I understand that the information provided to me has been provided in good faith and is based upon descriptive information I provided. I understand that new stolen property and wanted person records are constantly being entered into the ACIC/NCIC systems. The fact that a person or item of property is not in the ACIC/NCIC databases does not necessarily mean that the person is not wanted or the property is not stolen. I understand that false information entered on this request for ACIC Hot File Information may constitute violations of Federal and State Criminal Laws.
