## **INTRODUCTION**

The policies and procedures in this manual were promulgated by the Director of Human Resources and approved by the City Manager of the City of Little Rock.

This document supersedes all previous policies concerning salary administration and compensation practices for full-time employees of the City of Little Rock. These policies and procedures shall be considered subordinate where in conflict with current negotiated agreements. Policies and procedures may vary among union and non-union employee groups.

These policies will be reviewed on an ongoing basis by the Classification and Compensation Division and necessary changes will be addressed. Modifications may occur due to changes in the economy, labor market, and the City's financial position. These modifications may include, for example, changing grades to and from ACES grades and Special Pay Line grades to address market compatibility and other issues. This document shall be controlling unless superseded by written directions of the Director of Human Resources.

Exceptions regarding these policies must be approved in writing by the City Manager. It is each Department Director's responsibility to ensure that money is available within his organization's budget to fund salary adjustments, if any, throughout the year.

This manual provides a practical guide for understanding and discussing the City's compensation program. It answers questions which frequently arise. Staff in the Classification and Compensation Division are available to provide clarification and assistance upon request.

This manual should be utilized to ensure the uniformity and consistency of policy applications, and to promote fairness and equity to all City employees. It is of the utmost importance that supervisors be knowledgeable of the philosophy as well as the policies and procedures that govern administration of the compensation program.

999	Designates classifications for which no grade is assigned.				

## **COMPENSATION OBJECTIVES**

The City of Little Rock administers a compensation program with the following objectives:

- to provide salary ranges that are fair and internally equitable;
- to provide salary ranges that are externally competitive with relevant labor markets;
- to ensure compliance with federal and state regulatory guidelines;
- to review classifications on a timely schedule; and
- to ensure administration of the compensation program on a fair and consistent basis.

Specific exceptions to these policies must be approved in writing by the City Manager.

## **NEW HIRES**

### **A. NON-UNIFORMED CLASSIFICATIONS**

The minimum of the salary range is considered to be an internally equitable and externally competitive salary for a new employee who meets the minimum qualifications required for the classification.

Department Directors should ensure that internal equity exists in the salary structure before a salary is offered to an applicant. In the event an inequity exists, the Director of Human Resources will have the discretion to approve salary adjustments up to mid-point of the salary range; salaries that require adjustment over mid-point of the salary range will require the City Manager's approval. An employee who believes a salary inequity exists in his/her division may request a review of the salary structure by the Director of Human Resources.

No employee will be hired below the minimum of the salary range of the classification.

Notwithstanding the above, Department Directors shall have the discretion to approve a new hire salary rate up to the mid-point of the salary range of the grade based on the employee's qualifications. Any salary recommendation in excess of the midpoint of the range will require the City Manager's written approval prior to the salary offer. The Department of Human Resources will not process a new hire without documentation of that approval.

### **B. UNIFORMED, UNION-ELIGIBLE CLASSIFICATIONS**

New hires shall begin at the minimum of the salary range of the appropriate grade.

## **SALARY PROGRESSION**

The effective date of annual salary increases will be determined by the City Manager.

Such increases are separate from other salary adjustments, including career ladder, equity, promotional, reclassification, or other adjustments.

Salary increase amounts are determined by the City Manager and respective Department Directors, unless otherwise negotiated.

### **A. NON-UNION ELIGIBLE CLASSIFICATIONS**

If applicable, newly-hired employees will be eligible for the normal merit increase at the completion of the first year of service. If the employee completes the first year of service on or before December 31, the employee will be eligible for both the one year anniversary increase and the merit increase for the subsequent year, regardless of whether the one year of service is completed before the actual effective date of the increases for the subsequent year. (EXAMPLE: An employee with a hire date of December 31 will be eligible for both the one year anniversary increase effective December 31, and the merit increase for the following year which has an effective date of December 15.)

Salary increase effective dates for non-uniformed non-union eligible employees moving into non-uniform non-union eligible positions will be as outlined above.

