,770. At December 31, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

APERS	Deferred Outflows of Resources		Deferred Inflows of Resources
Difference in expected and actual experience Change in assumptions	\$	10,147 9,112	\$ 10,691 -
Net difference between expected and actual investment earnings on pension plan investments Change in proportion		7,585 15,552	- 1.057
Contributions subsequent to the measurement date		17,697	 -
Total	\$	60,093	\$ 11,748

At December 31, 2024, APERS reported \$17,697 as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date that will be recognized as a reduction of the net pension liability in the year ended December 31, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources at December 31, 2024, related to pensions will be recognized in pension expense as follows:

Year Ending December 31,	l	APERS
2024 2025 2026 2027 2028	\$	3,113 42,122 (8,328) (6,259)
Total	\$	30,648

#### **Actuarial Assumptions**

The total pension liability in the June 30, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

APERS		
Valuation	June 30, 2024	
Actuarial Cost Method	Entry Age Normal	
Amortization Method	Level Percent-of-Payroll	
Remaining Amortization	23 Years	
Asset Valuation Method	4-Year smoothed Market with 25% corridor	
Investment rate of return	7.15%	
Projected salary increases	3.25%-9.85%	
Inflation	3.25% wage inflation, 2.5% price inflation	
Cost of living adjustments	3.0% annual compounded increase	

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by

weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of June 30, 2024 are summarized in the table below:

		Long-term
APERS	Target	Expected Real
Asset Class	Allocation	Rate of Return
Broad Domestic Equity	39%	5.03%
International Equity	17%	6.34%
Real Estate	16%	4.51%
Private Equity	5%	9.00%
Hedge funds	2%	3.63%
Domestic Fixed	21%	3.38%
Total	100%	
Total Real Rate of Return Plus: Price Inflation - Actuarial		5.00%
Assumption		2.50%
Less: Investment Expenses (Passive)		0.00%
Net Expected Return		7.50%

A single discount rate of 7.15% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.15%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the City's net pension liability, calculated using a single discount rate of 7.15 percent, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is one percent lower or one percent higher:

		Current					
			1% Decrease 6.15%	C	Discount Rate 7.15%	I	1% ncrease 8.15%
APERS	Net pension liability	\$	446,169	\$	261,473	\$	109,207

### **Defined Contribution Plans**

The *Nonuniformed Employees' Defined Contribution Plan* (Nonuniformed Contribution Plan) is a defined contribution plan administered by an independent fiduciary agent but governed by a Board of Trustees consisting of City officials. The Nonuniformed Contribution Plan provides retirement, disability, and survivor benefits for nonuniformed full-time employees who have met

eligibility requirements as defined by the Plan, with the exception of certain executives and officials who are enrolled in alternate plans. The Nonuniformed Contribution Plan began on January 1, 1981; benefit provisions are established by City Resolution #6482, as amended. The amount of benefits to be paid to any participant depends solely on the amounts contributed to the Plan plus investment earnings.

The Plan requires that employees contribute no less than 3.5% and may contribute an additional 10% of their base salary. Only contributions up to 3.5% are pre-tax. The City is required to contribute 4% of covered payroll each pay period. Participants become fully vested in employer contributions and investment earnings credited to their account after five years of service. Nonvested City contributions and investment earnings are forfeited when participants leave covered employment and are transferred to a separate account, which may be used to reduce City contributions. During 2024, City pension expense for its contributions to the Plan was \$5,123.

The 401(a) Money Purchase and Trust Retirement Fund is a defined contribution pension plan established under Arkansas state law, covering selected employees. Pension expenses are recorded for the amount of the City's required contributions, determined in accordance with the terms of the Plan. The Plan is administered by a Board of Trustees. The Plan provides retirement benefits to plan members and their beneficiaries. Benefit provisions and contribution requirements are contained in the plan documents and were established, and can be amended, by action of the City's Board of Directors. During 2024, City pension expense for its contributions to the Plan was \$209,768.

### Note 8: Other Postemployment Benefits

### General Information about the OPEB Plan

*Plan Description*: The City of Little Rock sponsors and administers an informal single-employer defined benefit other postemployment benefit health care plan (Health Management Trust Fund). Arkansas statute provides that any municipal city official or employee vested in any of the City's retirement plans with 20 years of service and attains 55 years of age may continue to participate in the City's health care plan after retirement. In addition, members employed at least five years with age plus service exceeding 70 at retirement are eligible for benefits. The State of Arkansas has the authority to establish and amend the requirements of this statute. The City does not issue stand-alone financial statements of the plan, but all required information is presented in this report.

*Benefits Provided*: In addition to retirement benefits from the appropriate pension plan, individuals who have been employed full time for at least five years and meet the requirements of the "rule of 70" (age plus service equals at least 70) are eligible to continue health, dental, and vision insurance benefits under the City's group plan following retirement. The Plan provides fully insured pre-Medicare group health benefits and self-funded dental and vision benefits for eligible retirees. An eligible retiree who has retired from full-time employment pays a portion of the cost.

*Employees covered by benefit terms*: At December 31, 2024, the following employees were covered by the benefit terms:

Inactive plan members or beneficiaries currently receiving benefit payments Inactive plan member entitled to but not receiving

benefit payments	-
Active plan members	1,965
	2,380

*Contributions:* The contribution requirements of plan members are established by the City and may be amended as needed for the first six months of retirement. Plan members pay the entire cost of monthly insurance premiums at the same rate charged to active employees and receive a benefit from the blended premium rate from all of the employees participating in the City's health insurance plan. After paying full premiums for six months, members are eligible for City-subsidized rates (75% of the single premium rates are paid by the City). Retired participants pay monthly premiums between \$122 for single coverage and \$721 for basic family coverage. Contributions to the Plan by the City for the year ended December 31, 2024 were \$1,966,629. The liability for the plan has typically been liquidated from the general fund.

#### Investments

*Investment Policy*. The plan's policy in regard to the allocation of invested assets is established by the City. Per the Investment Policy, there is a 40% mutual fund target asset allocation. Based upon recent investments, approximately half of this target allocation is invested in Fixed Income Securities mutual funds and half is invested in Equity Securities mutual funds, resulting in the following target allocations for each asset class. The current Target Asset Allocation, Long-Term Expected Real Rate of Return for each asset class and Geometric return at the end of 2024 is as follows:

Asset Class	Target Allocation Policy	Long Term Expected Real Rate of Return	Allocated-Weighted Long-term Expected Real Rate of Return
Money Market Fixed Income Equity Investment Expense	3% 40% 57% 0%	1.00% 3.00% 6.75%	0.03% 1.20% 3.85% (0.50)%
Total	<u>100%</u>		4.58%
Expected Inflation			2.50%
Total Return		:	7.08%

*Rate of return.* For the year ended December 31, 2024, the annual money-weighted rate of return on investments, net of investment expense, was 13.65% percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

The long-term expected rate of return on OPEB plan investments used is a proxy for annual long-term asset returns that are expected based on this allocation. In order to demonstrate the sufficiency of the 7.0% annual return assumption, the Plan has assumed that the mutual fund investments reflect both equities and fixed income investments.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation are summarized in the table above.

