Meeting Outline

PART 1:
The online meeting will start at 5:30 PM and begin with introductions of the city staff and consultants working on the project. The meeting moderator will ask any unidentified participants to identify themselves as they log-in.

PART 2:
City staff will provide an overview of the project using the project plans which will be viewable to all that log-in online.

PART 3:
The meeting moderator will invite questions and comments from the attendees. Questions or comments will be heard one at a time and staff and/or consultants will respond verbally.

PART 4:
The link to the online comment form on the littlerock.gov website will be shown and all participants will be invited to submit their written comments or questions to be made part of the permanent project record.