Based upon the discretion of the Department Director, a newly hired or promoted employee may be eligible to receive a salary increase upon completion of the six-month probationary period. The granting of such increase up to five percent (5%) will require the approval of the Director of Human Resources; increases of more than five percent (5%) will require the approval of the City Manager. Future merit increases will be in accordance with the normal merit increase cycle for a newly hired or promoted employee.

All other salary progression shall be based upon performance or as authorized by the City Manager.

### **B. NON-UNIFORMED, UNION-ELIGIBLE CLASSIFICATIONS**

Salary progression shall be based on negotiated increases.

### **C. UNIFORMED, UNION-ELIGIBLE CLASSIFICATIONS**

Salary progression shall be based on negotiated increases.

# PROMOTIONS

## A. TYPES OF PROMOTIONS

When moving within NON-UNIFORMED classifications, it shall be considered a promotion if the maximum of the range of the employee's new grade is greater than the maximum of the range of his current grade.

When moving within UNIFORMED POLICE OR FIRE classification systems respectively, it shall be considered a promotion if the employee moves to a higher rank.

When moving from a UNIFORMED classification to a NON-UNIFORMED classification or vice-versa; or when moving from a UNIFORMED POLICE classification to a UNIFORMED FIRE classification or vice-versa, it shall not be considered a promotion. New hire salary procedures shall apply.

Movement between classifications with the same grade, same maximum of the range of the grade, or same title shall be considered a Lateral Transfer.

## B. AMOUNT OF PROMOTIONAL INCREASES

The amount of promotional increase for any uniform position not covered by an agreement with a recognized employee group is subject to review and evaluation on an annual basis.

In no instance shall an employee be paid below the minimum of the salary range of the classification.

### 1. UNIFORMED, UNION-ELIGIBLE EMPLOYEES (Moving Within Union-Eligible Classifications)

Upon promotion, an employee's salary will be increased to the minimum of the new grade salary range.

### 2. POLICE SERGEANT PROMOTING TO POLICE LIEUTENANT

An employee who is promoted shall receive the lesser of either:

- a. a ten percent (10%) promotional increase
- OR
- b. the lowest level salary of any employee currently within the Police Lieutenant rank.

### 3. POLICE LIEUTENANT PROMOTING TO POLICE CAPTAIN

An employee who is promoted shall receive the lesser of either:

- a. a ten percent (10%) promotional increase
- OR
- c. the lowest-level salary of any employee currently within the Police Captain rank.

**4. POLICE CAPTAIN OR POLICE LIEUTENANT PROMOTING TO ASSISTANT POLICE CHIEF**

An employee who is promoted shall receive the lesser of either:

- a. a ten percent (10%) promotional increase
- OR
- b. the lowest-level salary of any employee currently within the Assistant Police Chief rank.

**5. FIRE CAPTAIN PROMOTING TO BATTALION CHIEF**

An employee who is promoted shall receive the lesser of either:

- a. twelve percent (12%) promotional increase
- OR
- b. lowest-level salary of any employee currently within the Battalion Chief rank.

**6. PROMOTIONAL INCREASES FOR ALL OTHER EMPLOYEES**

Department Directors shall consider internal equity considerations when offering promotional increases. In no instance will a promotional increase be granted which does not maintain internal equity.

In no instance shall an employee who is promoted receive a salary rate below the minimum of the salary range of the new classification.

While a normal general rule for a promotional increase is approximately ten percent (10%), Department Directors shall have the discretion to approve a promotional salary rate up to the midpoint of the salary range of the new grade. Any salary recommendation in excess of the midpoint of the range will require the City Manager's approval prior to the salary offer.

**7. LIMITATION APPLICABLE TO ALL PROMOTIONAL INCREASES**

If the promotional increase would cause the employee's salary to exceed the maximum of the salary range for the new grade, a lesser percentage increase will be given such that the employee's new salary equals the maximum of the new grade salary range. In no instance shall a promotional increase result in a salary which exceeds the maximum of the salary range of the new grade.