### Net OPEB Liability

The City's net OPEB liability was measured as of December 31, 2024, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total OPEB liability was determined by an actuarial valuation as of December 31, 2024, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary Increases (including inflation)	4.00%
Investment rate of return	7.00%
Healthcare cost trend rates	7.5% in fiscal year 2023 decreasing 0.5% per year to an ultimate rate of 4.25% for later years

Assumed mortality rates and the mortality improvement scale have been updated to reflect the Society of Actuaries' most recently published mortality study for public plan sponsors valuation. Mortality:

- i. Active Participants: Pub-2010 Public General Employee mortality table for males and females with MP-2021 Projection Scale projected generationally from the year 2010.
- ii. Retirees and Retiree Spouses: Pub-2010 General Retiree Mortality table for males and female retirees with MP-2021 Projection Scale projected generationally from the year 2010 and 2010 Contingent Survivor for male and female spouses with MP-2021 Projection Scale projected generationally from year 2010.
- iii. Disabled Retirees: Pub-2010 Disabled mortality tables and MP-2021 Projection Scale projected generationally from the year 2010.

Assumptions for Per Capita health Benefit Costs and assumed Health Benefits Costs and Retiree Contribution Trends have been updated since the previous valuation to reflect recent experience and its effect on our short-term expectations. The Administrative assumptions, for expenses which are directly related to the payment of benefits, were updated to reflect current expense levels. Furthermore, new explicit Plan Coverage elections and Dependents' Status/Coverage elections have been selected to reflect the implicit subsidies inherent in each of the medical and dental plans for both retirees and covered spouses based on recent plan experience and the actuary's best expectations of future plan experience.

*Discount rate*. The discount rate used to measure the total OPEB liability was 7%. The projection of cash flows used to determine the discount rate assumed that City contributions into the plan are equal to projected benefit payments out of the plan plus the average of recent annual prefunding contributions that have been made by the City in accordance with Paragraph No. 50 of GASB No. 74 and Paragraph No. 38 of GASB No. 75. The long-term expected rate of return was also 7%.

The plan operates on a pay-go basis and accumulates assets in a trust in addition to the pay-go amount. As of December 31, 2024, the accumulated funds and expected contributions are projected to be sufficient to cover benefit payments in all future years. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

*Net OPEB Liability of the City:* The components of the net OPEB liability of the City at December 31, 2024, were as follows:

	Increase (Decrease)					
				an Fiduciary		Net OPEB
	-	otal OPEB	N	et Position		Liability (a) -
		_iability (a)		(b)		(b)
Balances as of Beginning of Year	\$	35,736,956	\$	11,239,249	\$	24,497,707
Changes for the year:

# **OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

For the year ended December 31, 2024, the City recognized OPEB expense of \$4,397,669. At December 31, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	0	Deferred utflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience Changes of assumptions Net difference between expected and actual investment	\$	2,560,022 6,033,019	\$ 2,005,636 2,489,986
earnings on pension plan investments		-	 156,937
Total	\$	8,593,041	\$ 4,652,559

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	Year Ending December 31,	Amount			
2025		\$ 1,546,767			
2026		1,574,981			
2027		1,002,143			
2028		41,532			
2029		110,618			
Thereafter		 (335,559)			
Total		\$ 3,940,482			

### Note 9: Risk Management

#### Workers' Compensation

The City participates in a self-funded workers' compensation plan. All full-time employees are covered by the plan. It is self-funded to a maximum of \$750,000 per occurrence, per employee. Coverage amounts in excess of this limit have been obtained by means of a stop loss reinsurance policy. The City records an estimated liability and liquidates that liability within the General Fund based on claims made against the City. Claims liabilities are based on estimates of the ultimate cost of reported claims (including future claim adjustment expenses) and an estimate for claims incurred but not yet reported based on historical experience. Settlements have not exceeded coverage in each of the past three years. The following represents the changes in approximate aggregate liabilities of the workers' compensation plan for the City from January 1, 2023, to December 31, 2024:

\$ 1,558,067
2,608,207
 (3,040,359)
1,125,915
3,269,137
 (2,671,961)
\$ 1,723,091

#### Insurance Coverage

The City and its component units have various insurance policies to cover their potential liability risk areas, *i.e.*, automobile, personal property, contents and outside structures and workers' compensation. The type of coverage and the liability limits vary with each entity. Coverage is provided both commercially and through the Arkansas Municipal League (AML), which is an association of local governments. AML provides the City with automobile and legal defense coverage. The AML Legal Defense Program is discussed further in *Note 12: Contingencies*.

### Note 10: Property Taxes

City property taxes are levied each November 1 on the assessed value listed as of January 1 for all real and personal property located in the City. The property tax is considered due the first Monday in January (the lien date) after the levy; however, the tax is not considered delinquent until October 11 of that year. As a result, the majority of the tax is not collected within the time frame necessary to finance the liabilities of the current period. Property taxes, which remain delinquent for a period of three years, are certified to the land commissioner where a lien is recorded and held on file. If property taxes remain delinquent for a period of seven years, the property will be subsequently sold by the land commissioner. If proceeds from the sale are sufficient to cover all claims, the City will collect on the past due property taxes. Pulaski County is the collecting agent and remits collections to the City, net of a collection fee, on a monthly basis.

In the governmental funds, property taxes are measurable when levied even though not available. As a result, at December 31, 2024, property taxes receivable and related deferred inflows of resources of \$75,138,132 have been recorded in the governmental funds. In the government-wide statement of net position, property taxes are considered earned at the time levied. The government-wide financial statements also include \$11,326,879 in the other current liabilities, which is the 1 mil property tax levy for the Policemen's & Fireman's pension and relief and fund. This revenue is due to the closed Policemen's pension and relief fund administered by the Local Police and Fire Retirement System (LOPFI). In addition to property taxes levied, any delinquent taxes are recorded net of amounts considered uncollectible. The appraised value of taxable property upon which the property tax is levied is determined by the county assessor. The assessor estimates full market value of the property and applies the statutory rate of 20% to arrive at assessed value.

