INSTRUCTIONS FOR MAKING APPLICATION
FOR A
ZONING VARIANCE (SIGNS)

1. The owner or his authorized agent is required to file the application in the Department of Planning and Development, 723 West Markham, Little Rock, Arkansas; 371-4790. The following documents are to be submitted at the time of filing.

   a)  Six (6) copies of a recent survey, certified by a registered land surveyor or professional engineer, which shows all existing and proposed improvements properly dimensioned and labeled (if available).

   b)  A cover letter detailing the applicant’s proposal and providing his justification and reasons for requesting a variance from the requirements of the Zoning Ordinance. Said letter shall be in sufficient detail so that the Board of Adjustment can determine whether a variance is necessary or warranted.

   Possible justifications for seeking a variance might include excessive slopes, internal structural configurations, major natural features to be preserved or unusual lot configurations. Usually economic reasons are not sufficient justification for waiving sign requirements.

   c)  Graphic information depicting the size, height, area and location of the proposed signage (with dimensions).

2. Payment of a filing fee is required no later than the published docket closing date. Said fees are established by the City’s adopted Fee Ordinance.

3. Upon application to the City, the applicant is given a notice form which is to be circulated by the applicant among abutting property owners. Notice shall consist of hand carried notice to abutting properties providing proof of notice by obtaining the signatures of those notified. Said notice must be given to owners of properties abutting and across any public right-of-way from the subject property and be accomplished at least ten (10) days prior to the meeting date. Said notice information should be delivered to the Department of Planning and Development not later than six (6) days prior to the meeting date.

4. The applicant is given a sign indicating that the posted property is being considered for a zoning (sign) variance, which must be posted in a location on the property which is visible from the street. This, too, should be posted at least ten (10) days in advance of the meeting.

5. The applicant or his representative must be present at the meeting at which the request is to be considered and be prepared to respond to questions from the Board of Adjustment concerning the request for variance. Failure to do so will result in automatic deferral of the request or possible withdrawal of the item from the agenda.