## **DEMOTIONS**

### **A. TYPES OF DEMOTIONS**

When moving within **NON-UNIFORMED** classifications, it shall be considered a demotion if the maximum of the range of the employee's new grade is less than the maximum of the range of the employee's current grade.

When moving within **UNIFORMED POLICE OR FIRE** classification systems respectively, it shall be considered a demotion if the employee moves to a lower rank.

When moving from a **UNIFORMED** classification to a **NON-UNIFORMED** classification or vice versa; or when moving from a **UNIFORMED POLICE** classification to a **UNIFORMED FIRE** classification or vice-versa, it shall not be considered a demotion. New hire salary procedures shall apply.

Movement between classifications with the same grade, same maximum of the range of the grade, or same title shall be considered a Lateral Transfer.

### **B. AMOUNT OF DEMOTION SALARY ADJUSTMENT**

When an employee requests a voluntary demotion to a lower classification, new hire procedures shall apply (see page V-2). Discretion to grant the request for a voluntary demotion lies with the appropriate Department Director.

#### **1. PROBATIONARY EMPLOYEES FOLLOWING A PROMOTION**

The employee's salary will be reduced to that which existed prior to the promotion. Any interim annual salary increases shall apply. This type of demotion will only be allowed when the position the employee was originally promoted from is vacant.

#### **2. NON-PROBATIONARY EMPLOYEES MOVING WITHIN UNIFORMED, UNION-ELIGIBLE POSITIONS**

The employee's salary will be reduced to the maximum of the salary range of the rank into which he was demoted.

#### **3. ALL OTHER EMPLOYEES**

An employee who is demoted as a result of a disciplinary action shall receive the lesser salary of either:

a. ten percent (10%) demotional decrease (to the next lowest step for union eligible)

OR

b. maximum of the salary range of the new grade.

**4. LIMITATION APPLICABLE TO ALL DEMOTION SALARY ADJUSTMENTS**

If the ten percent (10%) demotional decrease would cause the employee's salary to fall below the minimum of the salary range of his new grade, a lesser percentage decrease will be given such that the employee's new salary equals the minimum of the new salary range. In no instance shall a demotional decrease result in a salary which falls below the minimum of the salary range of the new grade.

## **LATERAL TRANSFERS**

### **A. TYPES OF LATERAL TRANSFERS**

When moving within **NON-UNIFORMED** classifications, it shall be considered a lateral transfer if the maximum of the range of the employee's new grade is equal to the maximum of the range of his current grade, or if the new classification and the current classification have the same job title.

### **B. AMOUNT OF LATERAL TRANSFER SALARY ADJUSTMENT**

Lateral transfers do not result in salary adjustments.

## **ALTERNATE RATE**

### **A. DEFINITION**

A regular full-time, non-uniformed employee assigned to work in a position with a higher rate of pay for a period of time which exceeds five (5) consecutive work days, shall receive an alternate rate of pay if both of the following conditions are met:

1. He performs a majority of the duties of the higher classification;
- AND
2. He is held accountable for his performance in the same manner as a newly hired or promoted employee in the higher classification.

Alternate rate status shall not exceed thirty (30) consecutive calendar days without written approval by the City Manager. After the initial thirty (30) calendar day period, continuation of the alternate rate assignment must be approved in writing by the City Manager every thirty (30) calendar day period.

An employee's anniversary date shall not change as a result of an alternate rate assignment.

While in alternate rate status in an overtime-eligible position, any time worked in excess of the forty (40) hours regularly scheduled workweek, as specified in this manual and current agreements, shall be paid at time and one-half the alternate rate amount.

### **B. AMOUNT OF ALTERNATE RATE SALARY ADJUSTMENT**

#### **1. NON-UNIFORMED, UNION-ELIGIBLE EMPLOYEES**

An employee placed in alternate rate status shall receive a five percent (5%) salary adjustment for the duration of the alternate rate assignment retroactive to the first work day.