Description	Millage Limit	Levied 2023 for 2024 Collections
General purpose	5.00	5.00
Municipal improvements	3.00	3.00
Library operations	3.80	3.80
Library capital improvement bonds	1.80	1.30
Firemen's relief and pension fund	1.00	1.00
Policemen's pension and relief fund	1.00	1.00
Roads	1.45	1.45
Total	17.05	16.55

Mileages available to finance City operations and for other purposes are as follows:

### Note 11: Landfill Closure and Postclosure Care Cost

Federal and state laws and regulations require the Solid Waste Landfill to close the landfill that began accepting waste after October 9, 1993, by (1) covering the site with an impermeable cap, (2) implementing additional groundwater monitoring, (3) providing a minimum of 30 years of postclosure care and (4) demonstrating financial assurance for the closure and postclosure care. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the City reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The cumulative recognition of this liability of \$9,460,914 is based on 80.2% use of Class I Waste total constructed capacity, and 83.6% use of Class IV Waste constructed capacity. The Waste Disposal Fund will recognize, as the remaining capacity is filled, an estimated additional \$13,613,251 for final closure and postclosure of the entire landfill, which is expected to close in or about the year 2067. These amounts are based on engineering estimates of what it would cost to perform all closure and postclosure care in 2020 actual unit prices, adjusted by Department of Environmental Quality inflation factors of 1.016 in 2021, 1.062 in 2022, 1.065 in 2023, and 1.027 in 2024. Actual cost may be higher due to inflation, changes in technology, or changes in regulations. The City Waste Disposal Fund demonstrates financial assurance for closure and postclosure care through the Environmental Protection Agency's Local Government Financial Test, 40 CFR Part 258, Subpart G, dated November 27, 1996. In this test, the City demonstrates that it is capable of meeting its financial obligations at its municipal solid waste landfill facility through a bond rating requirement where all outstanding general obligation bonds have a current investment grade bond rating.

### Note 12: Contingencies

### **Federal Grant Programs**

The City of Little Rock participates in several federal financial assistance programs, the principal of which are subject to program compliance audits pursuant to the Single Audit Act, as amended. Accordingly, the City of Little Rock's compliance with applicable grant requirements will be established at a future date. The amount of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the City of Little Rock anticipates such amounts, if any, will be immaterial.

### Central Arkansas Transit Authority d/b/a Rock Region Metro (RRM)

The City has an ongoing interlocal agreement with Rock Region Metro to finance approximately 71% of its operating deficits. The City continued to fund RRM's operating deficits at this level in 2024 and anticipates comparable ongoing contributions for services to be maintained in the future.

### **Risk Management**

The City is a member of the Arkansas Municipal Legal Defense Program (AMLDP), which provides extraordinary legal defense and extraordinary expenses in suits against municipal officials and employees and civil rights suits against the municipal government. Fixed premiums are set annually by AML based on such factors as claims experience, employee class multipliers and population. For risks covered by AML, the City pays no deductible; however, the City pays a \$3,000 fee to AML for each legal matter it handles. There have been no significant reductions to coverage from 2022 to 2024. The Program only pays judgments for actual damages (not punitive damages) imposed on municipal governments and their officials and employees; which will not exceed 25% of the Program's available funds at the time the lawsuit was filed, or the judgment becomes final, or \$1 million, whichever is less.

The City, its agencies, and its employees are defendants in numerous legal proceedings, many of which normally occur in governmental operations. Such litigation includes, but is not limited to, claims assessed against the City for property damage and personal injury, other alleged torts, and alleged violations of state and federal laws. It is not possible to predict with certainty or exactitude the ultimate outcome of all lawsuits pending or threatened against the City. Based on the current status of all of the legal proceedings, it is the opinion of the City Attorney and management that the ultimate outcome will not have a material adverse impact on the City's financial position. However, events could occur in the near term that would cause these estimates to change materially.

### **Construction and Other Significant Commitments**

*Construction commitments.* The City of Little Rock has active construction projects as of December 31, 2024. The projects include street construction in areas with economic development, newly developed housing, widening of streets and bridges, and the construction of additional City facilities. At year end, the City of Little Rock's commitments with contractors are as follows:

Project	 Spent-to-Date	Remaining Commitment	
Parks and Recreation Construction	\$ 4,928,557	\$	2,288,861
Little Rock Zoo Construction	2,902,288		1,167,283
Fire Apparatus	7,653,812		13,177,449
Police Vehicles and Equipment	3,249,787		2,222,684
Housing and Neighborhood Construction	660,268		148,582
City Facilities	13,134,280		3,669,250
Street and Drainage Construction	34,544,420		8,667,757
Total	\$ 67,073,412	\$	31,341,866

The remaining commitment amounts of \$31,341,866 for the widening of streets and bridges, the construction of City facilities, for the acquisition of Fire Apparatus and Police Vehicles and Equipment were encumbered at fiscal year-end. As discussed earlier in Note 1: Nature of Operations and Summary of Significant Accounting Polices, *Budgetary Information*, the encumbrances and related appropriation technically lapse at the end of the year but are reappropriated and become part of the subsequent year's budget because performance under the executory contract is expected in the next year.

#### Note 13: Conduit Debt Obligations

From time to time, the City has issued economic development and other revenue bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial, commercial, health care facilities and other deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Neither, the City, the State nor any political subdivision thereof, is obligated in any manner for repayment of the bonds.

As of December 31, 2024, the aggregate principal amount payable on these bonds was \$523,162,113.

#### Note 14: Jointly Governed Organization

In 2001, the City of Little Rock and the City of North Little Rock entered into an agreement to create an entity to own and operate a consolidated water system. The created entity serves customers located within the corporate limits of the City parties. Under GASB 14, the entity is considered a jointly governed organization. The City has no ongoing financial responsibility for this entity. Financial statements for Central Arkansas Water can be found at <u>www.carkw.com</u>.

