

Energy Committee 12/11/18

Tuesday, December 11th, 3:30, at Diamond Bear Brewery

Attendees: Robert Airo, Grant Duensing, Bruce McMath, Karen Zuccardi

Guests: Faith Mullins,

PACE:

- Discussed PACE proposal
 - New Little Rock administration will need to decide to:
 - Dissolve the PACE Commission
 - Merge with Pulaski County
 - Continue independence
 - No other PACE status to report

Energy Efficiency of Facilities

- Conversion of Entergy streetlights to LED
 - Completed streetlight survey is in the Mid-Town Neighborhood
 - Another Little Rock neighborhood is interested in taking part in a lighting survey
 - Two avenues to pursue
 - Little Rock streetlight fixture standard
 - Master lighting plan
 - Tariffs, PSC support, etc.
 - Bruce will talk with the PSC attorney to see about any updates
 - Discussed other options
 - Track outages, by fixture, and report outages
 - After 30-days unrepaired, suspend payment to Entergy for applicable fixtures
 - Procedure to remove streetlights, if desired
 - Look at City owned streetlights
 - A nominal fee to Entergy per light, for kWh usage
 - Little Rock could have greater than \$1 million annual savings
 - Need to pursue this aspect further and amend the spreadsheet with more specific data
- Individual facility initiatives have financial incentives available via CLEAResult
 - No update
- Resurrect the District Energy System for downtown
 - Currently on hold, due to other potential initiatives and the long-term nature
- Reducing energy demand
 - Reducing consumption and demand in a cost effective manner
- Potential for financing for energy projects
 - PC project financing, tax credits, Historic Preservation Grants
- Energy Star portfolio management
 - No update

Fleet Carbon Reduction

- We will invite the City of Little Rock's Fleet Manager to meeting at a later date
- Tax credits may be possible for fleet carbon reduction

Port Authority shingle pile

- No update

Membership review

- Grant Duensing will be Chair effective 1/1/19

Little Rock Sustainability Assessment

- Robert to send out the 2009 Sustainability Assessment to the Committee

Meeting times

- 3:30 pm, at Diamond Bear, the first Tuesday of the month