Non-uniform union eligible employees assigned to work in a non-uniform non-union position shall receive alternate rate as outlined in the non-uniformed non-union section.

#### **2. NON-UNIFORMED, NON-UNION ELIGIBLE EMPLOYEES**

An employee placed in alternate rate status shall receive:

- a. Five percent (5%) salary adjustment for the initial thirty (30) calendar day period in alternate rate status.
- b. Beginning the thirty-first (31st) consecutive calendar day in alternate rate status, the employee shall receive the greater of an additional five percent (5%) salary adjustment, OR the minimum of the salary range of the higher classification. This adjustment shall be effective for the duration of the alternate rate assignment.

## **ALTERNATE RATE**

### **3. DEPARTMENT DIRECTOR (S) and MID-MANAGER (S)**

Alternate rate will not be paid for Department Director or Mid-manager positions unless there is a vacancy, or specific approval is received from the City Manager.

An employee placed in alternate rate shall receive an amount determined by the City Manager.

## **SPECIAL DUTY ASSIGNMENT PAY**

The City of Little Rock recognizes that in exceptional and limited situations, employees who are exempt from the overtime provisions of the federal Fair Labor Standards Act (FLSA exempt employees) may be required to work significantly longer work hours or work weeks than normally are required. This policy is designed to treat such situations equitably and to recognize the work, commitment, and dedication of employees who put in those extended hours. FLSA exempt employees generally are expected to work at least forty (40) hours each week and as many hours as necessary to complete their jobs. This policy does not change these expectations. Rather, it recognizes the existence of exceptional circumstances in which FLSA exempt employees are required to work beyond the forty (40) hour or fifty-six (56) hour workweek. This policy is applicable to all employees in the classifications of Battalion Chief and Police Lieutenant.

### **A. DEFINITION**

Special Duty Assignment pay is payment reflective of the overtime rate (this rate will be established by the Department of Human Resources each year) or compensatory time at straight-time (hour for hour) to specific employees in the classifications of Battalion Chief and Police Lieutenant designated by the respective Department Director who are required to work non-scheduled work time beyond the forty (40) hour or fifty-six (56) hour workweek in any of the following circumstances:

1. Employee is called back/called out to work.
2. Employee is required to work a minimum of three (3) additional hours per scheduled work shift.
3. Employee is scheduled to appear in court for work related cases during unscheduled work shift.
4. Temporary high priority project assignments with mandatory deadlines.

### **B. GUIDELINES**

1. Both the employee and supervisor shall discuss in advance, where applicable the need for usually longer work hours or workweek. The supervisor will determine what work shall be governed by this policy and document all hours worked beyond forty (40) hour or fifty-six (56) hour workweek.
2. Attendance at routine/required meetings or holdover time during non-scheduled work shifts will not be eligible for Special Duty Assignment Pay.
3. In no instance shall an employee be eligible for Special Duty Assignment Pay, unless given special approval by the Department Director or designee.
4. The request must be pre-approved and submitted in writing, in instances where applicable prior to the work being performed.

**C. AMOUNT OF SPECIAL DUTY ASSIGNMENT PAY**

All approved time worked in excess of the 40-hour workweek or 56-hour workweek will be paid at a rate of pay reflective of the overtime or may receive compensatory time at straight time (hour for hour) if approved by the Department Director or designee. This rate will be established by the Human Resources Department each year.

The pay code for special duty assignment pay, for the hours worked shall be entered into the payroll/personnel system by the respective department timekeeper, upon receiving written authorization from the respective Department Director or designee.

## **BUMPING**

An employee exercising bumping rights will be compensated according to equity in the new grade he is bumping into.