#### Note 15: Fund Balance

The City classified governmental fund balances as follows:

	Ge	eneral Fund	Sales Tax Capital provements	2022 Capital Improvements		2022 Capital Improvements (Debt Service)		Street			American escue Plan SLFRF	Grant Fund			Other Governmental Funds	Go	Total overnmental Funds
Fund Balances			 -							-				-		-	
Nonspendable																	
Inventory	\$	27,234	\$ -	\$	-	\$	\$-	\$	-	\$		\$	-	5	302,852	\$	330,086
Prepaids		2,216,838	-		-		-		16,628		-		-		-		2,233,466
Trust principal		-	-		-		-		-		-		-		250,000		250,000
Restricted																	
Debt service		-	-		-		18,776,841		-		-		-		10,511,418		29,288,259
Capital improvements		-	15,460,404		75,689,840		-		-		-		-		15,244,205		106,394,449
Streets & Drainage Infrastructure		-	-		-		-		34,293,834		-		-		-		34,293,834
Grants		-	-		-		-		-		1,368,495		-		1,470,930		2,839,425
Emergency 911		-	-		-		-		-		-		-		6,310,211		6,310,211
Special Projects		-	-		-		-		-		-		-		13,323,137		13,323,137
Committed																	
Cable network		-	-		-		-		-		-		-		-		-
Assigned																	
General fund special projects		34,456,324	-		-		-		-		-		-		-		34,456,324
Unassigned		47,285,643	 -		-		-		-		-	(	6,207,744)		-		41,077,899
Total Fund Balances	\$	83,986,039	\$ 15,460,404	\$	75,689,840	\$	\$ 18,776,841	\$	34,310,462	\$	1,368,495	\$ (	6,207,744)	9	47,412,753	\$	270,797,090

The negative unassigned fund balance in Grant Fund of (6,207,744) is attributed to the timing of reimbursement of grant expenditures and the obligation of funds related to the March 31, 2023 Tornado for which expenditures have already occurred.

#### Note 16: Tax Abatement

The City of Little Rock has ten (10) active Payment in Lieu of Taxes Agreements (PILOTS) associated with the issuance of industrial development bonds under the provisions of the Municipalities and Counties Industrial Development Revenue Bond Law, Ark. Code Ann. §§ 14-164-201 to 224, for the purpose of financing substantial industrial projects consisting of the acquisition of land, construction of buildings, and acquisition and installation of equipment located within the City (the "project"). The project is leased by the City to the company that will be utilizing the bond proceeds, pursuant to one or more lease agreements (collectively, the "Lease"), for rentals sufficient to pay debt service on the bonds. The Lease provides that the company is obligated to pay all taxes and assessments levied and assessed on the project during the term of the Lease. The company is informed and understands that, notwithstanding the provisions of the lease, under Article 16, Section 5 of the Constitution of the State of Arkansas, as interpreted by the Arkansas Supreme Court in Wayland v. Snapp, 233 Ark. 57, 334 S.W.2nd 633 (1960), and Pulaski County v. Jacuzzi Bros. Div., 332 Ark. 91, 964S.W.2nd 788 (1998), and Ark. Code Ann. §§ 14-164-701 to 703, the project will be exempt from ad valorem taxes because it is owned by the City and used for a public purpose within the meaning of the applicable Constitutional and statutory provisions affording the exemption. Thus, the company understands that it, as Lessee of the project owned by the City, will, in fact, pay no ad valorem taxes on the project property under the provisions of the Lease. The City does not wish to lose all tax revenues, which would otherwise be received by it if the property involved were privately owned. Therefore, to induce the City to proceed with the issuance of the bonds for the industrial development project, which will inure to the benefit of the company, and for other valuable consideration, the company agrees to pay the City an annual sum equal to amounts ranging from 0% to 35% of the amount which would be payable as ad valorem taxes that would have to be paid on the project to the State of Arkansas, the City, Pulaski County, the Little Rock School District, and/or other political subdivisions of the State of Arkansas (taxing authorities) if the project were not exempt from ad valorem taxes under the provisions of the Constitution of the State of Arkansas as referenced above. Information relevant to the disclosure of taxes abated under this program for the year ended December 31, 2024 is:

Taxing Authority	PI	nount Due if LOTS Were ot in Place	Ū	Actual Tax Collected nder PILOT greements	Tax Abatement
City of Little Rock Little Rock School District Pulaski County Pulaski County Special School District	\$	943,312 2,590,708 401,834 47,355	\$	323,978 904,706 138,009 3,165	\$ 619,334 1,686,002 263,825 44,190

#### **Long-Term Liabilities**

Long-term debt consists of Sewer Revenue Bonds for which the changes in the year are as follows:

Component Units	Ja	Balance, nuary 1, 2024	Increases			Decreases	D	Balance ecember 31, 2024	Amounts Due in One Year			
Little Rock Water Reclamation Authority Revenue bonds Add issuance premiums	\$	411,469,413 2,232,246 413,701,659	\$	14,925,841 	\$	14,717,236 702,100 15,419,336	\$	411,678,018 1,530,146 413,208,164	\$	15,713,587 - 15,713,587		

The annual requirements to amortize sewer bond indebtedness outstanding, and scheduled, including interest are as follows:

	Little Rock Water Reclamation Authority									
Year		Principal		Interest						
2025 2026 2027 2028 2029 2030-2034 2035-2039 2040-2044 2045-2049 2050-2054 2055-2059	\$	15,713,587 17,905,324 18,360,828 18,892,403 19,352,273 105,449,020 81,659,291 47,912,741 46,271,318 39,620,216 541,017	\$	9,294,864 8,806,670 8,343,862 7,964,227 11,060,610 29,582,197 18,998,024 11,673,414 6,154,662 1,590,135 11,895						
2000-2000	\$	411,678,018	\$	113,480,560						

#### **Net Pension Liability**

LRWRA participates in the Arkansas Public Employees Retirement System (APERS). The general information and actuarial assumptions related to this plan can be found in *Note* 7 above. See below for information about LRWRA's Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.

At December 31, 2024, LRWRA reported a liability of \$16,378,805 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by actuarial valuations as of that date. LRWRA's proportion of the net pension liability was based on LRWRA's contributions to the pension plan relative to the contributions of all participating APERS members. At June 30, 2024, LRWRA's proportion was 0.65827984%, which was an decrease of 0.00762527% from its proportion measured as of June 30, 2023, of 0.66590511%.