## **RECLASSIFICATIONS, UPGRADES, AND DOWNGRADES**

### **A. AMOUNT OF RECLASSIFICATION OR UPGRADE SALARY ADJUSTMENT**

If an employee holds a classification that is reclassified or upgraded to a classification which has a higher maximum salary range than his current classification, his salary will be adjusted as needed to maintain equity among incumbents within the new pay grade.

In no instance shall a salary increase result in a salary which exceeds the maximum of the salary range of the new grade.

### **B. AMOUNT OF RECLASSIFICATION OR DOWNGRADE SALARY ADJUSTMENT**

If an employee holds a classification that is reclassified or downgraded to a classification which has a lower maximum salary range than his current classification, his salary shall be adjusted according to equity in the grade he is going.

## CAREER LADDER PROGRESSIONS

### A. DEFINITION

A career ladder progression is a progression from one classification to another within a designated career path.

The Classification Division of the Department of Human Resources shall maintain a current list of all positions which qualify for career ladder progressions.

### B. AMOUNT OF CAREER LADDER SALARY ADJUSTMENT

When an employee has completed the required period of service in the lower classification, he shall receive an increase equal to the greater of either:

1. five percent (5%) salary increase,
- OR
2. minimum of the salary range of the new classification.

If the five percent (5%) salary increase would cause the employee's salary to exceed the maximum of the salary range of the new grade, a lesser percent increase will be given such that the employee's new salary equals the maximum of the new grade salary range. In no instance shall a salary increase result in a salary which exceeds the maximum of the salary range of the new grade.

The amount of career ladder adjustment, including any raises to minimum of the salary range, will be applied before any other salary adjustments.

### C. LIST OF CAREER LADDER POSITIONS

CLASSIFICATION	GRADE	REQUIREMENT FOR PROGRESSION
Civil Engineer – Engineer Intern (EI)	868	
Civil Engineer I	869	Completion of one (1) year of experience as Civil Engineer – Engineer Intern (EI)
Civil Engineer II	871	Completion of four (4) years of experience as Civil Engineer I plus Professional Engineer (PE) registration

\*Union-Eligible Position

**C. LIST OF CAREER LADDER POSITIONS CONTINUED**

<b>CLASSIFICATION</b>	<b>GRADE</b>	<b>REQUIREMENT FOR PROGRESSION</b>
Printing Technician I*	403	
Printing Technician II*	405	Completion of one (1) year of experience as Printing Technician I
Solid Waste Equipment Operator I*	303	
Solid Waste Equipment Operator II*	304	Completion of one (1) year of experience as Solid Waste Equipment Operator I
Traffic Engineer I	869	
Traffic Engineer II	871	Completion of four (4) years of experience as Traffic Engineer I plus two (2) years of supervisory experience plus Professional Engineer (PE) registration
Traffic Technician I*	407	
Traffic Technician II*	411	Completion of two (2) years of experience as Traffic Technician I

\*Union-Eligible Position

## PAY EQUITY ASSESSMENT POLICY

### A. PURPOSE

The purpose of the Pay Equity Assessment form and policy is to standardize the internal equity review process in determination of salaries for all employee status changes, including hiring, promotion, and reclassification. The form is designed to measure both related and non-related job experience and education.

### B. OVERVIEW

The Pay Equity Assessment form assesses an applicant's skills, knowledges, and abilities in order to determine an appropriate starting salary. Point values are assigned based upon the factors noted for each area of focus, including experience, education, certification/license, and special attributes. The Pay Equity Assessment form allows the City to consider special factors beyond experience and education when determining the appropriate starting salary, such as specialized skills or training.

The Human Resources Department will be responsible for completing all assessment forms for current employees with assistance from the Department, as needed by the Human Resources Department. The Hiring Manager will complete the assessment form for the selected candidate and approved by the Department Director. To be in compliance with the City's current definition of equity, the applicant will then be offered a salary comparable to current employees with the same score or value, with consideration into the placement of the range (See Section H.)