For the year ended December 31, 2024, LRWRA recognized pension expense of \$2,440,309. At December 31, 2024, LRWRA reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	0	Deferred utflows of esources	I	Deferred nflows of Resources
Differences between expected and				
actual experience	\$	635,628	\$	669,654
Changes in proportion and differences				
between employer contributions and				
proportionate share		3,744		437,081
Changes in assumptions		570,794		-
Net difference between projected and actual				
earnings on pension plan investments		475,143		-
Contributions subsequent to the				
measurement date		1,205,301		-
Total	\$	2,890,610	\$	1,106,735

The \$1,205,301 reported as deferred outflows of resources at December 31, 2024, related to pensions resulting from LRWRA's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31	
2025 2026 2027 2028	\$ (368,701) 2,082,350 (743,090) (391,985)
	\$ 578,574

Sensitivity of the Proportionate Share of the Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the proportionate share of the net pension liability using the discount rate of 7%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6%) or 1-percentage-point higher (8%) than the current rate:

 Sensitivity of Discount Rate													
 1% Lower 6.00%		Discount Rate 7.00%		1% Higher 8.00%									
\$ 27,948,145	\$	16,378,805	\$	6,840,737

#### City of Little Rock, Arkansas Notes to Budgetary Comparison Schedule General Fund Year Ended December 31, 2024

#### **Budgets and Budgetary Accounting**

An annual operating budget is prepared for the General Fund by the Mayor and City Manager. The budget reflects revenues expected to be received during the year and expenditures expected to be incurred. The Mayor and City Manager are required by city and state law to submit these Required Supplementary Information budgets to the Board of Directors for approval. The Board of Directors subsequently adopts this budget by City ordinance by December 30. Departmental expenditures relating to budget items may not exceed their appropriated amounts without approval. As specified in the budget ordinance, the Mayor and City Manager have authority to approve budget transfers between departments up to \$50,000. Transfers over this amount must receive Board of Directors' approval. The original budget of the General Fund was amended during 2024.

Appropriations for special projects are made each year by the Board of Directors to finance specific events and capital outlays. These projects are carried forward each year until they are fully expended or repealed by Board of Directors' ordinance.

The City prepares its annual operating budget on a basis consistent with accounting principles generally accepted in the United States of America (GAAP). Appropriations lapse at the end of each year. The *Budgetary Comparison Schedule – General Fund* presents the original and revised budget amounts in comparison to the actual amounts of revenues and expenditures for the current year. A discussion of the change from the original budget to the final budget and an explanation of variances from actual to the final budget is available in Management's Discussion and Analysis.

#### City of Little Rock, Arkansas Required Supplementary Information Other Postemployment Benefit Plan Schedule of Changes in the City's Net OPEB Liability and Related Ratios Year Ended December 31, 2024

#### Notes to Schedule:

Changes in benefit terms: In 2023, retirees who are not wellness qualified pay an additional monthly premium.

#### Changes of assumptions:

In 2023, changes include updates to (a) assumed Per Capita Health Benefit Costs and assumed Health Benefit Cost and Retiree Contribution Trends, (b) assumed Administrative Expenses and (c) Plan Coverage elections.

In 2021, assumed mortality rates and the mortality improvement scale have been updated to reflect the Society of Actuaries' most recently published mortality study for public plan sponsors valuation. Changes in assumptions include updates to (a) assumed Per Capita Health Benefits Cost and assumed Health Benefits Cost and Retiree Contribution Trends, (b) assumed Administrative Expenses, (c) new explicit Plan Coverage elections, and (d) assumed mortality rates and the mortality improvement projection scale.

In 2020, the Plan changed the mortality table improvement scale from MP-2019 to MP-2020. In addition, the Plan changed the inflation rate from 2.5% to 3.0% to reflect expected increases in overall inflation. Finally, the Plan changed the assumed utilization rate from 95% to 70% to better reflect actual historical utilization and sponsor expectations for the future.

In 2018, the Plan changed the mortality table improvement scale from MP-2017 to MP-2018. Also, the Plan has incorporated estimated initial year claims costs into the valuation rather than valuing the plan using expected premiums paid.

The information in this schedule has been determined as of the measurement date (December 31) of the City's net OPEB liability and is intended to show information for 10 years. However, until a full 10-year trend is compiled in accordance with the provision, only periods for which such information is available are presented.

#### **City of Little Rock, Arkansas** Required Supplementary Information Other Postemployment Benefit Plan

Schedule of City Contributions Year Ended December 31, 2024

#### Notes to Schedule:

Methods and assumptions used to determine contribution rates:

Actuarial cost method Inflation	Entry Age Normal 2.5% per annum
Healthcare cost trend rates	7.5% in 2024 decreasing 0.50% per year to 4.5% for 2030 and further decreasing 0.25% to an ultimate rate of 4.25% for 2031 and later years
Investment rate of return	7%
Retirement age	Experience-based table of rates that are specific to the type of eligibility condition.
Mortality:	
Active Participants	Pub-2010 Public General Employee Mortality Table for males and females with MP-2021 Projections Scale projected generationally from the year 2010.
Retirees and Retiree Spouses:	Pub-2010 General Retiree Mortality Table for male and female retirees with MP-2021 Projection Scale projected generationally from the year 2010 and Pub-2010 Contingent Survivor Mortality for male and female spouses with MP-2021 Projection Scale projected generationally from the year 2010.
Disabled Retirees:	Pub-2010 Disabled Mortality Tables and MP-2021 Projection Scale projected generationally from the year 2010.

Note: Actual contributions reflect the employer contribution which includes assets reported as Premium Tax money and the Future Supplement.

Plan Note: In FY2018, Plan assets were transferred to LOPFI, resulting in a change in measurement date.

#### **Key Assumptions for ADC:**

Cost method	Individual Entry age normal
Amortization method	Closed amortization period based on projected future payroll
Remaining amortization	22 years beginning January 1, 2023
Asset valuation	5-year smoothed market; 20% corridor
Price Inflation	2.25%
Salary Increases	3.00%, which is the portion of the individual pay increase assumptions attributable to wage inflation
Investment rate of return	7.25%
Mortality	Pub-2010 Amount-Weighted General Below Median Income Healthy Retiree tables set forward one year for males and two years for females, Disabled Retiree and Employee mortality tables for males and females. The tables were adjusted for fully generational mortality improvements using Scale MP-2020.

#### NONMAJOR GOVERNMENTAL FUNDS

The **Special Revenue Funds** account for resources, which are designated by law or contractual agreement for particular functions or activities and are legally required to be accounted for in separate funds. Such resources are derived from specific taxes, federal grant and entitlement monies, and multi-year appropriations.

**SPECIAL PROJECTS FUND** – Accounts for receipts and appropriations to be spent on one-time, multi-year projects that benefit the entire City.

**EMERGENCY 9-1-1 FUND** – Accounts for remittances for emergency telephone service charges by local telephone companies. These monies are used to establish and operate the uniform emergency telephone number network (9-1-1) for Little Rock.

**COMMUNITY DEVELOPMENT FUND (CDBG)** – Accounts for CDBG and other funds received from the U.S. Department of Housing and Urban Development. These monies are expended to provide housing or housing assistance to qualifying citizens, to improve neighborhood streets and drainage and to operate community health and recreation facilities.

**NEIGHBORHOOD HOUSING SPECIAL PROJECT FUND (NHSP)** – Accounts for the proceeds of Community Development Block Grant – Section 108 Guaranteed Loan Program and other City funds that are utilized to provide housing and housing assistance to qualifying citizens and to improve neighborhood infrastructure.

**HOME INVESTMENT PARTNERSHIP FUND (HIPP)** – Accounts for HOME and other funds received from the U.S. Department of Housing and Urban Development. These monies are expended to provide housing or housing assistance to qualifying citizens, to improve neighborhood streets and drainage and to operate community health and recreation facilities.

The **Debt Service Funds** account for the accumulation of resources for the payment of principal and interest on general long-term debt.

**2015 CENTRAL ARKANSAS LIBRARY** – The 2015 Central Arkansas Library bonds were issued to finance the cost of acquiring, constructing and equipping capital improvements to the public city libraries operated by the City and the Central Arkansas Library System, to refund the outstanding Library Construction Bonds, Series 2008, and Series 2009, to pay interest due on the bonds until collections of the library tax become available for such payments and to pay the costs of issuance of the bonds. The Series 2015 Bonds are limited obligations, payable solely from the collections of the Library Tax. These bonds were refunded by the issuance of the 2022 Library Construction and Refunding Bonds.

**TIF #1 2014 CAPITAL IMPROVEMENT BOND** – The 2014 TIF #1 Capital Improvements bonds were issued to finance the costs of acquisition, construction and equipping of a major street system within Redevelopment District No. 1.

**2017 CENTRAL ARKANSAS LIBRARY** – The 2017 Central Arkansas Library Refunding Bonds were issued to refund the City's outstanding Library Construction and Improvement Bonds, Series 2012, and to pay the costs of issuance of the bonds. The bonds are limited tax obligations payable solely from a 0.9 mill annual ad valorem tax. The bonds were retired in 2022.

#### NONMAJOR GOVERNMENTAL FUNDS

#### (Continued)

**2017 CAPITAL IMPROVEMENTS REFUNDING REVENUE BOND** – The Capital Improvements Refunding Revenue Bonds, Series 2017 were issued to advance refund the 2009 Parks and Recreation Capital Improvement Construction Revenue Bonds – Series A and Series B, to current refund the 2007 Capital Improvement Revenue Refunding Bonds and the 2002 Capital Improvement Junior Lien Revenue Bonds, to pay a premium for a municipal bond debt service reserve insurance policy and to pay expenses of issuing the Bonds. The Series 2017 bonds are not general obligations of the City but are special obligations secured solely by a pledge of revenues received by the City from all franchise fees charged to public utilities for the privilege of utilizing the City's streets and right-of-way.

**2022 LIBRARY CONSTRUCTION AND REFUNDING BOND** - The 2022 Central Arkansas Library bonds were issued to finance the cost of acquiring, constructing, and equipping the land and additional capital improvements to the public city libraries operated by the City and the Central Arkansas Library System, to refund the outstanding Library Construction Bonds, Series 2015, to pay interest due on the bonds on March 1, 2023, and to pay the costs of issuance of the bonds. The Series 2022 Bonds are limited obligations, payable solely from the collections of a 1.3 mill annual ad valorem tax.

**2018 HOTEL GROSS RECEIPTS BOND** – Accounts for the accumulation of resources for the payment of principal and interest on the 2018 hotel tax revenue debt of the City.

**2018 CAPITAL IMPROVEMENTS FUND** - Accounts for the accumulation of resources for the payment of principal and interest on the 2013 and 2018 Limited Tax General Obligation Capital Improvement Bonds. The bonds were retired in 2022.

The **Capital Projects Funds** account for the acquisition or construction of major capital assets from the issuance of general long-term debt and other financing sources.

**SHORT TERM FINANCING** – Accounts for the issuance and expenditure of Short Term Financing to acquire buildings, land, capital equipment, vehicles, and other tangible personal property for the City.

**CAPITAL IMPROVMENT FUND** - The Capital Improvement fund accounts for the issuance of the 2013 and 2018 Limited Tax General Obligation Capital Improvement Bonds to finance street and drainage improvements for the City.

**2015** CENTRAL ARKANSAS LIBRARY – The 2015 Central Arkansas Library Bonds were issued to finance the cost of acquiring, constructing, and equipping capital improvements to the public city libraries.

**TAX INCREMENT FINANCING PORT** – The Tax Incremental Financing Development District established within the Port of the City of Little Rock was set up in order to levy taxes on property located within the redevelopment district and to the school board of any school district that includes property located within the redevelopment district. Funds from this levy are to be used for public infrastructure projects including reconstruction of streets within the redevelopment district to bring them to interstate-weight capable standards, installation of water and sewer lines to areas within the redevelopment district that are currently not served, construction of dockside improvements including cranes and warehouses, construction of additional railroad facilities and site preparation.

#### NONMAJOR GOVERNMENTAL FUNDS

#### (Continued)

**2018 HOTEL GROSS RECEIPTS TAX BOND** - The 2018 Gross Receipts Tax Bond Fund accounts for expenditure of bond funds issued to finance a portion of the cost of improvements to MacArthur Park, including renovations and additions to, and furnishings and equipment for, the Arkansas Museum of Fine Arts and the MacArthur Museum of Arkansas Military History.

**2022 LIBRARY CONSTRUCTION AND REFUNDING BOND** - The 2022 Central Arkansas Library Construction and Refunding bond fund accounts for the issuance of bonds to finance the cost of acquiring, constructing, and equipping the land and additional capital improvements to the public city libraries operated by the City and the Central Arkansas Library System.

#### PENSION AND OTHER EMPLOYEE BENEFIT TRUST FUNDS

**Trust Funds** account for assets held in the Firemen's Pension and Relief Fund, the Police Pension Fund, the Nonuniformed Employees' Defined Contribution Plan, the Nonuniformed Employees' Defined Benefit Pension Plan, the 401(a) Money Purchase and Trust Retirement Fund, the 2014 Defined Benefit Plan and Health Management Trust. Fund trustees must act in accordance with the specific purposes and terms of these retirement plans.

**Fireman's Pension and Relief Fund** accounts funds held in trust for firemen who have completed twenty (20) years of service. It is an agent multiple-employer defined benefit pension plan in which the City participates, established in accordance with legislation enacted by the Arkansas General Assembly. Benefit provisions are established by State of Arkansas Act #14, as amended.