Upon implementation of this policy and procedure, employees will be encouraged to update their education and experience documents in the personnel file maintained by the Human Resources Department and then thereafter after obtainment of additional credentials (e.g., education, certifications, etc.). Employees should update their personnel file by a memorandum to Human Resources detailing the change along with documentation of the credential, i.e., copy of diploma for a degree, certificate of completion, etc., if applicable. Employees will not be prompted to update their information. Applicants will be informed that offer salaries will be based on all experience and education. Before a salary decision is made, both the Department Director or Hiring Manager and Human Resources Director review and approve the information contained in the form. Salaries will be evaluated upon status changes moving forward.

### C. EXPERIENCE

Upon applying for a position, applicants provide a description of their prior work experience, including length of service in each position, job title, and a brief description of the position's role and responsibilities. The hiring manager will determine whether the applicant's experience is directly related to the essential functions of the position being evaluated, subject to approval from Human Resources. The applicant receives points for their experience, based on the following criteria:

- **Non-Related Experience** – .5 points for each month of experience (maximum of 5 points)
- **Related Self-Employment** – 1 point for each month of experience
- **Related Experience** – 1.5 points for each month of experience

- **Related Experience in a City of Little Rock position** – 2 points for each month of experience

The applicant receives credit for months of experience, which must be expressed in decimal format. The applicant's prior experience (in months) is multiplied by the point value, and divided by 12 (months per year).

For example, an applicant who possesses 5 years and 6 months of related job experience is eligible to receive the following points:

- 5 years and 6 months of experience = 66 (months)
- 66 (months) X 1.5 points (Related Experience) = 99 points
- 99 points divided by 12 (months per year) = **8.25 points**

If the same applicant possesses 5 years and 6 months of non-related job experience, he or she is eligible to receive the following points:

- 5 years and 6 months of experience = 66 (months)
- 66 (months) X .5 points (Related Experience) = 33 points
- 33 points divided by 12 (months per year) = **2.75 points**

This methodology ensures that all applicants receive credit for their prior work experience. Human Resources will use the job description to determine whether an applicant's experience is directly related to the position versus non-related. The City values directly related experience and prior City employment above non-related experience and self-employment. However, the applicant will still receive credit for non-related experience and self-employment.

The point value for related self-employment will be processed at one (1) point per year of self-employment. This value is adjusted to take into account that the applicant's experience may vary according to customer needs, instead of being dictated by the employer. The applicant's experience may not transfer directly to the experience sought, and it may not be possible to determine the type of work that the applicant performed. The applicant's self-employment experience is not documented but subject to customer requests. If applicable, skills obtained during this term may be documented under Special Attributes for additional points.

Other Experience Categories:

- **Volunteer experience:** In the measurement for pay, volunteer experience will not be assessed. This experience may be considered during the selection process but not for pay equity. However, if special skills were obtained while they were volunteering, the skills may still be considered in the special attributes section.
- **Experience before Age 18:** Job experience before the age of 18 or high school graduation will not be considered for pay equity purposes. However, if special skills were obtained while they were employed before age 18 the skills may still be considered in the special attributes section.
- **Secondary Jobs:** Experience that an applicant/employee obtains will not be considered for pay equity. It may be considered during the selection process. This includes any other "moonlighting" jobs. However, if special skills were obtained during this time the skills may still be considered in the special attributes section. Should a candidate work two jobs at the same time, the employee will be given credit for the highest value job.

## Defining Job Related Components

When a hiring manager is taking into consideration whether education or experience is related, they should first consult the job description. Under Minimum Qualifications education and experience are identified. If a manager considers employment or education related for equity purposes, then that information should be appropriate to include on the job description for future use and will be added.

### D. EDUCATION

Upon applying for a position, applicants indicate their level highest level of education. Applicants receive points for each level of education attained, plus additional points if the degree is related to the essential functions of the job (no partial credit given for hours only).