**Police Pension** accounts for funds held in trust for the retirement benefits for policemen who have completed twenty (20) years of service. It is an agent multiple-employer defined benefit pension plan in which the City participates, established in accordance with legislation enacted by the Arkansas General Assembly. Benefit provisions are established by State of Arkansas Act #14, as amended.

**Nonuniformed Employees' Defined Benefit Pension Plan** is a single-employer defined benefit pension plan established and amended by City ordinance #11088. This fund accounts for monies held in trust to provide retirement, disability, and survivor benefits to participating employees and/or their beneficiaries or dependents who have met eligibility requirements set forth in the Plan's benefit provisions. Plan assets are administered by a Board of Trustees.

**2014** Nonuniformed Employees' Defined Benefit Pension Plan is a single employer defined benefit pension plan established under Arkansas state law. This fund accounts for monies held in trust to provide retirement , disability, and survivor benefits to participating employees and/or their beneficiaries or dependents who have met eligibility requirements set forth in the Plan's benefit provisions. survivor benefits to participating employees and/or their beneficiaries or dependents who have met eligibility requirements set forth in the Plan's benefit provisions. Under the provisions of the 2014 Defined Benefit Plan, the City contributes 9% of the participant's salary. The participants contribute 4.5% of their salaries.

**Nonuniformed Employees' Defined Contribution Plan** is a defined contribution plan administered by and independent fiduciary agent but governed by a Board of Trustees consisting of city officials. This plan provides retirement, disability, and survivor benefits for nonuniformed full-time employees who have met eligibility requirements as defined by the Plan, with exception of certain executives and officials who are enrolled in alternate plans. The plan requires that employees contribute no less than 3.5% and may contribute an additional 10% of their base salary. The City is required to contribute 4% of covered payroll each pay period.

**401(a)** Money Purchase and Trust Retirement Fund is a defined contribution pension plan established under Arkansas state law covering selected employees. Pension expenses are recorded for the amount of the City's required contributions, determined in accordance with the terms of the plan. Benefit provisions and contribution requirements are contained in the plan documents and were established, and can be amended, by the City's Board of Directors.

# PENSION AND OTHER EMPLOYEE BENEFIT TRUST FUNDS (continued)

**Health Management Trust** Is an informal single-employer defined benefit other postemployment benefit health care plan (Health Management Trust Fund), sponsored, and administered by the City. Arkansas statute provides that any municipal city official or employee vested in any of the City's retirement plans with 20 years of service and attains 55 years of age may continue to participate in the City's health care plan after retirement. In addition, members employed at least five years with age plus service exceeding 70 at retirement are eligible for benefits. The State of Arkansas has the authority to establish and amend the requirements of this statute.

# City of Little Rock, Arkansas Statistical Section

#### (Unaudited)

This section of the City of Little Rock, Arkansas annual comprehensive financial report (ACFR) presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information reflects about the City's overall financial health.

Contents	Page
Financial Trends (Tables 1–5)	
These schedules contain trend information to assist the reader in understanding how the City's financial performance and well-being have changed over time	174
Revenue Capacity (Tables 6–10)	
These schedules contain information to help the reader assess the City's most significant revenue sources, local sales taxes and property taxes	180
Debt Capacity (Tables 11–15)	
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future	185
Demographic and Economic Information (Tables 16–17)	
These schedules offer demographic and economic indicators to assist the reader in understanding the environment within which the City's financial activities take place	190
Operating Information (Tables 18–20)	
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to services the City provides and the activities it performs	192

Source: Pulaski County Tax Assessor.

The year noted represents the year assessed for collection in the following year. For example, the 2023 amounts represent the 2023 assessment for collection in 2024. Note: Tax rates are per \$1,000 of assessed value.

Note: Tax collections shown do not include Act 9 Real Estate Valuations.

Note: The Arkansas Public Service Commission has combined the personal and real estate service accounts.

Both are considered personal PSC accounts.

(1) The direct tax rate was reduced 1 mill for the 2015 Library Capital Improvement and Refunding Bonds.

(2) The direct tax rate for Library operations was increased from 3.3 to 3.8 mills.

(3) The direct tax rate for Library bonds was decreased from 1.8 to 1.3 mills.

Note: Property assessments are made, tax rates (millages) are established, and taxes are levied in one year for payment by the taxpayer and collection by local governments the following year.

Data on this schedule shows taxes levied in the prior year for collection in the current year.

Taxes are due and payable on or before October 10. Taxes are recorded as delinquent after October 10 and a 10 percent penalty is added.

State statutory limits on City tax rate: General operation General improvement bonds Industrial development bonds Fire pension and police pension

5 mills Unlimited subject to voter approval 5 mills 1 mill each

#### City of Little Rock, Arkansas Principal Sales Taxpayers December 31, 2024

The City of Little Rock, Arkansas's largest own-source revenue is sales taxes. The City's sales tax revenues are generated from a permanent one and one-eighth (1.125)-cent local general sales tax. Prior to 2022, the City also assessed a three-eighth (0.375)-cent sales tax for capital projects which sunset on December 31, 2021. Taxes are assessed based on the point-of-sale. In addition, the City receives a portion of the County's one (1.0)-cent sales tax based on population. The City of Little Rock makes up approximately 51% of the county population and receives a like proportion of the county tax. In 2024, the City's local 1.125-cent sales tax generated revenue of \$78,955,803. The City's share of the county 1-cent tax generated revenue of \$60,148,210.

According to Arkansas State Statutes, the City is required to keep the identity of individual taxpayers confidential. Therefore, the City of Little Rock is not able to identify the top 10 taxpayers. However, Little Rock has a diverse economic sales tax base. Revenues generated by the top ten industry codes are listed below.

2024	124,352,245	28,033,600	96,318,645	1.64%	463.90

Note: Details regarding the City's outstanding debt can be found in Note 5 to the financial statements.

(1) See Table 7, Schedule of Assessed and Appraised Value of Taxable Property for property value data.

(2) See *Table 16*, Schedule of Demographic and Economic Statistics for personal income and population data.

(3) In 2013, the City issued \$58,105,000 in limited tax general obligation bonds to finance various capital improvements for the City.

(4) In 2015, the City issued \$36,620,000 in limited tax general obligation bonds to refund the outstanding Library Construction Bonds, Series 2008 and Series 2009, to fund additional capital improvements for the Central Arkansas Library System.

(5) In 2018, the City issued \$43,475,000 in limited tax general obligation bonds to finance street and drainage improvements for the City.