- **Associate's Degree** – 1 point, plus 1 point if related to job (2 point maximum)
- **Bachelor's Degree** – 2 points, plus 2 points if related to job (4 point maximum) for a four year program. If the degree was obtained in two years following the obtainment of an Associate's degree, the points for the Associates will not be counted.
- **Master's Degree** – 1 point, plus 1 point if related to job (2 point maximum)
- **Doctoral Degree** – 1 point, plus 1 point if related to job (2 point maximum)

For example, an applicant who possesses a Bachelor's degree in a related subject is eligible to receive the following points:

- 2 points (Bachelor's degree) + 2 points (related subject area) = **4 points**

An applicant who possesses a Bachelor's degree in a non-related subject and a Master's degree is in a related subject is eligible to receive the following points:

- 2 points (Bachelor's degree) = 2 points
- 1 points (Master's degree) + 1 point (related subject area) = 2 points
- Total points awarded = **4 points**

Similar to the methodology for awarding experience, this procedure ensures that all applicants receive acknowledgement for their level of education, with additional points awarded for job related education.

### E. CERTIFICATIONS AND LICENSES

In this section, the applicant receives points for various certification or licensure related to the position. Each certificate or license obtained by the applicant has a corresponding point value. A sample of certificates or licenses is shown below, including a brief summary of the requirements and point value. The Human Resources Department will develop a library of certifications and the assigned point value. Certificates that are given for attendance alone will not be given credit, along with continuing education certifications to maintain the certification. Certificates that are required for a different compensation policy will not be awarded value for equity.

- Certified Public Accountant (CPA) – Knowledge Based Exam worth 1 point

- HRCI/SHRM Certification – Knowledge Based Exam worth 1 point
- IPMA-HR Certification – Knowledge Based Exam worth 1 point

## **F. SPECIAL ATTRIBUTES**

The Special Attributes section of the Pay Equity Assessment form awards points for special skills or circumstances, which may impact the applicant’s salary. This section notes four (4) special circumstances:

- Applicant brings expertise that will require little learning/education by the department (up to 3 points)
- Applicant has special skills which are scarce or in high demand, making the position difficult to fill (up to 3 points)
- Applicant has skills which are not required to do the essential functions of the position but are beneficial to have regardless (up to 3 points)
- Merit/Raise score was reduced or not given, which impacts the employee’s movement in the salary range (up to 3 negative points)
- Disciplinary Termination – a candidate who was hired by the City then terminated by Disciplinary but rehired, will not return to the same position at the same salary that they were at, or would have been. A negative value will be assigned (up to 3 negative points).

Each special circumstance requires an explanation of the reasoning behind the request, except for expertise that requires little learning or education by the department.

## **G. RELEVANT GROUPS FOR COMPARISON**

Salary determinations will be based upon the pay grade of the Department for that particular employee group. At this time AFSCME eligible employees will not be compared with non-union non-uniform employees. For the Public Works Department, Public Works Operations, Solid Waste and Traffic Engineering will only be compared against their own divisions and not department wide. The salary a Supervisor earns will not be considered as a factor since there could be multiple reasons for a subordinate to make a higher salary than their supervisor.

## **H. PLACEMENT IN RANGE**

All effort should be made to provide salary differential between employees of varying education and experience. While placing two employees at the same amount with different values of education and experience does not violate the City’s equity policy, it does not provide recognition for more experienced/educated employees. It also can interfere with the placement of other employees with education and experience resulting in multiple employees earning the same salary with a large variance of experience and education.

In grades that contain both exempt and non-exempt employees, exempt employees can have an annual salary higher than non-exempt employee in an amount that is comparable to a minimum of two (2) hours of overtime pay annually.

## APPENDIX

### DEFINITIONS

**ADDITIONAL COMPENSABLE ELEMENTS (ACES)** - Relatively enduring characteristic of jobs which may justify differential compensation. ACES usually derive from the physical, temporal or perceptual conditions under which work must be done (context). ACES are measured as the job is expected to be performed by a qualified incumbent. It is assumed that all appropriate action necessary to eliminate or minimize undesirable conditions has been taken; with remains is unavoidable.

**ADMINISTRATIVE REALIGNMENT** - An adjustment of position(s) or duties within an organization to achieve better distribution of job tasks and responsibilities.

**ANNIVERSARY DATE** – The effective date of appointment, promotion, reclassification, or demotions.

**AT-WILL** – Incumbents serving in positions designated as at-will can have their employment terminated at any time, for any reason and do not have the ability to appeal the termination through the administrative review process and cannot avail themselves to the bumping or recall processes.

**BUMPING** – The process by which an employee designated for permanent layoff displaces a less senior employee in accordance with applicable policies and procedures.

**CLASSIFICATION** – The assignment or grouping of positions regardless of location, that are similar enough in duties and responsibilities to be given the same title, pay grade, and require substantially the same qualifications.

**DEMOTION** – The movement of a regular full-time employee to a classification which has a lower grade level than the classification the employee currently holds.

**DOWNGRADE** – Reduction of a position from a higher pay grade to a lower pay grade due to internal and external equity considerations.

**EMPLOYEE PERFORMANCE APPRAISAL SYSTEM (EPAS)** - A system of behavioral standards to measure individual performance and achievement of goals.

**HR-2A FOR- CLASSIFICATION REVIEW REQUEST** - This forms is used by Department Directors or incumbents via the chain of command, to review of the classification of a position.

**INEQUITY**- A less-experienced employee who earns a higher salary than a more experienced employee within the same Department. Internal equity adjustments are required where a hiring decision was made that results in an individual being hired with less experience than current employees, OR when, over time, there is some shifting of salaries which results in internal equity.

**LATERAL TRANSFER** – The movement of a regular full-time employee to a classification that has the same grade, the same maximum of the range of the grade, or the same title as the classification the employee currently holds. The criteria for this movement do not meet the promotion to demotion requirements.

**MAXIMUM** – The highest rate of pay in a particular salary range.

## APPENDIX

### DEFINITIONS CONTINUED

**MIDPOINT** – The salary that is halfway between the minimum and the maximum of a salary range.

**MINIMUM** - The lowest rate of pay in a particular salary range.

**PAY GRADE** - A grouping of jobs with the same or similar organizational value for compensation purposes. In the City's system, a three (3) digit numerical code indicates the pay grade.

**PROBATIONARY PERIOD** - The period of time immediately following an employee's date of hire, promotion, or demotion, in which his performance is closely monitored to determine whether or not the employee will be granted regular status. Unless specified by policy to be otherwise, probation shall be six months.

**PROMOTION** - A competitive process by which a regular full-time employee moves to a classification which has a higher grade level than the classification the employee currently holds.

**RECLASSIFICATION** - A change in classification or pay grade of a position due to a change in duties and responsibilities.

**REDLINED RATE** - A salary rate that exceeds the salary range maximum.

**REGULAR BASE PAY GRADE** – The pay grade assigned to a job classification based on the evaluation (versus ACES or Special Pay Line grades).

**SPECIAL PAY LINE** - A salary range which takes the labor market into account. Some classifications which require unique, “hard to find” skills, exist in a highly competitive labor market or are under other circumstances where the market does not supply the demand, may be placed in a Special Pay Line category at the discretion of the Director of Human Resources. As market conditions or other factors dictate, such classifications may be reviewed and returned to their previous corresponding regular base pay grade, at the discretion of the Director of Human Resources.

**STATUS CHANGE FORM** – This form is used to document salary adjustments, promotions, demotions, transfers, terminations, or any other personnel action. Individual departments will initiate this form for all other personnel actions after the initial employment.

**UNIFORMED POSITIONS** - Ranking positions in the Fire and Police Departments.

**UPGRADE** - Progression from a lower pay grade to a higher pay grade due to internal or external equity considerations.