(6) In 2022, the City issued \$40,770,000 in Library construction and refunding bonds. The 2017 Library bonds were retired and the 2015 Library bonds were refunded. In addition, the City issued \$53,510,000 in limited tax general obligation capital improvement bonds - Series 2022A and \$5,055,000 in limited tax general obligation capital improvement bonds - Series 2022B (taxable). The 2018 limited tax general obligation capital improvement bonds were retired.

(7) In 2024, the City issued \$26,565,000 in limited tax general obligation capital improvement bonds - Series 2024A and \$10,745,000 in limited tax general obligation capital improvement bonds - Series 2024B (taxable). It was the second issuance of the capital improvement bonds that were approved in 2022.

#### **City of Little Rock, Arkansas** Direct and Overlapping Governmental Activities Debt December 31, 2024

Table 13

Governmental Unit	-	Debt Available for Retirement	Percentage Applicable (2)		City's Share of Overlapping Debt
Direct: City of Little Rock, Arkansas	\$	191,002,913 (1)	100%	\$	191,002,913

Notes: Details regarding the City's outstanding debt can be found in the notes to the financial statements.

\* Primary government pledged revenue bond coverage is presented starting with fiscal year 2018

(1) Hotel Gross Receipts Tax Bonds are backed by all hotel gross receipt taxes from the renting, leasing or otherwise furnishing of hotel, motel, bed and breakfast or short-term condominium or apartment rental accommodations for sleeping for profit in the City.

(2) 2017 Capital Improvement Franchise Fee Revenue Refunding Bonds are backed by franchise fee revenues.

(3) Waste Disposal Revenue Bonds are backed with a pledge of net revenues of the waste collection and disposal system.

(4) Operating expenses do not include interest or depreciation expenses.

(5) 2003 Capital Improvement and Refunding Revenue Bonds are backed with a pledge of specific parking revenues and other revenues in the Rivermarket Garage Fund.

The Waste Disposal Revenue Bonds were retired in 2022.

# OTHER REQUIRED REPORT

(This Page Intentionally Left Blank)

#### Independent Accountant's Report on Compliance With Certain State Acts

Honorable Frank Scott Jr., Mayor and Members of the Board of Directors City of Little Rock, Arkansas Little Rock, Arkansas

We have examined management's assertions that the City of Little Rock, Arkansas (City) complied with the requirements of the *Arkansas Act 15 of 1985* and the following Arkansas statutes during the year ended December 31, 2024:

- (1) Arkansas Municipal Accounting Law, §14-59-101 et seq.
- (2) Arkansas District Courts and City Courts Accounting Law, §16-10-201 et seq.
- (3) Improvement contracts, §§ <u>22-9-202</u> <u>22-9-204</u>
- (4) Budgets, purchases, and payments of claims, etc., § <u>14-58-201</u> et seq. and <u>14-58-301</u> et seq.
- (5) Investment of public funds, § 19-1-501 et seq.
- (6) Deposit of public funds, §§ <u>19-8-101</u> <u>19-8-107</u>

Management is responsible for its assertion. Our responsibility is to express an opinion on management's assertion about the City's compliance with the aforementioned requirements above based upon our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accounts. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about management's assertion. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertion, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

In our opinion, management's assertion that the City of Little Rock, Arkansas, complied, in all material respects, with the aforementioned requirements for the year ended December 31, 2024 is fairly stated, in all material respects.

#### Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

#### Independent Auditor's Report

Honorable Frank Scott Jr., Mayor and Members of the Board of Directors City of Little Rock, Arkansas Little Rock, Arkansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States (Government Auditing Standards), the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Little Rock, Arkansas (City), as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated July 11, 2025. Our report includes a reference to other auditors who audited the financial statements of Central Arkansas Transit Authority, Museum of Discovery, Arkansas Museum of Fine Arts, Little Rock Advertising and Promotion Commission, and the Little Rock Ambulance Authority, as described in our report on the City's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the Museum of Discovery, Arkansas Museum of Fine Arts Foundation (component unit of Arkansas Museum of Fine Arts), and BlossomOutreach22, Inc. (component unit of Arkansas Museum of Fine Arts), component units included in the financial statements of the aggregate discretely presented component units, were not audited in accordance with Government Auditing Standards and, accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the Museum of Discovery, Arkansas Museum of Fine Arts Foundation, and BlossomOutreach22, Inc.

#### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### Forvis Mazars, LLP

Little Rock, Arkansas July 11, 2025 Forvis Mazars, LLP 111 Center Street, Suite 1600 Little Rock, AR 72201 P 501.372.1040 | F 501.372.1250 forvismazars.us

## Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance

#### Independent Auditor's Report

Honorable Frank Scott Jr., Mayor and Members of the Board of Directors City of Little Rock, Arkansas Little Rock, Arkansas

#### **Report on Compliance for Each Major Federal Program**

#### **Opinion on Each Major Federal Program**

We have audited the City of Little Rock, Arkansas' (City) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended December 31, 2024. The City's major federal programs are identified in the Summary of Auditor's Results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2024.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

#### Other Matter – Federal Expenditures Not Included in the Compliance Audit

The City's basic financial statements include the operations of the Little Rock Port Authority, Central Arkansas Transit Authority, Bill and Hillary Clinton National Airport, Little Rock Water Reclamation Authority, and Little Rock Workforce Development Board, which expended \$950,557, \$9,736,478, \$10,918,561, \$8,700,245, and \$2,522,614, respectively, in federal awards that are not included in the City's schedule of expenditures of federal awards for the year ended December 31, 2024. Our compliance audit, described in the Opinion on Each Major Federal Program section above, does not include the operations of these component units because each engaged other auditors or Forvis Mazars to perform separate audits of compliance.

#### **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### **Report on Internal Control Over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a

federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Total Expenditures of Federal Awards			\$ 382,519	\$ 32,452,663

#### Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (Schedule) includes the federal award activity of the City of Little Rock, Arkansas (City) under programs of the federal government for the year ended December 31, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position/fund balance, or cash flows of the City.

#### Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts, if any, shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

#### Note 3. Indirect Cost Rate

The City has elected not to use the 10% de minims indirect cost rate allowed under the Uniform Guidance.

#### Note 4. Federal Loan Programs

The City did not have any federal loan programs during the year ended December 31, 2024.

#### Note 5. Federal Emergency Management Agency (FEMA) Expenditures

The City has reported \$4,767,419 of expenditures on the 2024 Schedule of Expenditures of Federal Awards for the Disaster Grants – Public Assistance (Presidentially Declared Disasters) program that were incurred in a prior year but not approved until 2024.
